Mission and Values

Mission
Lubbock Christian University is a Christ-centered, academic community of learners, transforming the hearts, minds, and hands of students for lives of purpose and service.

Values
We seek to be authentically Christian, guided by our Christian faith in every dimension of our life as a community of higher learning.

- We are committed to students, passionately seeking to provide a transformative educational experience.
- We are scholars and co-discoverers, guided by Christian wisdom while diligently seeking the truth in every discipline.
- We are a welcoming community, embodying a spirit of hospitality in every aspect of our life together.
- We are thoughtfully engaged, committed to serving as agents, models, and witnesses of the Kingdom of God in our families, churches, and communities.
- We pursue the highest standards of excellence, “working with all our hearts, as working for the Lord,” and seeking to glorify God in everything we do.
- We act with integrity, seeking to discern right from wrong, sharing the truth, and keeping our commitments.

- Counseling
- Family Ministry
- Human Services
- Leadership
- Nursing
- School Counseling

Certification Programs

- Educational Diagnostics Certification
- Secondary Education Certification
- Special Education Certification
- Principal Certification
- Superintendent Certification
**Undergraduate Admission Standards**

Lubbock Christian University is open to all persons regardless of race, color, gender, age, religion, national origin, or disabled condition who are otherwise eligible for admission as students. To be considered for admission to distance education programs, the university must have prior state authorization to enroll students in the applicant state of residence. The university may exercise due diligence and deny admission to otherwise qualified individuals who have a history that indicates their presence might endanger members of the university community. In all university educational programs and activities, students are treated without discrimination in their participation. To be considered for admission, an application for admission must be completed and submitted with payment of the non-refundable $25 application fee. Beginning freshmen and transfer students must apply by June 1st for summer or fall entry and December 1st for spring entry. Applications received after the deadline will be considered if space allows. Admitted freshmen must confirm their intention to enroll by remitting a non-refundable $200 tuition advance, which will be applied to their initial tuition bill. Deadlines for remittance of the tuition advance are June 1st for summer or fall entry, December 1st for spring entry, or prior to registration, whichever comes first. Students accepted after the deadline must remit the tuition advance within two weeks of the date of the acceptance letter or prior to registration, whichever comes first. State law requires the meningitis vaccine for students, which must be received at least 10 days before but not more than 5 years before the first day of class. Students 22 or older by the first day of class are exempt from meningitis vaccine requirement. See www.lcu.edu/meningitis for more information. Documents establishing eligibility for admission must be official. Further information can be obtained by calling 1-806-720-7151 or 1-800-933-7601. The Admissions FAX number is 1-806-7-0-7162. The undergraduate admissions e-mail address is admissions@lcu.edu.

**Unconditional Admission**

Beginning freshmen

- Composite score of 18 or higher on the ACT or a total score of 860 or higher on the SAT critical reading and math sections
- Graduated from an accredited high school, completed a home school secondary curriculum, or passed the General Education Development (GED) with a minimum average score of 45 or higher

Transfers with 15 or fewer hours of credit

- Composite score of 18 or higher on the ACT or a total score of 860 or higher on the SAT critical reading and math sections
- Graduated from an accredited high school, completed a home school secondary curriculum, or passed the GED with a minimum average of 45
- 2.00 or higher GPA for hours attempted

Transfers with 16 or more hours of credit

- 2.00 or higher GPA for 0-89 hours attempted
- 2.25 or higher GPA for 90+ hours attempted

Online Degree Completion Programs

- Official transcripts providing evidence of at least 60 transferable academic credits
- Completion of ENG 1301 and 1302 or equivalent
- 2.1 or higher GPA for 60-89 hours
2.25 or higher GPA for 90+ hours attempted
- Essay describing personal career goals and interest in the university
- Resume

**Conditional Admission**

Applicants whose academic records do not meet the standards for Unconditional Admission may be admitted to the university under the following circumstances.

- Freshmen who scored between 16 and 17 on the ACT or 760-850 on the combined score for critical reading and math on the SAT.
- Transfer students with 15 or fewer hours of credit from an accredited college or university who scored between 16 and 17 on the ACT or 760-850 on the combined score of critical reading and math on the SAT.

Stipulations applying to the conditionally admitted students during the first semester of enrollment are as follows.

- Enroll in no more than 14 semester hours
- Must meet with their academic advisor at least twice during the semester
- Conditions such as tutoring or other supplemental measures may be added by academic advisor

Violation of stipulations is cause for dismissal. Students admitted conditionally will be removed from academic restrictions by achieving the cumulative grade point average required for good academic standing.

**Special Admission**

Applicants not meeting standards for unconditional admission may appeal, in writing, for special admission. Applicants admitted on appeal are admitted on academic probation. Terms of probation will be determined by admissions appeal committee.

**Readmission**

Students who withdraw from the university or are not enrolled for one full semester, must submit a new application for admission, a new health form, and a transcript from each school attended in the interim. Students who were suspended for academic deficiency may apply for readmission to the university after one long semester.

**Temporary Admission**

Students who are not seeking a degree may be admitted with a temporary status, but they are limited to nine hours of undergraduate work during an enrollment period. The student will be allowed to complete up to 12 hours of undergraduate work unless they are seeking a degree at another university. When students reach this 12 hour limit, they must apply for unconditional admission. Students applying for temporary admission must re-apply for each enrollment period.

**Concurrent Admission**

The university has an agreement with Texas Tech University and with South Plains College that allows students enrolled in one institution to register concurrently in the other institution. Freshmen cannot concurrently register without permission from the appropriate academic dean. Texas Tech or South
Plains College students seeking a concurrent course at the university must apply through the admissions office. Students seeking concurrent enrollment at another institution must give prior notification to the registrar before applying.

**International Student Admission**

This school is authorized under federal law to enroll international students. The following items must be submitted to the admissions office before the university can issue an I-20 to international students.

- Completed application for admission
- Recent photograph
- Copy of passport
- Completed health form
- Immunization Record demonstrating required immunizations
- Transcripts—an international student must have an official English translation of transcripts for secondary school and university/college courses completed. Note: a student who has completed college level work in a foreign country is required to submit an academic evaluation done by a reputable educational consulting service. The admissions office will be glad to provide the necessary contact information upon request.
- Application Fee—nonrefundable fee of $25
- Prepayment—each student must pay a $200 non-refundable tuition advance prior to registering for classes and make final payment for the first semester tuition, fees, room, and board by the 10th day of classes. Payment should be made to the student account advisor in the Business Office.
- Verification of Source of Support: Satisfactory evidence of financial resources must be established, which includes a financial statement for the last six months and an affidavit of support.
- TOEFL English Language Test—minimum composite score of 525 on the written version or a 71 on the internet-based test must be achieved for admission. A score of 5.5 or higher on the IELTS will be accepted in place of the TOEFL.
- Signed F-1 Status Contract
- Statement of Purpose—a personal essay describing their career goals and why they want to study at the university.
- Professional Recommendation—recommendation should come from a high school or college teacher or counselor
- Personal Recommendation—recommendation should come from a minister or some other professional who is well acquainted with the applicant.
- International students without previous college work will be required to take the ACT or SAT exam. International students may be required to take English and math placement tests prior to registration to determine placement in those courses. International students assume complete responsibility for their health care expenses. Students are considered to be maintaining status if they are making acceptable progress toward the completion of a degree.

**International Students from English Speaking Countries**

English-speaking applicants from native English-speaking countries, including Australia, New Zealand, South Africa, the British Caribbean Islands, Canada, Ireland, Israel, the United Kingdom, and Kenya are not required to submit TOEFL or IELTS scores. The TOEFL or IELTS requirement will be waived for students scoring 430 or above on the SAT Critical Reading test or 18 or above on the ACT English test.
Cooperative Program with Lubbock Christian High School
High school students at Lubbock Christian High School may earn up to 20 semester hours of college credit at the university. For more information about this program and the courses being offered, students should contact the School Counselor, Lubbock Christian High School, 2604 Dover Ave., Lubbock, Texas, 79407, 806-796-8700.
**Advanced Credit Policy**

**Advanced Credit Using the ACT**
The university will award college credit for an ACT score of 28 or higher in English or Mathematics.

**Advanced Credit Using the SAT**
The university will award college credit for an SAT score of 670 or higher in Critical Reading or Mathematics.

**Other Tests for Advanced Credit**
Students may contact the director of testing to obtain further information regarding these tests:

- **Advanced Placement (AP)–Examinations.** Students who are enrolled in high school honors classes offering the advanced placement program should consult with their counselors about registering for advanced placement examinations given in May each year. The university will award college credit for a minimum score of 3 on most AP exams.
- **College Level Examination Program (CLEP)–The testing office offers CLEP testing by appointment each semester.** Students may also take CLEP tests at any other testing center and request their scores be sent to the university.
- **End of Course (EOC) Examinations–Students who possess sufficient knowledge in an academic area and wish to challenge a course for credit should contact the director of testing for information.** Students may not take a challenge exam in a course that is creditable by CLEP. The university reserves the right to determine which courses may be challenged. Prerequisites for the course to be challenged must be met before testing will be approved. Regulations on credit by examination apply to end-of-course examinations.
- **DSST–Organizational management and leadership majors may obtain credit by taking the DSST tests relating to the work experiences that they have had.**
- **Armed Forces Credit–The university will grant credit for appropriate educational experience in the armed services as approved through the American Council for Education (ACE).**

**Applicability of Advanced Credit to Degree Program**
Students should consult with the appropriate department chair or dean about the applicability of CBE credits to their graduation requirements before taking the seeking credit.

**Miscellaneous Information on Advanced Credit**
- The cost for each CLEP exam is $80 plus an administrative fee of $40.
- The cost for each end-of-course exam is $280.
- The cost for each DSST exam is $80 plus an administrative fee of $40.
- The maximum credit toward graduation that may be earned through CBE is 45 semester hours. The university reserves the right to evaluate tests for duplication and to define which courses are subject to CBE, the specific score required, and the credit awarded.
- Course credit by examination may not be used to satisfy the residence requirement for a bachelor's degree.
- Credit earned by CBE is marked TR on the transcript and will not count toward the computation of grade point averages. The university cannot guarantee the transferability of any credit granted through CBE, although the university follows the normal practice of most colleges in granting such credit.
• Students must wait three months or longer before repeating advance credit examinations.
• CBE will not be granted if the course is a prerequisite or is not as academically advanced as a course already completed.
• CBE will not be granted if students were enrolled on or beyond the 13th university class day of a long semester or on or beyond the 4th university class day of a short semester in the course in which they are attempting to earn credit by examination.
• CBE will not be granted if students have previously taken the course or subject matter at any college.

Minimum Scores Required to Earn Advanced Credit
ACT–American College Testing Program–Exam is taken prior to admission to the university. Official scores from ACT are required to award credit.

Graduate Admission Standards

Application Process
Applications for admission to Graduate Studies at the university are available on the university web site at www.lcu.edu, in the Graduate Studies office, or in each office housing a graduate program. For all programs except the Master of Science in Nursing, Family Nurse Practitioner track (MSN-FNP), applications for admission should be completed 30 days prior to the beginning of the desired enrollment period to ensure adequate time for consideration of each application. Applications received after this time will be processed as time and space allow. Admission to the MSN-FNP track is limited and applications are only accepted from August 1 to January 15. State law requires the meningitis vaccine for students, which must be received at least 10 days before but not more than 5 years before the first day of class. Students 22 years or older by the first day of class or students enrolled only in online courses are exempt. See www.lcu.edu/meningitis for more information.

After applications are processed and required documents are received, the applicants will be notified of their admission status. Applicants are not accepted until an official letter of acceptance is issued. For further information regarding the application process, please contact the Graduate Studies office at 800-933-7601, 806-720-7599, or graduiatestudies@lcu.edu.

Admissions Considerations
- The university is open to all persons regardless of race, color, gender, age, religion, national origin, or disabled condition who are otherwise eligible for admission as students.
- To be considered for admission to distance education programs, the university must have prior state authorization to enroll students from the state of residence.
- The university will exercise due diligence and may deny admission to otherwise qualified individuals who have a history that indicates their presence might endanger members of the university community.

Admission Standards
Students on probation or suspension at other institutions are not eligible for admission. Evidence of grade point averages, degrees, and test scores must be on official transcripts or official score reports. Each applicant must submit an official transcript bearing a baccalaureate degree with a minimum of 120 academic hours from a regionally accredited college or university. Courses taken for the degree must include a minimum of 39 upper-level hours. Hours awarded for life or work experience will not satisfy upper level hour requirement. Vocational courses will not be counted toward the 120 academic hour requirement.

Unconditional Admission
Applicants for graduate programs must also meet the following requirements for unconditional admission.
- GPA of at least 3.0 on a baccalaureate degree or cumulative GPA of at least 3.0 for the last 60 hours of baccalaureate studies. Baccalaureate degrees earned from non-regionally accredited institutions must be evaluated to determine adequacy of preparation. Graduate transfer applicants must have a cumulative GPA of at least 3.0 in twelve or more graduate hours in a discipline relevant to the graduate program for which the applicant is seeking admission.
- Applicants not meeting the above GPA requirements who have at least a 2.75 cumulative GPA in their
baccalaureate studies may request consideration for unconditional admission if an official exam score report is submitted. Applicants must have scored at least 800 on the Graduate Record Examination (GRE) taken before August 1, 2011; 286 on the Revised Graduate Record Examination (GRE) taken after August 1, 2011; or at least 400 on the Miller Analogy Test (MAT). MSN-FNP track will not accept applicants with a cumulative GPA of less than 3.0 for the last 60 hours of baccalaureate studies.

- Favorable letter of reference from professional contact.
- Favorable letter of reference from personal or academic contact.
- Favorable letter of reference from either a Family Nurse Practitioner (FNP) or Physician (for MSN-FNP track only).

Additional program admission requirements:

- Biblical Studies—permission of department.
- Counseling/Clinical Mental Health Counseling—professional resume, additional professional reference, and interview. Criminal background check is necessary for counselor license.
- School Counseling—professional resume, additional professional reference, and interview. Teacher certification and Criminal background check is necessary for licensure as school counselor.
- Education—permission of department.
- Nursing—Education/Leadership track—official transcript from nursing school, evidence of current licensure as a registered nurse, background check.
- Nursing—Family Nurse Practitioner track—official transcript from nursing school; evidence of current Texas licensure as a registered nurse; completion of background check; Bachelor of Science in Nursing (BSN) preferred, 2 years full-time Registered Nurse (RN) work experience; current Basic Life Support (BLS) certification; current Advanced Cardiac Life Support (ACLS) certification; submission of personal essay specifying interest in becoming a family nurse practitioner, long term-career goals, and why admission is sought in this graduate program; submission of professional resume or curriculum vitae; and faculty interview. An application evaluation scale will be used to determine applicants to be interviewed.

Provisional Admission

Applicants for programs who do not meet unconditional admission standards may establish eligibility for provisional admission with a GPA of at least 2.75, two favorable references, and any additional departmental requirements. Applicants admitted provisionally enter the university on academic probation. Completion of 12 graduate hours with a GPA of at least 3.0 will permit the student to continue as an unconditional student. Dropping below the 3.0 GPA during the probationary period will result in automatic suspension from the program. Provisional admission is not available to the MSN-FNP track.

Appeals for Admission

Applicants not meeting either the unconditional or provisional admission standard may submit a letter of appeal to the Graduate Studies office.

Admission for Undergraduate Students

LCU undergraduate students who are within 12 hours of earning a baccalaureate degree, and who meet all other unconditional graduate admission requirements, may be permitted to concurrently enroll in undergraduate and graduate coursework as programs permit. Students will be prohibited from enrolling in more than 15 hours of combined graduate and undergraduate hours, and will be limited to
6 graduate hours or less during the long semester. If eligible for financial assistance, the student will only be awarded aid for the undergraduate-level enrollment.

LCU students who are within 12 hours of completing their baccalaureate degree may be conditionally approved for pre-enrollment in an LCU graduate program. Enrollment as a conditional student is limited to 6 graduate hours. Continued enrollment at the graduate level, re-evaluation of academic standing, and eligibility for graduate-level financial aid will be determined only upon successful posting of a baccalaureate degree. Undergraduate students are not eligible for admission to the MSN-FNP track.

**Non-Degree Admission**

Individuals may apply for non-degree seeking status if desiring to transfer earned graduate hours to another institution. Non-degree admission is not available to the MSN-FNP track.

Required documentation will include:

- Application and application fee
- Official transcript(s) showing a bachelor’s degree and any previous graduate work
- Students wishing to transfer graduate hours to another institution must provide a Letter of Good Standing as documentation of enrollment in a university graduate program and the approval of that university to enroll in coursework at LCU.

Students admitted with non-degree seeking status are prohibited from earning more than 12 semester hours at that status, and no more than 12 hours earned in that status can apply towards a degree, if part of the degree plan. Students admitted as non-degree seeking, are not eligible for financial assistance and must reapply for admission each enrollment period.

**Readmission**

Contact the Graduate Studies office.

**Transfer Credit Policy**

Applicants wishing to transfer graduate hours must meet admission requirements, or submit a letter of appeal for admission. Courses submitted for transfer credit must be accepted by the department and evaluated by the registrar. Graduate courses accepted for transfer credit must be of appropriate level and content, and the student must have earned a grade of B or higher. Students wishing to appeal the departmental evaluation may appeal, in writing, to the appropriate dean, whose decision is final. Students may petition the department to accept up to 9 transfer hours for 30 hour master’s degrees, up to 12 transfer hours for 35-37 hour degrees, up to 15 hours for 48-49 hour degrees; up to 18 hours for 60 hours degrees; and up to 33 hours for the 72 hour degree. The MSN-FNP track will not accept transfer credit.

**International Student Admission**

This school is authorized under Federal law to enroll international students on F-1 status. International student immigration policies are governed by the Bureau of Citizenship and Immigration Services of the United States Homeland Security. Federal law governs immigration requirements for applicants who are not citizens of the United States. International applicants must meet general and program admission standards to be admitted. The following additional items must be submitted to the graduate
admissions office at least 60 days before the entry date. The university can issue an I-20 to immigrating international students only when all documents are received. Any costs associated with the application or for delivery of the I-20 are the responsibility of the international applicant.

It is the responsibility of the student to meet and maintain eligibility to be an international student on F-1 status. Immigration regulations change frequently. Students should contact the Designated School Official (DSO) for updates. The following additional items must be submitted to the graduate admissions office before the university can issue an I-20 to immigrating international students:

- $200 tuition deposit
- Copy of passport
- Recent photograph
- Completed health form
- Immunization Record demonstrating required immunizations
- Global evaluation of transcript—official transcripts from institutions outside the United States must be accompanied by official course-by-course English translation of college transcripts showing course titles, grades awarded, degree awarded, and date degrees awarded.
- Verification of source of support
- TOEFL English Language Test—minimum composite score of 525 on the written version, 196 on the computer based test, or 71 on the internet-based test must be achieved for admission. A score of 5.5 or higher on the IELTS will be accepted in place of the TOEFL. See following section regarding TOEFL exemptions.
- Statement of Purpose
- Signed F-1 Status Contract
- Transfer Form—applies to students who have previously studied in the US

International students immigrating to the United States to attend classes must report to the Designated School Official (DSO) in the Graduate Studies office within 15 days of the program start date listed on the I-20.

International students will be required to pay the remainder of the first semester’s balance in full prior to the beginning of classes.

**International Students from English Speaking Countries**

English-speaking applicants from native English-speaking countries, including Australia, New Zealand, South Africa, the British Caribbean Islands, Canada, Ireland, Israel, the United Kingdom, and Kenya are not required to submit TOEFL or IELTS scores.

**International Student Transfers**

International students transferring from another institution must apply for admission, be accepted, and request and receive a transfer in SEVIS from their former institution. Transferring international F-1 status will be issued after the release date of the former institution and students must transfer within 30 days of the release date. Transferring students must begin classes during the semester indicated in the admission letter and within five months from the release date of the prior school.
Full Catalog 3-03-2016

**Undergraduate Academic Policies**

Students are responsible to comply with the academic policies listed in this catalog. Unfamiliarity academic policy does not constitute a valid reason for failure to comply.

---

**Glossary**

- **Semester Hours**—College courses are offered for one, two, three, or four semester hour credits. Traditionally delivered three-hour courses meet three hours per week for one full semester and typically require two hours of study or preparation time for each hour in class. Courses occurring in shorter terms or courses delivered through distance education formats are designed to provide learning opportunities that are equivalent to traditionally delivered courses.
- **Course Load**—Students usually take from 12 to 18 hours during a semester.
- **Full-time/Part-Time**—Undergraduate students enrolled for 12 semester hours or more in a term are considered full-time. Graduate students enrolled for six hours or more in a term are considered full-time.
- **Grade Point Average (GPA)**—GPA is figured by dividing total grade points by the number of hours attempted. Values assigned are, A=4, B=3, C=2, D=1, F=0 points.
- **University Core**—The university core is comprised of courses that are central to the college education.
- **Academic Calendar**—The official calendar that defines the start and end date for each term and communicates significant deadlines.
- **Academic Year**—The academic year is composed of three long terms, fall, spring, and summer. Each term is comprised of sessions of varying lengths, including 16 week traditional length terms and short sessions of varying lengths.

---

**Academic Integrity**

Students must conduct themselves with honor and integrity. Refer to the student handbook code of academic integrity.

---

**Grading**

Final grades are recorded by faculty and available to students at the end of each enrollment period through the student information system. Grades can only be changed by written authorization of the instructor and academic dean. Grade changes must be received in the office of the registrar within one long semester after the initial grade was given.

---

**Grade Appeals**

Students appealing a grade must complete the following.

- First, discuss the grade in question with the instructor of the course
- If the issue is not resolved with the instructor, students may appeal to the chair of the department offering the course
- If there is still no resolution of the problem, students may appeal to the dean of the appropriate college
- Finally, students may appeal to the academic appeals committee

Grade appeals must be in writing and are only accepted within one semester after the grade was assigned. During the appeal, students and faculty will meet with the members of the committee to present their cases. Decisions of the academic appeals committee are final.

---

https://lcu.edu/majors-programs/catalog/full-catalog.typopdf
**Letter Grades**
- A–Excellent, four grade points per hour
- B–Good, three grade points per hour
- C–Average, two grade points per hour
- D–Poor, one grade point per hour

The following designations are calculated at zero grade points per hour
- F–Failure, no credit, given for failure to meet standards for passing the course or for failing to meet university attendance requirements.
- IP–In Progress, given at the discretion of instructors if requested by the student. When an IP is granted, students have the next consecutive term the course. For example, students receiving an IP in the spring, must complete the course before the end of the summer. If the course is not completed within the allotted time, the grade will be changed to F.
- N–Non-credit, indicates a student took a course and completed required work and tests, but requested no credit.
- O–Audit, indicates a student attended the class, but did not participate or complete required work.
- P –Indicates passing credit received without academic grades or grade points. A limited number of elective courses may be annotated with the grade of P.
- TR–Credit accepted from another university and credit by examination.
- W–Indicates a student has withdrawn or been dropped officially during the first 2/3 of the term.

**Audit**
Students may audit one lecture class per term with the approval of the department chair. Courses delivered by distance education formats are not eligible for audit. Non degree seeking students, may audit courses provided the department chair approves and space is available. Auditors may be removed, if the space is needed for a student taking the course for credit. Students who audit a course are not eligible to take the same course for academic credit or seek credit for the same course through credit by exam. Students are not permitted to change a class from audit to credit or from credit to audit after the 11th class day of a semester or the 4th class day of a short term. Audit tuition is non-refundable.

**Non-Credit**
Students enrolled in non-credit classes, attend classes, turn in assignments, confer with the instructor, and take tests, but the transcript will identify the course as taken for non-credit. Students are not permitted to change a class from non-credit to credit or from credit to non-credit after the 11th class day of a semester or the 4th class day of a short term. Non-credit tuition is non-refundable. Courses delivered by distance education formats are not eligible for non-credit.

**Pass/Fail Grades**
Students with at least 30 semester hours, a grade point average of at least 2.0, and advisor permission, may elect to take one elective course each semester on a pass/fail basis. No more than 12 total hours may be taken pass/fail. Pass/fail forms are available in the office of the registrar. Consult the academic calendar to determine the period of time when pass/fail is an option.

**Adds/Drops**
Students may change their course schedules, with advisor approval, before the end of the drop/add period. Students dropping or adding courses after the drop/add period expires will be charged a $25
drop/add fee per course. Courses dropped during the drop/add period will not appear on the transcript. Courses dropped after the drop/add period, but before the last day to drop with a W, will be recorded on the transcript with a grade of W. Electing not to attend classes without dropping a class will result in a grade of F. Drop/add period dates are found on the academic calendar.

Withdrawals
Students desiring to drop all of their courses must complete a withdrawal form by the last day to drop with a W. Withdrawal forms are available from the office of the registrar. Properly executed withdrawals result in a W recorded on the transcript for courses active on the date of withdrawal. In cases where a course was completed before a withdrawal, the earned grade is recorded. Students desiring to withdraw after the last day to drop with a W must have an extenuating circumstance, such as military call up or deployment, or personal medical emergency.

Late Enrollment
Late registration is permitted during the late registration period. Enrollment after the late registration period must be approved by the academic dean.

Classifications
- Freshman—completed 0-29 hours of college credit
- Sophomore—completed 30 hours of college credit
- Junior—completed 60 hours of college credit
- Senior—completed 90 hours of college credit
- Post-Baccalaureate—taking courses for credit leading toward a second degree or teacher certification after completion of a first degree
- Post-Graduate—taking courses for credit or noncredit after completing a baccalaureate degree

Repeating Courses
Students wanting to raise their grade point average may repeat a course. Both grades will appear on the transcript, but the last grade received is used for the grade point average. Courses taken at other universities are not accepted to improve grade point averages.

Course Loads
Regular student loads during a semester are 12-18 hours. Students who hold jobs or who scored in the lower quarter on their entrance examination are encouraged to enroll in fewer than 15 hours during their first college semester. Students on probation must take no more than 12 hours. Students who want to take more than 18 hours must have permission from the academic dean.

Bible Requirements
Students must complete a general Bible requirement to earn a baccalaureate degree. Beginning freshmen must complete a 12 hour general Bible requirement. Full-time beginning undergraduates are required to take Bible their first two semesters and are not permitted to withdraw from Bible classes without permission of the dean of the college of biblical studies and behavioral sciences. Transfer student Bible requirements are the higher of 6 hours or 10% of the hours needed to complete a baccalaureate degree rounded to the nearest 3 hour increment. Transfer Bible majors must complete a 12 hour general Bible requirement.
Chapel Attendance Requirements
Chapel attendance is mandatory for certain students. Refer to the student handbook for chapel attendance policy.

Attendance
Students are responsible for material presented in or assigned for their courses, even when they are absent from class, and will be held accountable for such material in the determination of course grades. Faculty will not apply a more restrictive attendance policy than the one outlined below. Students who miss three, six, or nine class meetings in courses meeting once, twice, or three times per week, respectively, may, at the discretion of the professor, be dropped from the course with a grade of F. Students participating in authorized school related functions who miss more than 25% of the class meetings, may, at the discretion of the professor, be dropped from the course with a grade of F. Students will work with coaches, directors, and sponsors and their professors to keep track of their attendance and not miss more than the allotted class meetings. Students who enter the university after the starting date will accrue absences from the date the class began. Students may be required to make up any class work and/or assignments missed due to absences. Students whose absences were caused by personal illness, a death in the immediate family, or authorized participation in official school functions must be given an opportunity to rectify, in a manner acceptable to the professor, any deficiencies which may have resulted from such absences. For other reasons, professors determine whether students can rectify deficiencies. It is the responsibility of each student to inform the professor of the reason for an absence. If possible, the student should do so prior to the absence and if not, at the first attended class meeting. Students have the right to appeal dismissal using grade appeals processes outlined in the catalog. If students disrupt class, either by tardiness or by distracting noises or actions, they will be given an initial warning. Students may be dismissed from a class upon continuance of disruptive behavior, as determined by the instructor. Students have the right to appeal a class dismissal to their academic dean.

Transfer Credit Policy
Coursework submitted for transfer credit will be evaluated for equivalency by the registrar. Only courses completed with a grade of C or higher will be considered for transfer credit. The course must be of appropriate level for the degree sought and be in a content area similar to the content area of the course offered. Teacher credentials must also be evaluated for credit earned at non-regionally accredited institutions. Although the university may offer transfer credit for a particular course, such acceptance does not guarantee that the course will satisfy the requirements of a particular degree program. Students desiring to appeal the results of an evaluation may appeal, in writing, to the appropriate academic dean, whose decision is final.

Academic Standards
Academic standing is based on the cumulative grade point average. Grade point averages are computed at the end of each enrollment period. Students have the right to continue their studies at the university as long as they are making satisfactory progress toward a degree and complying with all other university standards.

Academic Probation
Students who fall below the grade point average required for their accumulated hours will be placed on academic probation. Their status will be recorded on their transcript. While on academic probation
students must do the following:

- Enroll in no more than 12 hours in a semester
- Adhere to the attendance policies
- Suspend participation in extracurricular activities
- Repeat course with grades of F

Students who wish to appeal any condition of this policy must submit a letter to the registrar explaining their extenuating circumstances. The registrar will forward the letter to the academic appeals committee. The academic appeals committee will review the circumstances and determine whether or not academic probation should be enforced. The decision of the academic appeals committee is final. At the end of a semester of probation, students who have not earned at least a 2.0 grade point average are placed on academic suspension.

**Good Academic Standing**
Students are considered in good academic standing when all admission requirements have been met and they maintain a cumulative grade point average based upon the greater of cumulative total hours attempted or cumulative total hours.

- 2.00 for 0-89 hours
- 2.25 for 90 hours and above

**Academic Suspension**
Students are placed on academic suspension for the following reasons.

- Failing all their courses in the fall or spring semesters
- Failing to achieve good academic standing after a semester on academic probation

The term academic suspension refers to a period of time when, for academic reasons, students may not enroll in classes at the university. Students on academic suspension may enroll if their circumstances meet one of the following guidelines.

- They have served a suspension period extending through one fall or spring semester
- Their suspension occurred at the end of the spring semester and they elected to attend summer school while on continued probation. With this option, students must enroll for a minimum of 6 hours. At the end of the summer, if they have earned the required cumulative grade point average, they will be eligible to enroll in the fall. If not, their suspension will continue until the end of the fall semester.

**Academic Suspension Appeal Procedure**
To appeal a suspension, students must submit a letter to the registrar explaining any extenuating circumstances that may have contributed to the problems resulting in their suspension. This letter will be forwarded to the academic appeals committee, which will hear appeals during one of the regular committee meetings in August or January to determine whether any suspensions should be lifted or enforced. The decision of the academic appeals committee is final. Students desiring to enroll at the university after a third academic suspension must petition the academic appeals committee for reinstatement before enrolling. The committee will hear the appeal during the regular meeting dates in August and January. Students who are readmitted must meet with the committee to petition for reinstatement following any subsequent suspension. Students whose appeal is denied may not enroll.
again for undergraduate credit. Students appealing to enroll after a third academic suspension, who subsequently have their appeal denied by the committee, may appeal in writing to the provost. The decision of the provost is final.

**Assessment of Academic Proficiency**
Students must successfully complete UNI 2000 in the first semester after completing 60 semester hours. To enroll in UNI 2000, students must be in good academic standing and have completed or will concurrently complete the following courses.

- English 1301 and 1302
- History 2301
- ESS 1200
- MAT 1311 or a higher level course
- 6 hours of Bible or 3 hours if admitted with 30 or more credit hours
- 3 hours of Communication
- 3 hours of Science

Students failing to comply with this requirement will not enroll in upper level courses.

**Texas Higher Education Assessment for Education Majors**
The Texas Higher Education Assessment exam is required for admission to the educator certification program. Students who plan to become teachers should consider taking the exam during their freshman year so they can be assured of having met the minimum score requirements on all sections of the exam prior to their application to the educator certification program. Please refer to the educator certification program section of this catalog for further information about the THEA and other educator certification requirements. THEA registration booklets are available in the testing office.

**Major Changes**
Students changing majors must complete a change of major form and submit to the office of the registrar. Changes of major must be approved by the student and the losing and gaining department.

**Academic Honors and Awards**

**President’s List**
Undergraduate students are named to the President’s list when they complete at least 12 hours with a 4.0 grade point average and successfully complete any courses taken Pass/Fail. Students with incomplete grades are not eligible.

**Dean’s List**
Undergraduate students who complete at least 12 hours, achieve a 3.5-3.99 grade point average, and pass all courses taken Pass/Fail are named to the Dean’s List. Students with incomplete grades are not eligible.

**Honor Graduates**
At each graduation, students who have earned a cumulative grade point average on all college work of at least 3.5 receive the designation cum laude, students with at least a 3.65 average graduate magna
cum laude, and those with a 3.8 or higher grade point average graduate summa cum laude. In
determining who will graduate with honors, the university calculates all college grades for each
graduate, including grades transferred to the university from other colleges.

Honors Scholars
Honors students who successfully complete the honors program course requirements will graduate as
honors scholars.

Bronze Medals
Each department has the option of awarding two bronze medals to outstanding students in their fields.

Silver Medals
Silver medals are awarded to individuals who make outstanding contributions to the university.

Gold Medals
For the Trustees Award, the faculty selects the senior male and female students who best represent the
ideals of the university. For the President’s Award, the faculty selects the male and female students who
evidence the greatest promise of spiritual service. The dean’s award goes to the graduating student of
each college with the highest grade point average. The student body and faculty choose Mister and
Miss Lubbock Christian University, as representatives of the ideals of the university.

University Core Curriculum
The purpose of the university core is to prepare students with college-level competencies and values.
Students completing the core curriculum will have a foundation in the humanities, social sciences,
natural sciences, and mathematics. College-level competencies include the following:

- Critical thinking–clarify, analyze, evaluate, and extend argumentative reasoning;
- English usage/mechanics–use standard written English usage/mechanics;
- Essay skills–examine, develop and support a position;
- Quantitative reasoning–use quantitative reasoning to solve math problems;
- Reading comprehension–comprehend and derive meaning from text; and
- Scientific reasoning–understand scientific knowledge and reasoning.

See each degree program for specific core course requirements.

University Core
(45 hours)

Bible (12 hours)

- BIB 1310 Introduction to the Old Testament
- BIB 1320 Introduction to the New Testament
- BIB 3305 Christian Heritage
- BIB 3310 Christian Life

Written and Oral Communication (9 hours)
ENG 1301 Composition Studies
ENG 1302 Composition and Literature
COM 2340 Communication for the Professional

Human and Social Science (12 hours)

- 3 hours from PSY 1300 General Psychology or SOC 1300 General Sociology
- 3 hours from HIS
- 3 hours from ECO, FIN, GOV, or HIS
- ESS 1200 Personal Fitness and Wellness
- UNI 1170 University Seminar
- UNI 2000 University Skills

Natural and Physical Sciences (6 hours)

- MAT 1311 College Algebra
- 3 hours from BIO, CHE, NRC, or PHY

Cultural Awareness (6 hours)

- 6 hours from AFA, Fine Arts History, ENG, GOV, HIS, PHI, REL, FOL, or BIL

Transfer students must take a Bible courses at the university equal to 10% of the courses taken at the university but no fewer than 6 hours. Students that transfer 30 or more hours to the university are exempt from university seminar. Individual programs may substitute a departmental course to satisfy the UNI 1170 requirement.

Requirements for Associate Degrees

- Completion of 60 semester hours or more depending on the prescribed requirements
- Achieve an overall GPA of at least 2.25
- Complete at least 25% of hours required for the degree in residence
- Completion of course requirements and examinations specified by the major department and the university
- Completion of an application for graduation, submitted to the office of the registrar before the deadline
- Requirements for the degree must be completed within 7 years of original enrollment in the university

Requirements for Baccalaureate Degrees

- Completion of 120 semester hours or more, depending on the prescribed requirements. At least 39 hours must be from upper level courses
- Achieve an overall GPA of at least 2.25
- Completion of at least 25% of the hours required for the degree from the university. Residency requirement must be completed after achieving senior status and at least 15 of the hours required for residency must be upper level
- Bachelor of Science in Nursing students must complete at least 25% of their hours at the university
- Completion of major courses with a GPA of at least 2.5
- At least 18 hours of the major must be from upper level courses
- Completion of course requirements and examinations specified by the major department and the university
Completion of an application for graduation, submitted to the office of the registrar before the deadline
Requirements for the degree must be completed within seven years of original enrollment at the university
Students seeking a second baccalaureate degree must complete the requirements for both degrees and earn a minimum of 24 semester hours in addition to those required for the first degree

Requirements for Minors
Completion of 18 semester hours or more from a specific area of study, 9 of which must be upper level
No more than 12 transfer hours may be counted towards a minor
Completion of minor courses with at least a 2.5 GPA
Certain majors may not be eligible to pursue minors in disciplines where the major includes most of the courses required for the minor, so minors must be approved by the department coordinating the minor
Completion of an approved application for a minor must be submitted to the office of the registrar before the deadline to apply for graduation

Graduation Commitment
The graduation commitment or academic plan should be completed by the time students have become juniors. It is the responsibility of students to know their academic plan and to register for and complete courses that fulfill the academic plans. Degrees will be awarded only when students satisfactorily complete the conditions of their academic plans and meet all other requirements for earning a degree. Students must complete the application for graduation when registering for their last semester. Students have one year from the intended graduation date to complete the requirements. Students needing longer periods of time must secure dean approval.

Graduating Catalog
Students are entitled to graduate under the curriculum of the catalog in effect at the time of their first completed semester of enrollment with the following exceptions.

Students may not use a catalog older than seven years
Students who interrupt their enrollment, for reasons other than involuntary military service, for more than one calendar year shall be covered by the catalog in effect at the time of the re-entry
Students who change their major from one department to another within the university shall be governed by the degree requirements that are in effect at the time the change of major becomes effective
Graduate Academic Policies
Students registering for classes at the university are responsible for complying with the academic regulations of the university catalog. Unfamiliarity with these regulations does not constitute a valid reason for failure to comply. If there are questions, students should ask their advisor, the registrar, or the academic dean.

Good Academic Standing
Academic standing is based on the cumulative grade point average for the program in which the student is enrolled. Grade point averages will be computed at the end of each semester. Students have the right to continue their studies at the university as long as they are making satisfactory progress toward a degree and complying with all other university standards. A permanent transcript of academic work is maintained in the office of the registrar. Students may view their transcripts on the student information system or request copies on the university web site.

Academic Probation
Students failing to maintain a 3.0 cumulative GPA for graduate work will be placed on academic probation, and will have one semester to raise their cumulative GPA back to 3.0. Probationary status is recorded on the transcript.

Academic Suspension
Students placed on probation who fail to raise their cumulative GPA to 3.0 within one semester will be placed on academic suspension and prohibited from enrolling in graduate courses for one semester. Students will also be placed on academic suspension after failing all courses in a semester. Suspension status is recorded on the transcript. Students placed on academic suspension must reapply for admission.

Academic Suspension Appeal Procedure
To appeal a suspension, students must reapply and submit a letter to the office of Graduate Studies explaining all extenuating circumstances. This letter will be reviewed by the Graduate Council. Students on suspension who wish to enroll for classes at another institution must have prior permission. Students desiring to re-enroll after a second academic suspension must petition the provost in writing for reinstatement before enrolling in any additional graduate courses.

Program Policies
Some policies vary by academic program. What follows are policies common to all graduate studies programs. Please see the Admissions Standards section of this catalog for program-specific policies.

Academic Integrity
The university expects its students to conduct themselves with a level of honor and integrity befitting members of a Christian learning community, and in keeping with the university mission. The Code of Academic Integrity, which includes the appeals process, is found in the Student Handbook.

Leveling
Graduate students are expected to demonstrate appropriate competencies in the academic discipline to which they are applying. Students changing disciplines may be required to complete leveling work of up
to 18 upper-division hours in the new academic discipline.

**Grading System**

- A–Excellent, four grade points per hour
- B–Good, three grade points per hour
- C–Average, two grade points per hour
- D–Poor, one grade point per hour

The following are calculated at zero grade points per hour.

- F–Failure, no credit. Given any time when students are dropped by their instructors or do not officially withdraw from the course.
- P—Pass, to indicate passing score for comprehensive exams or internship/practicums.
- PR– In Progress, given at the discretion of the instructor, if requested by the student. It is the responsibility of the student to see that a PR is removed. A PR cannot be permanently left on the transcript. Students have one semester to remove the PR grade, but with instructor and academic dean permission, the period may extend one additional semester. When a PR is not removed or extended at the end of one semester, the registrar must change the grade to F.
- TR–Credit accepted from another university
- W–Withdrawn, indicates students have officially withdrawn from a class or from a semester... See academic calendar for last day to withdraw.

**Grade Point Average**

The GPA is a system for assigning a numerical average to student grade averages. Under this system, A is 4, B is 3, C is 2, D is 1, and F is 0 points. If students earn an A in a three-hour course, 12 grade points are earned (4 points multiplied by 3 hours equals 12). The grade points from each course are totaled and then divided by the number of hours attempted. A grade point average of 3.0 on a 4.0 scale must be maintained in all courses attempted for graduate credit. In addition, a grade of less than a C will not be recognized for graduate credit. No grade of C will be transferred into a graduate program.

**Grading Changes**

A grade can be corrected or changed with the written authorization from the teacher of record and the academic dean. A statement explaining the reason for the correction or change must accompany the written authorization. Grade changes should be received in the office of the registrar within one semester after the initial grade was given. Final grades are available to students in the student information system.

**Grade Appeals**

After final grades for an enrollment period are entered, students may appeal a grade within two weeks into the following enrollment period. The procedure for appealing a grade is as follows.

- Students must first visit with the instructor of the course to learn how the grade was determined.
- If disagreement still exists, students may submit a written request to the academic dean within two weeks from the date of meeting with the teacher. The dean will arrange a meeting with the chair, instructor, and student.
- If disagreement continues, student may submit a letter to the provost requesting a formal appeal of the grade within two weeks of the meeting arranged by the dean. The provost will convene the...
Graduate Council.

- The Graduate Council will set a time to hear from the student and the teacher concerning the grade dispute. The hearing will take place no later than 30 days from the date of the letter requesting a formal appeal. Legal counsel will not be permitted during the appeal process.
- A formal appeal is only available to determine whether the grade was determined in a fair and appropriate manner. The existing grade will remain in place if no clerical error, prejudice, or capriciousness is found. The Graduate Council will not re-evaluate assignments in question.
- The Graduate Council will consider all issues; however, the Council will presume the grade was determined in a fair and appropriate manner and is correct. The burden rests with the student to show the grade was unfairly determined. A final determination will be made by the Graduate Council.

Class Changes

Students enrolling during advance registration may change their class schedules prior to the first day of class without penalty. Class changes consist of adding classes, dropping classes, or canceling all classes. Students who want to cancel their classes must contact the registrar prior to the first day of class. Schedule changes after classes begin must be completed within the drop/add period. Students dropping or adding classes after the drop/add period will be charged a $25 drop/add fee per course. Courses dropped after the drop/add period but before the last day to drop with a W, will receive a grade of W. Drop/add period dates are found on the academic calendar. To drop or add classes, a request, approved by both student and advisor, must be provided to the registrar. Students who elect to leave without formally withdrawing will be given a grade of F.

Withdrawal

Students desiring to drop all of their courses must complete a withdrawal form. Withdrawal forms are available from the office of the registrar. Official withdrawal results in a W recorded on the transcript for courses in session on the date of withdrawal. In cases where a course was completed before a withdrawal, the earned grade is recorded. Students desiring to withdraw after the last day to drop with a W must have an extenuating circumstance, such as military call up or deployment or personal medical emergency. Students withdrawing must contact Financial Aid and the Business Office to determine the status of their bill.

Repeating Courses

Students wishing to raise their GPA may repeat a course at Lubbock Christian University. Both grades will appear on the permanent record, but the last grade received is used to calculate the GPA. For information on financial aid eligibility for repeated courses, check the Graduate Financial Assistance section of this catalog or consult personnel in the Office of Financial Assistance.

Class Attendance

Failure to attend classes results in fewer learning opportunities. Absences must be explained to the satisfaction of the instructor. Acceptance of late work is up to the instructor. Students disrupting class may be dismissed from class. Students dismissed from class may appeal to the academic dean.

Requirements for Master’s Degree

- Completion of 30 semester hours or more, depending on program
- Achieve an overall GPA of at least 3.0
- Completion of at least a majority of courses from the university. Refer to the Transfer Credit Policy for
specíficos.
- Compleción de los requisitos de curso y exámenes específicos para el grado que se persigue
- Presentación de una solicitud para graduación, presentada a la oficina del registrador, antes de la fecha límite
- Requisitos para un grado que requiera menos de 40 horas deben completarse dentro de seis años de la fecha de ingreso inicial en el programa. Grados que requieran 40-60 horas tienen un límite de ocho años. Grados que requieran más de 60 horas tienen un límite de diez años. Excepciones a los límites de tiempo deben ser aprobadas por el decano académico.
- Los requisitos aplicables son aquellos establecidos por el catálogo en efecto al momento de entrada del estudiante en el programa, o aquellos de cualquier edición posterior del catálogo, siempre que los requisitos de grado se completen dentro del límite de tiempo.

**Examen Integral y Requisitos de Cartera**

Candidatos para un grado de maestría deben aprobar un examen integral escrito y/o completar una asignación de cartera, dependiendo de los requisitos del programa. Este examen puede tomarse durante el último semestre de curso, pero debe ser tomado no más tarde de treinta días después de la completión del curso. El examen específico será preparado bajo la guía del asesor que consultará a los miembros del cuerpo académico enseñando en el área. Al menos dos miembros del cuerpo académico evaluarán la prueba escrita. Los estudiantes que falten el examen deben retomar el examen o cumplir con los requisitos establecidos por el cuerpo académico.Permiso para tomar el examen integral una tercera vez debe ser aprobado por el asesor y el decano académico.

**Segundo Grado de Maestría en el mismo área**

Los estudiantes no están permitidos a perseguir dos grados de maestría simultáneamente. Los estudiantes que tienen un grado de maestría de la universidad pueden solicitar que una parte de las horas de su primer grado de maestría se apliquen a su segundo grado de maestría. Los cursos deben aplicarse directamente al segundo grado de maestría y ser aprobados por el asesor. El número máximo de horas aplicables a su segundo grado varía por programa. En programas de maestría de 30 horas, hasta 9 horas pueden ser aplicadas hacia el segundo grado. En programas de maestría de 35-37 horas, hasta 12 horas pueden ser aplicadas. En programas de maestría de 48-49 horas, 15 horas pueden ser aplicadas. En el programa de maestría de Divinidad de 72 horas, 18 horas pueden ser aplicadas.

**Requisito de Plan de Grado**

Los estudiantes deben tener un plan de grado aprobado para el segundo semestre.
Student Services

Center for Student Success
The Center for Student Success is committed to helping students succeed by providing tutoring services, academic advising, mentoring, testing, and services for students with disabilities. The Center for Student Success is located in the Center for Academic Achievement building.

Tutoring Services
Tutoring is provided without additional cost for students needing assistance on a week-to-week basis or for a one-time session.

Academic Advising and Testing
Students admitted conditionally are advised by the Center for Student Success. Credit-by-exam opportunities are offered through CLEP, DSST, and end-of-course exams. See the advanced credit section of the catalog for more information.

Disability Services
The University is a member of the Association on Higher Education and Disability and is committed to providing appropriate accommodations for students under the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973. The Office of Disability Services, located in room 117 of the Diana Ling Center for Academic Achievement, strives to ensure equal access to all students. Qualified individuals with disabilities may request accommodations through the Office of Disability Services 806-720-7156 or disabilityservices@lcu.edu. The Disability Services Coordinator is Justin Archer 806-720-7156 and the ADA Compliance Officer is Dr. Rodney Blackwood 806-720-7401.

Student Mentoring
Mentors are available year-round to encourage students. Mentors are experienced in the stresses of college life and understand the difficulties associated with the transition to college life. Mentoring is available anytime without an appointment in the C.L. Kay Christian Development Center.

Technology Support
Students can access the Chap Desk for technology support during business hours. Students enrolled in online degree programs have access to a technology help desk 24 hours a day, 365 days a year. Student services coordinators are available and routinely reach out to students enrolled in online degree programs to ensure student engagement and improve student success. Course materials and academic resources are incorporated into the course management system for online degree programs.

Career Services
Career Services aids students through career assessment, career research, career advising, job placement, instruction in resume and cover letter writing, and interviewing skills. Career Services are available in the Cardwell Welcome Center, Alumni Relations Office.

Counseling Services
Lubbock Christian University is committed to providing counseling assistance for students struggling with academic pressures, family conflicts, relationship difficulties, career indecision, spiritual struggles,
substance abuse and other problems. Students seeking counseling services are entitled to limited personal counseling each semester. The director of the Counseling Center is a Licensed Professional Counselor who adheres to the ethical standards of the profession. Counselors follow the strictest standards in regards to confidentiality and privacy, and measures are taken to protect all confidential counseling records. The Counseling Center is located upstairs in the Mabee Student Life Building.

Medical Clinic
The University has a medical clinic, with a full-time, on-site, licensed physician serving as the director of the clinic. The clinic is well equipped and staffed to handle the minor medical problems of university students, including acute illnesses and minor injuries, as well as maintenance therapy for certain chronic health conditions. The physician can assist with referrals to specialists in the Lubbock medical community when needed. There are several major hospitals and urgent care centers within 15 minutes of the University for emergencies or after-hours medical needs. The medical clinic is located on the second floor of the Mabee Student Life Building.

Library
The university library provides learning resources to support university curricular offerings and assists with student research needs. Library holdings include over 128,000 books, 70,000 e-books, 290 print journal subscriptions, 74 databases, and 20,000 full text journals. Checkout privileges are available to students for a three week period. Librarians provide research instruction to classes and individual students. The University Library is located in the Mabee Learning Center. Library resources and services are also available online.

Student Life
Students participate in more than 25 student organizations, planned student activities, chapel, devotions, co-curricular learning opportunities, attending intercollegiate games, or meeting friends at the student center, cafeteria, library, coffee bar, or in the mall. Recreational life is enhanced by a 70,000 square foot recreation facility which includes top of the line exercise equipment, intramural sports courts, and a climbing wall in the Rhodes-Perrin Recreational Center.

Release of Information
The university will release directory information about students from its records in accordance with FERPA and the Texas Privacy Act. For additional guidance on this subject, please refer to the Release of Student Information section in the Student Handbook.

Student Conduct
The University provides an academic and social environment consistent with Christian principles. Students are responsible to follow the standards communicated in the student handbook and local, state, or federal laws. Students living in campus housing must uphold the policies of campus housing communicated in the Residential Life Guide. The university reserves the right to place students on probation or suspend or dismiss students for violating university standards of conduct. The Student Handbook, Residential Life Guide, and this Catalog constitute a written agreement as to conduct and discipline while students are at Lubbock Christian University.
Drug Policy and Education Program
The University drug policy is published annually in the student handbook. The Student Handbook is
distributed to students during registration and is available on the University website. When University
officials have reason to suspect that drugs are being used, the University reserves the right to drug test
individuals and/or contact appropriate law enforcement officials. A substance abuse unit is incorporated
in the core curriculum course ESS 1200 Personal Fitness and Wellness. One chapel program each year
includes a presentation on substance abuse. During registration, students will receive information
containing the policy on substance abuse and rules governing such abuse.

Health and Safety
The campus Public Safety operates 24 hours a day, 365 day a year. Public Safety officers enforce
university regulations with respect to parking, alcohol, and drugs, and conduct other campus security
functions. The university has an emergency notification system, which contacts students and university
personnel by e-mail, text message, and telephone. The university uses the emergency contact
information provided upon registration. Students are responsible for updating their emergency contact
information through the student information system.
Student Financial Policies
The university offers the following options for payment of accounts.

- Payment in full—Checks and cash are accepted in the Business Office. Checks may be mailed to the Business Office at 5601 19th St, Lubbock, TX 79407. Online payment using e-checks or major credit cards is available through the Student Account Center at www.afford.com/lcu. A 2.75% service fee is charged for payments by credit card or debit card.
- Payment with financial aid—Students should apply for financial aid in time for the process to be completed and the financial aid awarded by the first day of the term.
- Monthly Payment Plan—The university uses Tuition Management Systems (TMS) for monthly payment plans. Students should calculate their expenses for the semester, subtract their financial aid and contact TMS at 1-800-356-5579 or online at www.afford.com/lcu.
- The Student Account Center offers real-time information on student accounts. FERPA prohibits the university from providing access to anyone other than the student.

Other services provided by the business office include the following:

- Check cashing—students may cash personal checks with their student identification card. A fee will be assessed.
- Printing account—students wanting to add money to their campus printing account.
- Meal plans—students may purchase a variety of meal plans.

Payment of Account
Undergraduate student account balances are payable in full on or before October 1 for the fall and March 1 for the spring. Graduate student account balances must be paid on or before September 15 and November 15 for fall short terms, and on or before February 15 and April 15 for spring short terms. Payment arrangements for summer courses must be made by the first day of class. Accounts not complying with the above policy may be subject to a late payment charge of $200 and the account will be placed on hold. Late fees will not be assessed to students current in their monthly payments to TMS. The university does not release student academic records if educational costs are not paid. Students will not be allowed to register for classes if there is a hold on the account.

Tuition and room and board refunds are computed on a declining scale based on when students withdraw from the university or drop a course. Fees are not refundable. Request for withdrawals or drops must be made by completing a withdrawal or drop form which is available from the registrar. Refunds of tuition and room and board will be made according to the following refund schedule. Students must pay drop/add fees when schedule changes occur.

Sixteen Week Terms

- 1st through the 5th day of term—100%
- 6th through 10th day of term—80%
- 11th through 15th day of term—60%
- 16th through final day of term—0%

Short Terms and Online Programs

- Prior to 1st day of term, or the 1st through the 8th calendar day of the term—100%
- After the eighth calendar day of the term—no refund
Tuition Refund Insurance
Tuition refund insurance is available through GradGuard to protect educational investments. The insurance refunds tuition, fees, and room & board charges up to the annual policy limit of $10,000, if the policy holder is unable to complete the semester due to a covered medical reason. Annual payments are due to GradGuard for students who select this insurance.

Cancellations
Cancellations occur when registration is cancelled prior to the first day of the term. Requests for cancellations must be communicated to the registrar. Requests for cancellations received after classes begin will only be granted when the requestor never attended class or used university resources. Pre-booked travel/trip expenses are not refundable for cancellations.

Undergraduate Financial Assistance

Types of Financial Assistance

- Financial assistance falls under three general categories
- Grants and scholarships—free money that does not require repayment
- Educational loans—money that must be repaid
- Student employment—money that must be earned

Grants

Grants are available from the State of Texas or the federal government to students who demonstrate financial need and who otherwise qualify. Grants do not have to be repaid.

Scholarships

Academic Scholarships

Students may qualify to receive institutional or funded scholarships based on their academic performance. For beginning students, their academic achievement is determined by their scores on the ACT composite score or the total of the SAT critical reading and math scores. For returning or transferring students, their cumulative GPA determines academic achievement. In order to keep an academic scholarship, students must maintain the minimum required GPA. Scholarships will be lost or reduced for students achieving a GPA below the minimum. Any student receiving an institutional scholarship must be enrolled for at least 12 hours per semester or the entire scholarship will be canceled.

Intercollegiate Athletic Scholarships

Scholarships in men’s basketball, baseball, golf, soccer, and cross country and in women’s volleyball, basketball, golf, cross country, soccer, and softball are offered. For information about athletic scholarships, contact the coach.

Externally Funded Scholarships

Scholarships from non-university sources must be reported to financial assistance.

Discounts

Discounts cannot be combined with academic scholarships during the same semester.

Institutional Aid

In order to keep institutional scholarships or discounts, students must maintain a required GPA. Scholarships and discounts will be lost or reduced for students achieving a GPA below the minimum. Students enrolled in online programs are not eligible for institutionally funded aid.

Loans

Loans are based on the financial need of the student and the availability of funds from the federal government, lending institutions, and other organizations. Loans must be repaid upon graduation or when students leave the university. Although most loans are made directly to students, some loans are made to parents of dependent students.
Federal Work Study
The purpose of the federal work study program is to provide jobs for students who have financial need and who wish to earn part of their educational expenses. When federal work study eligibility is awarded, the amount awarded is a maximum amount that can be earned in federal work study employment. Students who are qualified for the federal work study program must seek and secure the job, coordinate their working hours, and work the hours necessary to earn their federal work study allocation. Federal work study students must complete an I-9, W-4, and a work contract before beginning work on campus. To complete the I-9, students must be able to establish their identity and eligibility to work. Students working in the federal work study program earn the federal minimum wage and are paid monthly. Students may not work more than 15 hours per week on the federal work study program. Students may choose to have a portion of their earnings credited to their account. Students must be enrolled in at least 6 hours per semester to be eligible to earn any funds from this program.

Financial Assistance Awarding Procedures
In order to be considered for financial assistance, students must first apply for financial assistance. Financial assistance will only be disbursed when the financial assistance folder is complete, including each document requested by the financial assistance, admissions, and registrar offices. Student accounts are credited at the beginning of each enrollment period. State grant funds will not be credited until they are approved by the State of Texas, usually after September 1 for the fall semester, but later than the semester start date. Awards will be based on the number of hours for which a student is enrolled at the beginning of the enrollment period and the awards will be modified if the enrollment status changes.

Deadlines
New students must have their financial assistance applications and files completed by June 1. Returning student files must be complete by May 15. Applications will be processed after that date only if funds are still available. Students applying for summer assistance must have their financial assistance files complete by May 1.

Class Drops
Students are awarded financial assistance based upon the number of hours in which they are enrolled. Students are considered full, three-fourths, or half time. For example, students enrolling for 12 hours and dropping a 3-hour class could have their grants and scholarships canceled or reduced as well as become subject to probation or suspension. The institutional refund policy is available in the financial services office.

Withdrawals
Students withdrawing from the university may be eligible for a refund of a portion of the tuition and room and board for that semester—see refund policy in the catalog. If students receive financial assistance, then a portion of the assistance may need to be returned to the grant, scholarship, or loan source from which that assistance was received. Information about the return of Title IV fund requirements are available in the office of the registrar. Students intending to withdraw must begin the withdrawal process in the office of the registrar.

Grade of F in All Courses During an Enrollment Period
When a student begins a semester by attending classes but does not earn a passing grade in at least
one class or fails to officially withdraw, the institution must assume that the student has unofficially withdrawn unless it can document that the student completed the enrollment period. A student who unofficially withdraws and receives all F’s will be placed on Financial Assistance Suspension immediately.

**Incompletes**

Grades in progress are figured as zero grade points in the GPA. Students are responsible for notifying financial assistance of changes in their transcript after an IP is removed. When an IP is not removed by the end of the following semester, the IP is changed to an F.

**Repeats**

Students repeating a course for the first time will be allowed to count it toward assistance eligibility.

**Taking Courses not Required for Degree**

Students are responsible for enrolling in courses in their degree plan and must notify financial assistance if enrolling in courses outside of their degree plan. Enrolling in courses not required for a degree may affect eligibility for aid.

**Eligibility for Financial Assistance**

To be eligible for financial assistance, students must maintain satisfactory progress. Financial assistance recipients will be evaluated at the end of each payment period (period of enrollment). Satisfactory progress is divided into two categories, (1) cumulative grade point average, and (2) hours successfully completed. The cumulative grade point average is figured on hours completed at Lubbock Christian University only. However, all hours are counted to determine hours completed.

**Satisfactory Progress**

**Hours Attempted Minimum GPA**

<table>
<thead>
<tr>
<th>Hours Attempted</th>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-89 hours</td>
<td>2.00</td>
</tr>
<tr>
<td>90+ hours</td>
<td>2.25</td>
</tr>
</tbody>
</table>

**Minimum Completion Rate Requirements**

Each payment period, students must complete at least 75% of all credit hours attempted. The completion rate is calculated by dividing the total number of completed hours by the number of hours attempted, which is based upon enrolled hours at the end of the 100% drop refund period (usually 5 days into the payment period). Check the refund policy for specific dates for each period of enrollment.

When financial assistance recipients fail to meet the cumulative GPA requirements and/or successfully complete the proper number of hours at the end of a payment period, they will be placed on financial assistance warning or suspension, as appropriate. Students are notified in writing if placed on warning or suspension. Student records are also coded to indicate their current financial assistance status.

The quantitative standards apply to full-time students. Students taking less than a full-time course load are required to complete every hour enrolled. Students must maintain the qualitative and quantitative standards and are limited to a time frame of availability of financial assistance. This time frame is 150% of the time usually required to complete a degree program. For example, students enrolled in four year degree programs are eligible for financial assistance for six years.
Financial Assistance Warning
When students fail to meet the required cumulative GPA and/or successfully complete the proper amount of hours for a semester, they will be placed on financial assistance warning for the next payment period. Students must meet Satisfactory Academic Program (SAP) by the end of the warning period. If students fail to meet the requirements, they will be in danger of losing their financial assistance. Transfer students with a cumulative GPA below the minimum standard will enter on financial assistance warning.

Financial Assistance Suspension and Appeals
If, during a period of financial assistance warning, students fail to meet the required GPA and/or successfully complete the required number of hours, they will be placed on financial assistance suspension and will be ineligible for aid. Information regarding the appeal process is provided to students in writing after records are reviewed at the end of each payment period. Where extraordinary circumstances exist, students may appeal in writing their suspension to the director of financial assistance. The appeal will be presented to the financial assistance appeals committee, which will review the facts and make the final decision regarding the suspension. Students appealing financial assistance suspension must meet with the appeal committee. If a student appeal is approved, the student is placed on financial assistance probation for one payment period and is eligible for Title IV aid. If the student will require more than one payment period to reestablish eligibility with SAP standards, the student may be placed on an academic plan. The student will be on financial assistance probation during the first payment period of the academic plan. Students must meet SAP requirements at the end of the payment period or meet the requirements of the academic plan to continue to be eligible for financial assistance. Failure to meet SAP or academic plan requirements will result in the suspension of Title IV aid until the student regains eligibility by meeting SAP requirements. Students will be notified in writing of the requirements that must be met.

Reinstatement of Assistance
Students may regain eligibility by raising their cumulative GPA to the required level and/or by successfully completing the required number of hours in a succeeding semester or semesters.

Eligibility Requirements for Federal Programs
- Students must be in compliance with the following guidelines
- Be U. S. citizens or lawful permanent residents
- Be in financial need
- Be able to maintain satisfactory academic progress
- Be enrolled, or accepted for enrollment
- Not be in default on a Federal Perkins Loan (NDSL), Federal PLUS, or Federal Stafford Loan
- Not owe a refund on a Federal Pell Grant, TEG, or FSEOG

Student Rights and Responsibilities
Students have the following rights.

- To know what student financial assistance programs are available at the university
- To know the deadlines for submitting applications for each financial assistance program
- To know how their financial need was determined, including how various expenses in their budget are considered
To know what resources are considered in the calculation of their monetary awards
To request an explanation of the various programs in their financial assistance package
To consult with financial assistance personnel concerning their application for assistance
To consult with financial assistance personnel concerning any budgeting and/or financial problems which might arise
To cancel any loan proceeds received via electronic funds transfer up to fourteen days after the credit has been applied
Students have the following responsibilities
To complete all application forms accurately and submit them on time to the appropriate office
To provide correct information and to be aware that, in most instances, misrepresenting information on a financial aid form is a violation of federal law and may be a criminal offense
To provide any additional documentation, verification of information, and information or corrections requested by financial assistance before any funds will be disbursed
To read, understand, and retain copies of all forms requiring a student’s signature
To keep all of the agreements requiring a student’s signature
To know all of the sources of financial aid received and whether the aid is a loan, grant, or scholarship, and if the aid is a loan, to know to whom repayment must be made and the terms of repayment
To keep financial assistance informed of a correct address at all times while still in school and after graduation as long as any loans are outstanding
To inform financial assistance of any change in status as a student or of financial status. This includes but is not limited to marriage, divorce, the birth of a son or daughter, employment, and the employment of a spouse or parents
To complete an exit interview prior to leaving the university, either as a result of graduation or withdrawal
To check their university e-mail on a regular basis

Vocational Rehabilitation
The Texas Rehabilitation Commission offers assistance for tuition and fees for students with certain disabilities. Applications for TRC services are submitted to the Lubbock Regional Office of the Texas Rehabilitation Commission.

Contact Information
Lubbock Christian University
Financial Assistance Office
5601 19th Street
Lubbock, TX 79407
(806) 720-7176
financialassist@lcu.edu
Graduate Financial Assistance
To apply for financial assistance, each year students must complete and sign an LCU Application for Financial Assistance, State Residency Form, and the Free Application for Federal Student Aid (FAFSA) before federal aid can be awarded. Additional documentation may be required if the U.S. Department of Education selects the file for verification or if special circumstances exist that merit verification. Students selected for verification will be notified by financial assistance office personnel.

Loans
Loans are based on the financial need of the student and must be repaid. Repayment begins either after graduation or when students stop attending school.

Financial Assistance Award Procedures
In order to be considered for financial assistance, students must first apply for financial assistance. Financial assistance will only be disbursed when the financial assistance folder is complete, including each document requested by the financial assistance, admissions, and registrar offices. Student accounts are credited at the beginning of each enrollment period. State grant funds will not be credited until they are approved by the State of Texas, usually after September 1 for the fall semester, but later than the semester start date. Awards will be based on the number of hours for which a student is enrolled at the beginning of the enrollment period and the awards will be modified if the enrollment status changes.

Withdrawals
Students withdrawing from the university may be eligible for a refund of a portion of the tuition paid for the registration period. If students receive financial assistance, then a portion of the aid may need to be returned to the loan source that issued the assistance. Information about the Return to Title IV fund requirements and the institutional refund policy are available in the office of the registrar. Students intending to withdraw must begin the withdrawal process in the office of the registrar.

Grade of F in All Courses During an Enrollment Period
When a student begins a semester by attending classes but does not earn a passing grade in at least one class or fails to officially withdraw, the institution must assume that the student has unofficially withdrawn unless it can document that the student completed the enrollment period. A student who unofficially withdraws and receives all F’s will be placed on Financial Assistance Suspension immediately.

Repeating Courses
Students repeating a course for the first time will be allowed to count it toward assistance eligibility. Courses repeated for the second time, or more, will not be counted towards assistance eligibility for that period of enrollment.

Enrolling in Courses not Required for the Degree
Students are responsible for enrolling in courses which apply to their degree plan. Enrolling in courses not required for a degree plan may affect the eligibility for aid. Students must notify financial assistance when enrolling in courses outside of their degree plan.
Maintaining Eligibility for Financial Assistance
To be eligible for financial assistance, students must maintain satisfactory progress. Financial assistance recipients will be evaluated at the end of each enrollment period. When financial assistance recipients fail to meet the GPA requirement, recipients will be placed on financial assistance warning or suspension, as appropriate.

Financial Assistance Warning and Suspension
Students failing to meet the required GPA, will be notified that they are on financial assistance warning for the next succeeding payment period and in danger of losing their aid. If during a period of financial assistance warning, students fail to meet the required GPA, they will be placed on financial assistance suspension and will be ineligible for aid. Information regarding the appeal process is provided to the student in writing after student records are reviewed at the end of each payment period. Where extraordinary circumstances exist, students may present in writing their request to appeal the suspension. The appeal should be given, or mailed/eyed, to the Director of Financial Assistance. The appeal will be presented to the Student Financial Assistance Committee that will make the final decision regarding the suspension. Students will need to meet with the committee at the time and place scheduled by the director. If the student has an appeal approved, the student is placed on financial assistance probation for one payment period and is eligible for Title IV aid. If the student will require more than one payment period to reestablish eligibility with SAP standards, the student may be placed on academic plan. The student will be on financial assistance probation during the first payment period of the academic plan. Students must meet SAP requirements at the end of the payment period or meet the requirements of the academic plan to continue to be eligible for aid. Failure to meet SAP or the requirements of the academic plan will result in the suspension of Title IV aid until the student regains eligibility by meeting SAP requirements. Students will be notified in writing of the requirements that must be met.

Continued Eligibility Requirements for Federal Programs
Students must be in compliance with the following.

- Be U. S. citizens or lawful permanent residents
- Be in financial need
- Be able to maintain satisfactory academic progress
- Be enrolled, or accepted for enrollment, as at least half-time students
- Not be in default on a Federal Perkins Loan (NDSL), Federal PLUS, or Federal Stafford Loan
- Not owe a refund on a Federal Pell Grant, TEG, or FSEOG

Student Rights and Responsibilities
Students have the following rights.

- To know what student financial assistance programs are available at the university
- To know the deadlines for submitting applications for each financial assistance program
- To know how their financial need was determined, including how various expenses in their budget are considered
- To know what resources are considered in the calculation of their monetary awards
- To request an explanation of the various programs in their financial assistance package
- To consult with financial assistance personnel concerning their application for assistance
- To consult with financial assistance personnel concerning any budgeting and/or financial problems
which might arise

- To cancel any loan proceeds received via electronic funds transfer (EFT) up to fourteen days after the credit has been applied
- Students have the following responsibilities
- To complete all application forms accurately and submit them on time to the appropriate office
- To provide correct information and to be aware that, in most instances, misrepresenting information on a financial aid form is a violation of federal law and may be a criminal offense that could result in indictment under the US Criminal Code
- To provide any additional documentation, verification of information, and information or corrections requested by financial assistance before any funds will be disbursed
- To read, understand, and retain copies of all forms requiring a student’s signature
- To keep all of the agreements requiring a student’s signature
- To know all of the sources of financial aid received and whether the aid is a loan, grant, or scholarship, and if the aid is a loan, to know to whom repayment must be made and the terms of repayment
- To keep financial assistance informed of a correct address at all times while still in school and after graduation as long as any loans are outstanding
- To inform financial assistance of any change in status as a student or of financial status. This includes but is not limited to marriage, divorce, the birth of a son or daughter, employment, and the employment of a spouse or parents
- To complete an exit interview prior to leaving the university, either as a result of graduation or withdrawal
- To check their university e-mail on a regular basis

Veterans Benefit Information
The university is approved for veterans programs except the Hazelwood Act. Depending on the program and eligibility, veterans may be paid a monthly allowance, tuition and fees, a housing stipend and/or book stipends from the Veterans Administration while attending college. Children of deceased veterans may be eligible for benefits. Applications for benefits should be completed and submitted on the VA website at www.gibill.va.gov. Veteran admission files must be complete and academic plans approved before the certification officer certifies enrollment for benefits. Complete veteran admission files must contain complete admissions documentation, an official military educational transcript, a copy of the DD Form 214, and a copy of the VA certificate of eligibility. Only classes meeting degree requirements are eligible for certification of benefits. Changes in major, class schedule and substitutions must be reported to the VA within a limited time frame, so each change must be discussed with the certification officer at the time of the change. Contact the certification official at janice.stone@lcu.edu or (806) 720-7270.

Academic Standards for Students Receiving VA Educational Benefits
Satisfactory Progress

- Students must be in good academic standing to be considered making satisfactory progress.

Probation and Unsatisfactory Progress

- Students who fail to maintain good academic standing are placed on probation for one semester. If students achieve a semester GPA of at least 2.00 during the probationary period, but have not achieved good academic standing, they may be continued on probation for one more semester. Students on probation and failing to achieve at least a 2.00 GPA at the end of the first probationary period and good academic standing by the end of the second probationary period are reported to the Veterans Affairs Regional Office as making unsatisfactory progress.

Bachelor of Arts in Psychology
The purpose of the study of psychology is to provide students an opportunity (1) to develop a better understanding of themselves and others, (2) to develop a broad base of knowledge about the field of psychology, and (3) to analyze critically psychological theories and principles from a Christian perspective. The psychology curriculum is designed to provide a core of knowledge about experimental, clinical, and counseling psychology. The program provides the flexibility that allows students to learn about psychology in multiple settings. The flexibility of the program allows students to emphasize the acquisition of useful life skills while preparing for graduate programs or vocational opportunities. An emphasis in Sport and Exercise Psychology is available.

Admission to the Bible Major and Scholarships
Students must be formally admitted to the major to graduate with a degree in Bible. Pre-majors will usually apply for formal admission during their fourth long semester. Information about the requirements, deadlines, and applications for formal admission to the major is available from the department administrative assistant. A limited number of tuition discounts are available for majors. Scholarships and discounts may be renewed beyond the fourth long semester only if the student is formally admitted to the program. Formal admission as a major does not guarantee that one will receive a tuition discount. Tuition discount scholarships are awarded on a competitive basis each semester and require service to the department.

3 hours from ECO, FIN, GOV, or HIS
ESS 1200  Personal Fitness and Wellness
MAT 1311  College Algebra
3 hours from BIO, CHE, NRC or PHY
6 hours from AFA, Arts History, ENG, GOV, HIS, PHI, REL, FOL, or BIL

B. Major (36 hours)

  ▪ BOM 4304  Managerial Economics
  ▪ BOM 4305  Personal Values and Organizational Ethics
  ▪ BOM 4306  Managerial Accounting
  ▪ BOM 4312  Managerial Finance
  ▪ BOM 4326  Strategic Management
  ▪ BUA 2310  Business Statistics
  ▪ BUA 3302  Case Study Analysis
  ▪ BUA 3305  Principles of Marketing
  ▪ BUA 4320  Leadership
  ▪ COM 3310  Systems in Organizational Communication
  ▪ MGT 3301  Organizational Behavior and Theory
  ▪ MGT 4306  Human Resource Administration

C. Supporting Courses (18 hours)

  ▪ 18 hours from ACC, BUA, IST, COM, ECO, FIN, HSC, MGT, PSY, SOC, or SWK

D. Electives (28 hours)

E. Total (120 hours)

Bachelor of Science in Organizational Leadership

The BS in Organizational Leadership is offered online accommodate the needs of self-directed adult learners.

A. University Core (38 hours)

  ▪ BIB 1310  Introduction to the Old Testament
  ▪ BIB 1320  Introduction to the New Testament
  ▪ COM 2340  Communication for the Professional
  ▪ ENG 1301  Composition Studies
  ▪ ENG 1302  Composition and Literature
  ▪ 3 hours from
    ▪ PSY 1300  General Psychology
• SOC1300 General Sociology
  • 3 hours from HIS
  • 3 hours from ECO, FIN, GOV, or HIS
  • ESS1200 Personal Fitness and Wellness
  • MAT1311 College Algebra
  • 3 hours from BIO, CHE, NRC or PHY
  • 6 hours from AFA, Arts History, ENG, GOV, HIS, PHI, REL, FOL, or BIL

B. Major (36 hours)

• BOM4305 Personal Values and Organizational Ethics
• BOM4312 Managerial Finance
• BOM4324 Organization Theory
• BOM4325 Leadership in Organizations
• BOM4326 Strategic Management
• BOM4352 Special Topics in Leadership
• BUA3302 Case Study Analysis
• BUA4320 Leadership
• COM3310 Systems in Organizational Communication
• MGT3300 Principles of Management
• MGT3301 Organizational Behavior and Theory
• MGT4306 Human Resource Administration

C. Supporting Courses (18 hours)

• 18 hours chosen from ACC, BUA, IST, COM, ECO, FIN, HSC, MGT, PSY, SOC, or SWK

D. Electives (28 hours)

E. Total (120 hours)

**Minor in Business Administration**
(18 hours)

• ACC2301 Principles of Financial Accounting
• ECO2301 Macroeconomics
• BUA3305 Principles of Marketing
• FIN3300 Corporation Finance I
• MGT3300 Principles of Management
• 3 hours from ACC, BUA, ECO, FIN, IST, MGT, or PFP

**Minor in Computer Programming Languages**
(18 hours)

• IST1350 Programming Logic
• IST2311 C++
• IST3321 Visual Basic
• IST3351 Web Design
• 6 upper level hours from
IST2314  C#
IST2323  Web Programming
IST3324  Java Programming
IST3322  Visual Basic for Applications
IST3330  Unix Applications and Administration

Minor in Digital Media Arts and Applications
(18 hours)

- DMA3332  Digital Fundamentals and Imaging
- DMA3341  Advertising Design
- DMA3342  Document Design
- IST3351  Web Design
- 3 hours from upper level DMA
- 3 hours from
  - DMA2343  Motion Graphics
  - DMA2344  Multimedia Design

Minor in Economics
(18 hours)

- ECO2301  Macroeconomics
- ECO2302  Microeconomics
- ECO3301  Intermediate Macroeconomics
- ECO3302  Intermediate Microeconomics
- 6 hours from following
  - BUA3310  Money and Banking
  - FIN4311  International Trade and Finance
  - Upper level ECO

Minor in Management Information Systems
(18 hours)

- IST2300  Microcomputer Applications
- IST3300  Advanced Spreadsheet Design
- IST3311  Management Information Systems
- IST3341  Database Management Systems
- IST3351  Web Design
- IST4380  Systems Analysis and Design

Minor in Information Systems and Technology
(18 hours)

- IST1350  Computer Programming I
- IST2300  Microcomputer Applications
- IST3332  Networking
- IST3341  Database Management Systems
• IST3351 Web Design
• IST4380 Systems Analysis and Design
Department of Chemistry

Faculty
- Julie Marshall, Ph.D., Chair
- Amanda Boston, Ph.D.
- Perry Mason, Ph.D.
- Byron Rogers, Ph.D.
- Jessica Rogers, M.S.
- Scott Young, M.S.

Degrees
- Bachelor of Science in Biochemistry
- Bachelor of Science in Chemistry
- Bachelor of Science in Chemistry with Education Certification

Bachelor of Science in Biochemistry
A. University Core (45 hours)

- BIB1310 Introduction to the Old Testament
- BIB1320 Introduction to the New Testament
- BIB3305 Christian Heritage
- BIB3310 Christian Life
- COM2340 Communication for the Professional
- ENG1301 Composition Studies
- ENG1302 Composition and Literature
- 3 hours from
  - PSY1300 General Psychology
  - SOC1300 General Sociology
- HIS2301 History of the United States I
- 3 hours from ECO, FIN, GOV, or HIS
- ESS1200 Personal Fitness and Wellness
- UNI1170 University Seminar
- MAT 1312 Trigonometry or higher
- CHE1307 General Chemistry I
- 6 hours from AFA, Arts History, ENG, GOV, HIS, PHI, REL, FOL, or BIL
- UNI2000 University Skills

B. Major (35 hours)

- CHE1107 General Chemistry Lab I
- CHE1308 General Chemistry II
- CHE1108 General Chemistry II Lab
- CHE3301 Organic Chemistry I
- CHE3101 Organic Chemistry I Lab
- CHE3302 Organic Chemistry II
- CHE3102 Organic Chemistry II Lab
- CHE3305 Analytical Chemistry I
- CHE3307 Advanced Instrumentation and Laboratory Methods
CHE 4311  Biochemistry I
CHE 4312  Biochemistry II
CHE 4323  Physical Chemistry I
UGR4388  Undergraduate Research
CHE4102  Senior Seminar
BIO3320  Analytical Biotechnology

C. Supporting Courses (39 hours)

MAT1402  Analytical Geometry and Calculus I
BIO1405  Majors Biology I
BIO1406  Majors Biology II
ENG3308  Technical Writing
BIO3310  Microbiology
BIO3111  Microbiology Lab
BIO3303  Cell and Molecular Biology
BIO3003  Cell and Molecular Biology Lab
PHY1303  General Physics I
PHY1103  General Physics I Lab
PHY1304  General Physics II
PHY1104  General Physics II Lab
9 hours from PSY, SOC, or HSC

D. Electives (7 hours)

E. Total (126 hours)

**Bachelor of Science in Chemistry**

A. University Core (46 hours)

BIB1310  Introduction to the Old Testament
BIB1320  Introduction to the New Testament
BIB3305  Christian Heritage
BIB3310  Christian Life
COM2340  Communication for the Professional
ENG1301  Composition Studies
ENG1302  Composition and Literature
3 hours from
  - PSY1300  General Psychology
  - SOC1300  General Sociology
3 hours from HIS
3 hours from ECO, FIN, GOV, or HIS
ESS1200  Personal Fitness and Wellness
UNI1170  University Seminar
MAT1402  Analytical Geometry and Calculus I
CHE1307  General Chemistry I
6 hours from AFA, Arts History, ENG, GOV, HIS, PHI, REL, FOL, or BIL
UNI2000  University Skills
B. Major (36 hours)

- CHE1107  General Chemistry Lab I
- CHE1308  General Chemistry II
- CHE1108  General Chemistry II Lab
- CHE3301  Organic Chemistry I
- CHE3101  Organic Chemistry I Lab
- CHE3302  Organic Chemistry II
- CHE3102  Organic Chemistry II Lab
- CHE3305  Analytical Chemistry I
- CHE3105  Analytical Chemistry Lab I
- CHE3406  Analytical Chemistry II
- CHE4102  Chemical Literature and Seminar
- CHE4311  Biochemistry I
- CHE4312  Biochemistry II
- CHE4323  Physical Chemistry I
- CHE4123  Physical Chemistry Lab I
- CHE4424  Physical Chemistry II

C. Supporting Courses (32 hours)

- 1 hour from ESS Activity Course
- IST2300  Microcomputer Applications
- IST3300  Advanced Spreadsheets
- 3 hours from IST or MAT
- ENG3308  Technical Writing
- MAT1403  Analytical Geometry and Calculus II
- MAT2404  Analytical Geometry and Calculus III
- MAT3306  Differential Equations
- PHY2301  Engineering Physics I
- PHY2101  Engineering Physics I Lab
- PHY2302  Engineering Physics II
- PHY2102  Engineering Physics II Lab

D. Electives (6 hours)

E. Total (120 hours)

**Bachelor of Science in Chemistry with Educator Certification**

Students planning to certify to teach are required to take the following courses in addition to the Bachelor of Science requirements outlined above. Refer to the educator certification section of this catalog for other requirements.

Pedagogy and Professional Responsibility (24 hours)

- EDS2310  Foundations of Education
- EDS4310  Assessment and Evaluation
- EDS4330  Managing Diverse Classrooms
- EDS4350  Design and Delivery
• EDS4360  Seminar in Education
• EDS4660  Student Teaching
• ESP3382  The Exceptional Child

**Minor in Chemistry**
Minor in Chemistry (18 hours)

• CHE1307
• CHE1107
• CHE1308
• CHE1108
• 10 upper level hours from two areas of chemistry (analytical, biochemistry, organic, or physical) with 2-3 hours from labs
Department of Communication and Fine Arts

Faculty
- Laurie Doyle, Ph.D., Chair
- Philip Camp, Ph.D.
- Ruth Holmes, Ph.D.
- Shawn Hughes, Ph.D.
- Michelle Kraft, Ph.D.
- Steven Lemley, Ph.D.
- Abraham Mata, Ph.D.
- Sara White, M.Ed.
- Don Williams, Ph.D.

Degrees
- Bachelor of Arts in Art Education
- Bachelor of Arts in Communication with an Organizational Communication emphasis
- Bachelor of Arts in Communication with a Mass Media emphasis
- Bachelor of Arts in Communication Design
- Bachelor of Arts in Spanish Education
- Bachelor of Arts in Music
- Bachelor of Music in Music Education
- Bachelor of Arts in Music with a Business emphasis
- Bachelor of Arts in Music with a Pre-Music Therapy emphasis
- Bachelor of Arts in Theatre
- Bachelor of Arts in Theatre Education

Bachelor of Arts in Art Education
A. University Core (45-46 hours)

- BIB1310  Introduction to the Old Testament
- BIB1320  Introduction to the New Testament
- BIB3305  Christian Heritage
- BIB3310  Christian Life
- COM2340  Communication for the Professional
- ENG1301  Composition Studies
- ENG1302  Composition and Literature
- 3 hours from
  - PSY2310  Lifespan Human Development
  - EDU3350  Educational Psychology
- 3 hours from
  - HIS2301  History of the United States I
  - HIS2302  History of the United States II
- 3 hours from
  - GOV2301  National Government
  - GOV2302  Texas State and Local Government
- ESS1200  Personal Fitness and Wellness
- UNI1170  University Seminar
- MAT1311  College Algebra
- 3 hours from BIO, CHE, NRC or PHY
- 6-7 hours from AFA, HIS, GOV, ENG, REL, PHI, FOL, or BIL
- UNI2000  University Skills

B. Major (48 hours)

- ART1303  Drawing I
- ART1304  Drawing II
- ART1305  Two-Dimensional Design
- ART2306  Life Drawing
- ART2307  Survey of Art History I
- ART2308  Survey of Art History II
- 3 hours from
  - ART2310  Ceramics
  - ART3310  Printmaking
- ART3302  Painting I
- 3 hours from
  - ART3304  Painting II
  - ART3309  Painting III
- 3 hours from
  - ART3305  History of Modern Art
  - ART4302  History of Art in the United States
- ART3306  Art and Children
- ART3308  Three-Dimensional Design
- ART4306  Teaching Art to Adolescents
- ART4308  Art Theory and Criticism
- ART4360  Senior Seminar: Senior Exhibit
- DMA3332  Digital Imaging

C. Supporting Courses (9 hours)

- 9 hours in two different areas from
  - DMA
  - ENG3304  Advanced Composition or more advanced ENG
  - FOL
  - PHI
  - REA3340  Reading Writing Connection
  - REL
  - THA4304  History of Theatre

D. Pedagogy (24 hours)

- 3 hours from
  - EEL2310  Teachers, Schools, and Society
  - EDS2310  Foundations of Education
- 3 hours from
  - EEL2320  Instructional Technology
  - EDS2320  Instructional Technology
- EDS4310  Assessment and Evaluation
• EDS4330 Managing Diverse Classrooms
• EDS4350 Design and Delivery
• EDS4360 Seminar in Education
• EDS4660 Student Teaching

E. Electives (3-4 hours)

F. Total (129-130 hours)

**Bachelor of Arts in Communication with an Organizational Communication emphasis**

A. University Core (45 hours)

• BIB1310 Introduction to the Old Testament
• BIB1320 Introduction to the New Testament
• BIB3305 Christian Heritage
• BIB3310 Christian Life
• COM2340 Communication for the Professional
• ENG1301 Composition Studies

Additional requirements for music majors:

Pass the piano proficiency requirement of MUS 1000 by the end of the sophomore year, which would mark the conclusion of four consecutive semesters of piano. The proficiency requirement must be met before students begin their student teaching, which makes it necessary for students to continue to enroll in piano until the proficiency examination is passed. The elements of the proficiency requirement are as follows.

- Harmonization/improvisation of simple accompaniments to melodies of 8 measures length using at least 3 triads (I, IV & V or V7) in block position and then with an arpeggiated bass pattern.
- Transposition of the same melody to a key one-half or a whole step away with block chords.
- Sight-reading of grade II piano music in which both hands are independent of each other.
- Two memorized pieces of the level of Classical Era sonatinas.
• One 4-part chorale-style piece played with music.
• Major and harmonic minor scales and arpeggios, ascending and descending, played in all keys with correct fingerings, one octave hands together, and two octaves, hands separately, with chord progressions of I, IV, I, V, V7, I.

• Pass a written departmental scales and key signatures test with a minimum grade of 70% at the conclusion of each semester of music theory in order to proceed to the next level of the music theory sequence.

• Present a performance recital in the major instrument of at least 45 minutes duration prior to student teaching.

• Attend and document 10 recitals each semester except while student teaching.

• Participate in at least one music area performance ensemble each semester in which the student is registered for 12 or more hours, except during student teaching. Unless approved by Music faculty, the performance ensembles that meet this requirement include Praise Choir, Chamber Singers, and Symphonic Band.

• Participate in the MUS 2000 Music Seminar each Friday afternoon until graduation or semester of student teaching. A grade will be given upon the completion of MUS 4360 Senior Seminar.

**Bachelor of Arts in Theatre Education**

This degree prepares students for teaching theatre. Involvement in two or more productions each year provides experience in the areas of acting, set design, musical theatre, and technical theatre. A focus on
the UIL one act play prepares students for involvement in directing a competition play. Theatre majors are required to audition for the fall and spring productions, and aid in productions, through performance or as part of the crew.

School of Education
The School of Education is recognized for preparing educators who are ready for the classroom. Even though theory is at the core, significant time is spent in very practical applications of the current best practices in the classroom. The traditional programs in education have a strong field-based component, allowing pre-service educators a variety of opportunities to work with children in the early childhood, middle school, and/or high school settings. Alternative programs are also available for individuals who have a bachelor’s degree and would like to pursue educator certification. The overall design of the program stems from careful review, state and national standards, and the best practices defined in current research and application. Programs comply with the No Child Left Behind Act. Other special features of the program include the following.

- Collaboration initiatives with local school districts to improve the education of students and the professional development of faculty.
- Student organizations such as Kappa Delta Pi National Honor Society (KDP) to provide for professional growth and the development of team spirit.
- A media center including a curriculum lab and library to assist students in the preparation of teaching materials.
- A variety of certification programs to meet specific needs.
- Individuals seeking certification in early childhood, middle school, or high school setting typically earn the Bachelor of Science in Interdisciplinary Studies (BSIS) degree. The faculty of the School of Education will serve as advisors and mentors to education majors.

Faculty
- David Boyer, Ed.D., Associate Dean of the School of Education
- Sam Ayers, Ed.D.
- Tonia Boyer, M.Ed.
- Cathy Box, Ph.D.
- C. W. Hannel, Ed.D.
- Jennifer Hardin, Ph.D.
- Annette Mahan, M.Ed.
- Gonzalo Ramirez Ed.D.
- Dana Reeger, M.Ed.
- Josh Wheeler, M.Ed.

Degrees
- Bachelor of Science in Interdisciplinary Studies in Early Childhood through 6th Grade Education
- Bachelor of Science in Interdisciplinary Studies in Middle School Education
- Bachelor of Science in Interdisciplinary Studies in Secondary Education

Programs
- Post-Baccalaureate/Alternative Educator Certification

Educator Certification Program

Title II Report
The Texas Education Agency and the Southern Association of Colleges and Universities accredit the Lubbock Christian University Educator Certification Program. The university holds membership in the
Consortium of State Organizations for Teacher Education (CSOTTE), the Texas Association for Colleges of Teacher Education (TACTE), Texas Directors of Field Experiences (TDFE), and the Texas Association of Certification Officers (TACO), Independent Colleges and Universities in Texas (ICUT), and Texas Coordinators for Teacher Certification and Testing (TCTCT).

Certification Programs
The university offers approved certification programs as follows:

- Early Childhood Education Core Subjects EC-6 Certification to teach all subject areas in pre-kindergarten through grade 6.
- Middle School Education-Specialist (Grades 4-8)–Certification to teach grades 4–8 in a particular teaching field. Teaching field options include math, science, reading/language arts, and social studies.
- Secondary Education (Grades 7-12)–Certification to teach grades 7-12 in one teaching field. Teaching field options include Mathematics, Chemistry, Life Science, Physical Science, Science, English, History, Social Studies, Business Education, and Technology Applications.
- All-Level Education (Grades EC-12)–Certification for EC-12th grade Art, Music, Physical Education, Spanish, or Theatre arts.

Certification programs are subject to change by the accrediting agencies. Students should check with their academic department advisor for exact requirements.

Educator Certification Council Policies
The Educator Certification Council is responsible for insuring that educator certification candidates possess the basic skills and qualities necessary to perform the duties of a beginning teacher in a professional and Christ-like manner. The council is comprised of the academic deans, all education faculty and faculty representing the departments offering educator certification. As required by the Texas Education Agency, the council has established admission requirements for all programs of study leading to educator certification. All education program candidates must be admitted into the Educator Certification Program prior to enrollment in the methods block of coursework. The council meets at the end of each long semester. Undergraduate students must submit a completed application portfolio by October 15/March 15 in order to enroll in Methods courses for the following semester.

Criteria for Admission to Educator Certification Program
- Reading–THEA score of 250 or better
- Mathematics–THEA score of 230 or better
- Writing–THEA score of 230 or better
- Oral Communication–grade of C or better in COM 2340, ENG 1301 and ENG 1302
- Critical Thinking–completion UNI 2000
- Successful completion of 60 hours
- Cumulative GPA of 2.75 on a 4.00 scale
- Successful completion of 12 hours in academic specialization (15 hours for Mathematics or Science) with minimum GPA of 2.75. University Core courses do not count toward the required hours.
- Grade of B or better in REA 3340 for EC-6 candidates
- Submission of an application portfolio containing the following items:
  - Recent photograph
  - Unofficial copies of all university transcripts
  - Documentation of THEA scores
• Recommendations from two faculty members from outside of the School of Education who are familiar with the student’s academic achievement and potential as an educator. One of these recommendations must come from a faculty member in the academic specialization area.

Admission to Educator Certification Program is based on the following criteria for Post Baccalaureate, Alternative Certification, and Masters candidates.

• Meet all qualifications for admission into the program
• A minimum GPA of 3.0 in certification program hours
• Successful completion of content TExES exam

Criminal Record Implications
Pursuant to the Texas Education Code, 22.083, candidates may be required to submit to a criminal history check prior to participation in activities that occur in a field-based setting. Students should be aware that licensing by the State of Texas may be influenced by a criminal history report. The university does not ensure licensing by the State of Texas. Students may contact the State for further information.

Educator Qualities
Educator candidates are to demonstrate the teaching qualities outlined in the Educator Certification Program Mission Statement or demonstrate a potential for positive development of these qualities. The Educator Certification Council will evaluate these qualities through an analysis of the faculty recommendations and the student self-evaluation that are included in the application portfolio. Interviews may be scheduled in the event of a question concerning the applicant portfolio. Educator qualities include the following.

• View teaching as a mission and ministry
• Have a desire to help others
• Have a commitment to the welfare of children
• Possess high moral and ethical standards
• Demonstrate openness to new ideas
• Possess effective oral and written communication skills
• Demonstrate emotional and physical health
• Demonstrate creative problem solving skills
• Demonstrate leadership
• Demonstrate strong academic background

Review of Application Portfolios
The School of Education will present the completed application portfolio of eligible students to the Educator Certification Council for review. The council will review the application portfolio and vote to:

• Admit the student unconditionally to the Educator Certification Program as an educator candidate; or
• Admit the student conditionally. Conditional admittance may be given to students who will meet the full requirements before the next long semester begins. Conditional admission will allow students to take PPR Core courses with the understanding that admission requirements must be met to achieve unconditional admission and to take additional PPR Core courses; or
• Deny Admission

Candidacy is no guarantee of recommendation for student teaching or educator certification. Educator
candidates must continue to demonstrate the appropriate progress toward the proficiencies and the qualities of a pre-service teacher. If admission is denied, a student must contact the Director of Certification to reactivate their application folder for the next council meeting if they wish to re-apply. If the council denies admission to a student that has met the basic academic criteria, a process for appeal is available through the Associate Dean of the School of Education.

Clinical Teaching Admission Procedures and Criteria
Educator candidates must submit an application for clinical teaching to the Coordinator of Field Placement by October 15/March 15 to enroll in clinical teaching for the following semester. Admission to clinical teaching is based on the following criteria for undergraduate candidates:

- Successful completion of 110 hours applicable to the academic plan
- A minimum overall GPA of 2.75
- A minimum GPA of 2.75 and a grade of C or above in each of the following categories (1) academic specialization, and (2) major. If a grade of C is not achieved, the student must retake the course and earn a grade of at least a C.
- Recommendations from the professional educators who supervised the pre-student teaching field experience
- Freedom from physical, speech, hearing, or emotional handicaps that are detrimental to teaching
- Successful completion of TExEX content examination in the certification field for secondary and all-level candidates

For Post Baccalaureate, Alternative Certification, and Master’s candidates, admission to clinical teaching is based on the following criteria:

- Must meet qualifications for admission into the program
- Complete Clinical Teaching Application, which is available from the Office Field Coordinator
- A minimum GPA of 3.0 in certification program hours
- Successful completion of the TExEX content examination

The council will review all applications and vote to either admit or deny admission to clinical teaching. If the council denies admission to an educator candidate who has met the basic academic criteria, a process for appeal is available.

Standards for Clinical Teaching
A grade of B or better in clinical teaching is required to receive a recommendation for an educator certificate.

Criteria for Educator Certification
Criteria for educator certification are as follows:

- Successful completion of clinical teaching, with a grade of B or better.
- Maintain acceptable program status as described in Clinical Teaching Admission and Criteria.

Post-Baccalaureate and Master's Degree candidates GPA requirements.

- A GPA of 3.0 in certification program hours.
- An earned baccalaureate degree from an accredited college or university with sufficient academic and
professional development course credit hours to meet the state requirements for an educator certificate.

- Demonstration of high moral and ethical character.
- Satisfactory level of performance on the required certification exams.

Approval is based on the following criteria:

- Educator candidates are eligible to take content exams prior to admission to the program and pedagogy exams upon recommendation of the Director of Certification.
- No previous felony or misdemeanor convictions. In compliance with 19 TAC 141.5, a computer background check will be made by the State Board for Educator Certification with the Texas Department of Public Safety.

Candidates may contact the office of the Director of Certification during the clinical teaching semester for state certification procedures. When the candidate has met all requirements and submitted all fees, the School of Education will recommend the candidate for certification to the Texas Education Agency.

Complaints
The university Educator Preparation Program encourages its participants and students to discuss their concerns with an appropriate program employee and make every reasonable effort to resolve concerns informally. However, participants in the program may submit written complaints at any time. Neither the program nor any program employee shall retaliate against participants for raising concerns or for submitting written complaints. Written complaints may be submitted using the university complaint system which is linked on the student right to know web page on the university web site. Procedures for resolving complaints and for appealing decisions are also provided on that link. If any complainant is not satisfied with an outcome, the complainant may file a complaint against the program with the Texas Education Agency. The Texas Education Agency complaint process can be found at this link. The Texas Education Agency complaint process is also linked on the student right to know web page on the university web site.

Bachelor of Science in Interdisciplinary Studies in Early Childhood Education
Requirements to be certified to teach age 4/Pre-K through 6th grade (Core Subjects EC6).

- ESL 3372 Teaching Multicultural/Multilingual Students
- ESL 3382 First and Second Language Acquisition

Methods Block

- EDS 4330 Managing Diverse Classrooms
- EDS 4340 Reading, Writing, and Thinking in Secondary and Middle Schools
- EDS 4350 Design and Delivery

Clinical Teaching Block

- EDS 4310 Assessment and Evaluation
- EDS 4360 Seminar in Education
- EDS 4660 Clinical Teaching

Notes: Grade of C or higher is required for each academic specialization and major course. To register for the Methods Block students must meet each requirement for unconditional acceptance into the Educator Certification Program.

D. Electives (9-12 hours)

E. Total (126 hours)

**Bachelor of Science in Interdisciplinary Studies in Secondary Education**
Requirements to be certified to teach grade 7 through 12.

A. University Core (45 hours)

- BIB 1310 Introduction to the Old Testament
- BIB 1320 Introduction to the New Testament
- BIB 3305 Christian Heritage
- BIB 3310 Christian Life
- COM 2340 Communication for the Professional
- ENG 1301 Composition Studies
- ENG 1302 Composition and Literature
- EDU 3350 Educational Psychology
- GOV 2302 Texas State and Local Government
- ESS 1200 Personal Fitness and Wellness
- UNI 1170 University Seminar
- MAT 1311 College Algebra
- 3 hours from
  - HIS2301 History of the United States I
  - HIS2302 History of the United States II
- 3 hours from BIO, CHE, NRC or PHY
B. Academic Specialization (48-51 hours)

Candidates must select either the composite or specialization route to complete this degree. The composite route consists of 48-51 hours in the chosen field listed below under composite teaching fields. The specialization route consists of 48 hours; 30 hours in one specialization content area and an additional 18 hours in a selected area of emphasis. The specialization route should culminate with certification in the area of specialization and the opportunity to add certification in the emphasis area after graduation.

Composite Teaching Field Route-select one of the following two composite teaching fields.

- Science-BIO 1305, 1405, 1406, 3300, 3303, 4303; CHE 1307, 1107, 1308, 1108, 3310; NRC 3323, 3023; PHY 1303, 1103, 1304, 1104, and from Texas Tech University or South Plains College, take GEOL 1303, 1101, 1304, and 1102 (50).
- Social Studies-HIS 1315, 1316, 2350, 3323; 9 hours from HIS 3313, 3315, 3325 recommended, 4302, 4313, 4314; 3 hours from HIS 4325 or 4326; 6 hours from HIS 3310, 3320, 3330; ECO 2301; GEG 2300 and 3342; GOV 2301, 2302, and 3 hours from GOV or POS (48).

Specialization Teaching Field Route-select one 30 hour area of specialization and one 18 hour emphasis area.

- Business Education-ACC 2301; BUA 1300, 3305, 3310, 4301; ECO 2301; FIN 2301, IST 2300, 3300; and MGT 3300.
- Chemistry-CHE 1307, 1107, 1308, 1108, 3301, 3101, 3302, 3102, 3310, 4311, 4312; and 6 hours from science list.
- English-ENG 3302, 3317, 6 hours from upper level American literature; 6 hours from upper level British Literature; and 12 hours upper level ENG.
- History-HIS 1315, 1316, 2350, 3323, and 3325; 4313 or 4314; 4325 or 4326; 3 hours from 3310, 3320, 3330; 3 hours from 3313, 3315, 4302, 4352; and 3 hours from ECO, GEG, GOV or HIS.
- Life Science-BIO 1405, 1005, 1406, 1006, 3300, 3303, 3003, 3304, 3004, 3305, 3005, 4102; CHE 3310; NRC 3323, 3023; and 3 hours from science list.
- Math-MAT 1310, 1312, 1313, 1402, 1403, 3302, 3303, 3305, 3350, 4350
- Physical Science-CHE 1307, 1107, 1308, 1108, 3301, 3101, 3302, 3102, 3310; PHY 1303, 1103, 1304, 1104; and 3 hours selected from science list.
- Technology Applications-IST 2300, 3332, 3351; DMA 2343, 2344, 3310, 3332, 3342; and 6 hours from IST or DMA.

Emphasis-The emphasis may be selected from one of the specialization areas or additional options including EC-12: Art, Music, Physical Education, Spanish, and Theatre. Please see content advisor and refer to the major courses listed in the appropriate section of this catalog.

C. Major (36 hours)

- EDS2310 Foundations of Education
- EDS2320 Instructional Technology
- ESP3382 The Exceptional Child
• ESL3372  Teaching Multicultural/Multilingual Student
• ESL3382  First and Second Language Acquisition

Methods Block

• EDS4330  Managing Diverse Classrooms
• EDS4340  Reading, Writing, and Thinking in Secondary and Middle Schools
• EDS4350  Design and Delivery

Clinical Teaching Block

• EDS4310  Assessment and Evaluation
• EDS4360  Seminar in Education
• EDS4660  Clinical Teaching

Notes:  Grade of C or higher is required for each academic specialization and major course. To register for the Methods Block students must meet each requirement for unconditional acceptance into the Educator Certification Program.

D.  Electives (3 hours)

E.  Total (132-135 hours)

Post-Baccalaureate/Alternative Educator Certification Programs for Initial Certification

Individuals who possess at least a bachelor's degree from a regionally accredited institution and who meet specific qualifications may be admitted into a special certification program. The specifics of the post-baccalaureate/alternative certification programs are outlined below.

Post-Baccalaureate Certification for Early Childhood Education

Admission Requirements

• An overall grade point average of 2.5 on a 4.0 system at the baccalaureate level
• Demonstration of skill in computing and technology through either successful completion of course work or proficiency review
• Demonstration of speech competency with emphasis on oral proficiency in the English language through successful completion of course work
• Successful completion of the following courses with a minimum GPA of 2.75

Post-Baccalaureate Early Childhood Education Course Requirements

15-18 hours from the following to be decided by post-baccalaureate advisor

• EEL 2310  Teachers, Schools, and Society/Tutoring
• EDU 3350  Educational Psychology
• BIO 1303  Integrated Science I or BIO 1304 Integrated Science II
• EEL 2307  Conceptual Development of Math for Elementary Teachers I
• EEL 2320  Instructional Technology
• EEL 3320  Early Childhood Education
• ENG 3300  Literature for Children and Young Adults
• REA 3330  Literacy and the Young Child
• REA 3340  The Reading Writing Connection/Observation

Methods Block

• EEL 4160  Teaching Certification I
• EEL 4301  Social Studies Methods/Practicum
• EEL 4302  Mathematics/Science Methods
• EEL 4320  Assessment and Evaluation
• REA 4350  Practical Applications to Reading
• REA 4360  Reading Across the Curriculum/Practicum

Clinical Teaching Block

• EEL 4170  Teaching Certification II
• EEL 4210  Classroom Management and Organization
• EEL 4340  The Elementary/Middle School
• EEL 4660  Clinical Teaching in Elementary/Middle School/Seminar

Notes: Grade of C or higher is required for each academic specialization and education course except for REA 3340, where a grade of B or higher is required. To register for the Methods Block students must meet each requirement for unconditional acceptance into the Educator Certification Program.

Post-Baccalaureate Certification for Middle School, Secondary and All-Level Certification

Admission Requirements

• Earned Bachelor degree with acceptable course work in an area of certification.
• 2.75 Cumulative GPA or 3.0 in last 60 hours.
• 24 approved hours (12 upper level) in proposed teaching field.
• 3.0 GPA in proposed teaching field.
• Students may not enroll in the Student Teaching Block until successful completion of the appropriate content TExES exam.
• Students that do not achieve an acceptable score on the appropriate content TExES certification exam will not be admitted to the program until they complete a certification deficiency plan consisting of undergraduate coursework in the proposed teaching field.
• Meet admission requirements.
• Successful completion, with a GPA of at least 2.75, in the following education courses.

Post-Baccalaureate Middle School, Secondary and All-Level Certification Course Requirements

• 3 hours from
  ◦ EDS 2310 Foundations in Education
  ◦ EEL 2310 Teachers, Schools, and Society
• ESP 3382 The Exceptional Child

Methods Block

• EDS 4330 Managing Diverse Classroom
• EDS 4350 Design and Delivery
• 3 hours from
  ◦ EDS 4340 Reading, Writing, and Thinking in Secondary and Middle Schools
• REA 3340 The Reading Writing Connection/Observations
• EDU 5329 Content Area Reading

Clinical Teaching Block

• EDS 4310 Assessment and Evaluation
• EDS 4360 Seminar in Education
• EDS 4660 Clinical Teaching

Students in this program may be eligible to complete a portion of these requirements through an internship. Consult your academic advisor for more information.

Bachelor of Arts or Bachelor of Science Degree with Educator Certification in Middle or Secondary School

Students seeking to earn a Bachelor of Arts or Bachelor of Science degree and educator certification must complete the following:

• Meet the requirements of the BA or BS degree
• Meet the requirements of the Educator Certification Program
• Successfully complete a secondary, middle school, or all-level area of specialization
• Successfully complete the education coursework consisting of:
  • 3 hours from
    • EDS 2310 Foundations in Education
    • EEL 2310 Teachers, Schools, and Society
• ESP 3382 The Exceptional Child

Methods Block

• EDS 4330 Managing Diverse Classrooms
• EDS 4350 Design and Delivery

Clinical Teaching Block

• EDS 4310 Assessment and Evaluation
• EDS 4360 Seminar in Education
• EDS 4660 Clinical Teaching, a grade of B or above is required

Notes: Grade of C or higher is required for each education course. To register for the methods block students must meet each requirement for unconditional acceptance into the educator certification program. Prior to enrolling in the clinical teaching block, students must pass the appropriate TExES exam for their specialization. Students in this program may be eligible to complete a portion of these requirements through an internship. Consult your academic advisor for more information.

Minor in Early Childhood Education

Completion of minor in early childhood education does not include coursework necessary for teacher certification.

(18 hours)

• EDU 3350 Educational Psychology
- EEL 3320 Early Childhood Education
- REA 3330 Literacy and the Young Child
- 3 hours from
  - ESL 3372 Teaching the Multicultural/Multilingual Student
  - ESP 3382 The Exceptional Child
- 6 hours from
  - ART 3306 Art and Children
  - EEL 2320 Instructional Technology or IST 2300 Microcomputer Applications
  - ENG 3300 Literature for Children and the Young Adult
Department of Exercise and Sport Sciences
Exercise and Sport Science is an intellectual and physical discipline that prepares students for a deeper understanding of physical activity, specifically, exercise and sport. The discipline derives its knowledge base from experiencing physical activity, studying the theoretical bases of physical activity, and experiencing professional practice centered in physical activity.

Faculty
- Kim McCullough, M.S., Chair
- Chris Huggins, D.PT., PT, COMT
- Laurel Littlefield, Ph.D.
- Darrell Price, M.Ed.
- Toby Rogers, Ph.D.

Degrees
- Bachelor of Science in Exercise Science with an Exercise and Health Promotion emphasis
- Bachelor of Science in Exercise Science with a Pre-Physical Therapy emphasis
- Bachelor of Science in Exercise Science with a Pre-Occupational Therapy emphasis
- Bachelor of Science in Exercise Science with an Athletic Training emphasis
- Bachelor of Science in Exercise Science with a Sport and Exercise Psychology emphasis
- Bachelor of Science in Physical Education
- Bachelor of Science in Sport Management

Programs
- Athletic Training/Fast Track
- Athletic Training Licensure
- Minor in Exercise and Sport Sciences

Bachelor of Science in Exercise Science with an emphasis in Exercise and Health Promotion
Prepares students for careers in fitness or clinical settings working with health, diseased, and injured populations.

A. University Core (46 hours)

- BIB1310  Introduction to the Old Testament
- BIB1320  Introduction to the New Testament
- BIB3305  Christian Heritage
- BIB3310  Christian Life
- COM2340  Communication for the Professional

Athletic Training Licensure
The athletic training licensure program meets the requirements of the Texas Department of Health for state licensure. Admission to the program is based on the following criteria.

- Submission of an application, high school and college academic records, a resume, and 2 letters of recommendation
- Vacancies in current staff
- Previous athletic training experience is preferred
- Completion of an interview with athletic training faculty/staff
- Students of the university seeking eligibility for the athletic training license issued by the Texas Department of Health must meet the following requirements
  - Earned baccalaureate degree
  - Successful completion of BIO 2401, BIO 2402, ESS 1200, ESS 1270, ESS 2310, ESS 2314, ESS 3301, ESS 3371 and ESS 4302
  - Successful completion of an apprenticeship program directed by the Lubbock Christian University licensed athletic trainer, which consists of 1800 clock hours conducted during a minimum of 5 fall and/or spring semesters
  - Current certification in standard first aid and adult cardiopulmonary resuscitation
  - Successful completion of the Texas Athletic Trainer Written Examination and the Texas Athletic Trainer Practical Examination

Students completing this program will be certified only in the state of Texas. Students interested in national certification should refer to the Exercise Science section of this catalog.

Athletic Training Emphasis Fast Track
The university has an affiliation with the Texas Tech University Health Science Center School of Allied Health that provides outstanding athletic training students an opportunity to complete a bachelor's and a master's degree in five years. Upon completion of the 106 semester hour program of study, students apply for admission to the TTUHSC Master of Athletic Training Program. Students admitted to the graduate program may transfer the necessary elective hours back to the university to fulfill the Bachelor of Science Degree. Students successfully completing both programs would be eligible to sit for the examination for state licensure and the examination for national certification as an athletic trainer. Specific requirements for Athletic Training Emphasis/Fast-Track are as follows. The university core and departmental core remain unchanged from the Exercise Science degree.

B. Major (23 hours)

- ESS1201 Introduction to Exercise Science and Sport Sciences
- ESS2310 Care and Prevention of Athletic Injuries
- ESS2314 Human Movement
- ESS3340 Motor Learning and Control
- ESS3341 Measurement and Evaluation in Exercise Physiology
- ESS3371 Physiology of Exercise

  ○ ESS3335  Exercise Psychology or ESS 3356 Sport Psychology
  ○ ESS3371  Physiology of Exercise
  ○ ESS4322  Sport and Exercise Nutrition
  ○ ESS4382  Life Span Motor Development
Honors Program
The University Honors Program provides students of high academic ability in all majors an opportunity to enhance their college educational experience with challenging and provocative courses as well as opportunities for cultural enrichment, semester internships, and study abroad programs. Honors faculty, the honors director, the provost, and the honors student representatives comprise the Honors Advisory Council, which makes policy and offers guidance to the program. Elected students comprise the Student Honors Advisory Council, which plans and executes extracurricular activities, including luncheons, service projects, and cultural events.

Benefits
- Additional honors academic scholarships
- Intellectually challenging interdisciplinary curriculum
- Small classes with the honors professors
- Distinctive transcript and diploma designation as Honors Scholar
- Research presentation and publishing opportunities
- Participation in local, regional, and national conferences
- Priority access to study abroad opportunities
- Priority placement in prestigious semester internship programs
- Eligibility for prominent graduate studies fellowships
- Enhanced opportunities for graduate and professional school

Affiliations
- Council on Undergraduate Research
- National Collegiate Honors Council
- Great Plains Honors Council
- National Association of Fellowship Advisors
- The Washington Center for Internships and Academic Seminars

Faculty
- Stacy Patty, Ph.D., Director
- Amanda Boston, Ph.D.
- Cathy Box, Ph.D.
- Tim Byars, J.D.
- Carole Carroll, Ph.D.
- Russell Dabbs, Ph.D.
- Kregg Fehr, Ph.D.
- Jennifer Hardin, Ph.D.
- Yvonne Harwood, M.A.
- Kenneth Hawley, Ph.D.
- James Henson, M.A.
- Steven Lemley, Ph.D.
- Byron Rogers, Ph.D.
- Mark Sneed, Ph.D.

Admission Requirements
Applications for the honors program must complete the online honors program application. Acceptance
in the honors program is based on the following criteria:

First-Time Freshmen:

- ACT composite score of 27 or higher or SAT total score of 1210 or higher on the critical reading and quantitative sections.

Transfer Students:

- ACT composite score of 27 or higher or SAT total score of 1210 or higher on the critical reading and quantitative sections, and an overall GPA of 3.5 or higher; or
- Completion of 12-15 honors hours from a two-year college honors program with an overall GPA of 3.5 or higher.

Current Students

- ACT composite score of 25 or higher or SAT total score of 1150 or higher on the critical reading and quantitative sections; and
- Written recommendation of a faculty member to the honors director.

Honors applicants who meet these criteria are offered admission into the honors program and an honors scholarship. Scholarship award amounts are determined after a review of the honors application package.

**Honors Curriculum**

Honors students enter the University Honors Program, which is open to students of any major. The program consists of 30 hours of required honors credit.

Honors Curriculum (51 hours)

- BIB1320 Introduction to the New Testament
- HON3306 Vocation and Life
- HON3304 Old Testament Seminar
- BIB3305 Christian Heritage
- HON3340 Communication for the Professional
- ENG1301 Composition Studies
- 3 hours from
  - HON1302 Writing About Literature
  - HON2301 Literature and Life
- 3 hours from
  - PSY
  - SOC
- 3 hours from
  - HON2306 History of the US II
  - HON3352 History of Science/Technology/Environmentalism
- 3 hours from
  - HON2310 Macroeconomics
  - HON3352 National Government
  - HON3352 Geography and Humanity
- ESS1200  Personal Fitness and Wellness
- MAT1311  College Algebra
- 3 hours from
  - CHE1307H  General Chemistry
  - HON2352  Engaging Contemporary Science
- HON3354  Philosophy Seminar
- 3 hours from
  - HON4354  Honors Seminar
  - HONUD  Contract Course in Major
- 3 hours from
  - HON4380  Senior Research
  - HONUD  Capstone Research in Major
- 3 hours from AFA, ART, Fine Arts History, ENG, REL, FOL, or BIL
- UNI1170  University Seminar
- UNI2000  University Skills

**Advanced Credit for Honors Courses**
Students who enter the honors program will receive advanced standing credit as follows.

- English 1301. Automatic credit if students have earned at least a 28 on the English portion of the ACT or 670 on the critical reading portion of the SAT.
- English 1302. Contingent credit is given if students have earned at least 28 on the English portion of the ACT or 670 on the SAT Critical Reading test, or have earned credit for ENG 1301 by taking it prior to admission to the university, or by passing the ENG 1301 CLEP test. Students who pass the honors core English course, HON 2301, with a grade of B or better will receive credit for English 1302 as well. Students who do not earn a B or better in HON 2301 must enroll in ENG 1302 in a subsequent semester.
- English 1301 and 1302. Credit is given for a pass rate of 80% or better on the Freshman College Composition CLEP exam. Students who do not have at least a 28 on the English portion of the ACT have the option to take these examinations.
- Math 1311. Automatic credit if students have earned at least a 28 on the math portion of the ACT or 670 on the Math portion of the SAT.

**Transfer Policy**
Only courses that are accepted as honors credit will apply toward the 30 hour honors course requirement. Students with 60 or more hours of credit must complete a minimum of 15 hours of honors courses offered at the university.

E. Total (120 hours)
Bachelor of Arts in Mathematics with an Emphasis in Pre-Engineering

The university is part of a cooperative program that enables its students to earn a BA in Mathematics with an emphasis in pre-engineering and a BS in Engineering from Texas Tech University (TTU) or West Texas A&M University (WTAMU). The first five semesters are taken at Lubbock Christian University and the remaining semesters are taken at one of the partnership universities. The BS in Engineering from TTU or WTAMU must first be earned to apply for the Lubbock Christian University degree.

During the second year at Lubbock Christian University, students must apply for and obtain admission to the TTU or WTAMU engineering programs. Other courses may be advised by TTU or WTAMU when a field of engineering is selected. Deviations or substitutions must be approved by the program coordinator at Lubbock Christian University.

Military Science Program
Students may pursue a four-year program of instruction that will lead to officer commissioning in the United States Army, in conjunction with earning any baccalaureate degree. See Army ROTC personnel at Texas Tech for qualifications and commissioning plan.

Air Force ROTC Course of Study
A. Basic Courses (first and second years - 4 hours)

- AES 1105 Foundations of the United States Air Force I
- AES 1106 Foundations of the United States Air Force II
- AES 2103 The Evolution of USAF Air and Space Power I
- AES 2104 The Evolution of USAF Air and Space Power II

B. Advanced Courses (third and fourth years - 12 hours)

- AES 3305 Air Force Leadership Studies I
- AES 3306 Air Force Leadership Studies II
- AES 4303 National Security Affairs and Preparation for Active Duty I
- AES 4304 National Security Affairs and Preparation for Active Duty II

Each class has a corresponding no-credit leadership lab that meets weekly. All classes and labs meet on the Texas Tech Campus.

Aerospace Studies
Students may pursue a four-year program of instruction that will lead to officer commissioning in the United States Air Force, in conjunction with earning a baccalaureate degree. See Air Force ROTC personnel at Texas Tech for qualifications and commissioning plan.
Department of Natural Sciences

Faculty
- Andy Laughlin, Ph.D., Chair
- Iona Balbridge, Ed.D.
- Rod Blackwood, Ph.D.
- Bart Durham, Ph.D.
- Caren Fullerton, Ph.D.
- Donna Harman, M.Ed.
- Kirt Martin, Ph.D.
- Lucy Porter, M.S.

Degrees
- Bachelor of Science in Animal Science
- Bachelor of Science in Animal Science with a Pre-Veterinary Emphasis
- Bachelor of Science in Natural Resources Ecology and Conservation
- Bachelor of Arts in Biology
- Bachelor of Science in Biology

Programs
- Pre-Health Professions
- Pre-Dental
- Pre-Medical
- Pre-Nursing

Introduction
The Department of Natural Sciences includes biological, ecological, and agricultural sciences. The scientific study of the diversity of organisms, including microbes, plants, animals, and humans and the interrelationships among these provide abundant opportunities for scientific careers in research, human health, animal health and production, environmental health and management, and science education. The department bases its approach to the study of science on the biblical view that God is the creator and sustainer of the universe. Students taking courses in the department are introduced to major concepts of biology, ecology, and agriculture such that they can discover and interpret the characteristics of nature as part of the creation of God. Students learn that science is not merely a collection of facts to be memorized, but a process by which to understand the world. Students are equipped to be successful with the skills of careful observation, critical thinking, careful investigation, and effective communication. Major emphases include:

Animal Science and Pre-Veterinary Medicine
The pre-veterinary science degree equips students for a career in veterinary medicine with specialized training in animal physiology and reproduction, as well as research procedures and techniques.

Health Professions
The department offers information-intensive, research-supplemented, and service-oriented programs to prepare students for medicine, dentistry, pharmacy, physician assistant, nursing, veterinary medicine, and the allied health sciences such as physical therapy, occupational therapy, optometry, and
chiropractic science. Students majoring in pre-medicine and pre-dentistry will seek the Bachelor of Science in Biology, while students majoring in pre-pharmacy, pre-PA, or any of the allied health sciences will pursue the Bachelor of Arts in Biology.

**Natural Resource Ecology and Conservation**
The degree in Natural Resources Ecology and Conservation provides students with a broad background in natural resources management and conservation with specific emphasis in ecology, wildlife and fisheries management, conservation biology, and environmental science. Students completing this program will be prepared for graduate education or for employment with governmental and private agencies that are directly involved in managing our natural resources. Examples of employment include Texas Parks and Wildlife Department, U.S. Fish and Wildlife Service, and private environmental consulting.

**Science Education**
Science content courses are taken by students preparing to teach biological sciences at the primary and secondary levels. Students seeking a degree in science education through the school of education must complete a designated block of science courses and demonstrate competency in science pedagogy.

**Undergraduate Research**
Field research projects and research in the biotechnology and microbiology labs prepare graduates of the department to enter graduate research programs. Research projects within the department and the biochemistry research lab provide opportunities for student involvement in research and to gain experience in multiple laboratory techniques and procedures.

Print This Degree

Bachelor of Science in Nursing
The Bachelor of Science in Nursing is accredited by the Accreditation Commission for Education
in Nursing (ACEN). This degree is designed for graduates of associate degree and diploma nursing programs who hold the RN license. Emphasis is placed on self-directed learning, promoting personal and professional growth, providing holistic, appropriate care to individuals, families, and communities, and populations, and encouraging independent action. Students may practice in a variety of health care settings in the Lubbock and the surrounding area. Time is spent in directed and independent practicum activities according to course requirements.

**Admission Requirements for Bachelor of Science in Nursing**

- Admission to the university
- Interview
- Current CPR certification
- Evidence of current or pending RN license
- Graduation from an accredited school of nursing
- Evaluation of official transcripts for each college or university attended
- Minimum of C in any prerequisite course and a GPA of 2.5 on 4.0 scale

**Additional Requirements**

- Student liability insurance fee of $65 is billed to students annually.
- Criminal background checks are required prior to enrollment. Information is available in the Department of Nursing office.

**Bachelor of Science in Nursing**

Degrees
- Bachelor of Arts in Criminal Justice
- Bachelor of Social Work

Criminal Justice
The purpose of a Bachelor of Arts in Criminal Justice is to prepare students to deal with the challenges of law enforcement in a changing society. The criminal justice program will instill a comprehensive knowledge of the criminal justice system while educating students to be critical thinkers who can communicate their thoughts effectively in oral and written form. The curriculum will familiarize students with facts and concepts, but will also teach students to use ethical behavior in applying this knowledge to related problems and changing situations. Graduates from this program will be members of professional organizations dedicated to selfless public service and will be vital in maintaining peace and curtailing lawlessness in our society. Criminal justice graduates find gainful employment in law enforcement, security, the courts, and correctional facilities. Graduates with a degree in criminal justice may find employment in juvenile and adult probation, municipal and county law enforcement, private security, hospital security, investigations, and warrant offices. Minimum employment requirements in law enforcement generally include the following:

- Be at least 21 years old
- Have no convictions for Class A misdemeanor or felony offense
- Have no convictions for Class B misdemeanor offense in the past 10 years
- Possess good mental and physical health
- Meet varying eyesight standards
- Have good moral character
- Possess a valid Texas driver’s license with minimum violations

The criminal justice degree is designed to meet the standards established by the Academy of Criminal Justice Sciences (ACJS). ACJS encourages baccalaureate programs to reflect a balanced presentation of a broad scope of criminal justice studies. The criminal justice degree focuses specifically on the five core areas identified by ACJS:

- Criminal justice and juvenile justice processes—law, crime, and administration of justice
- Criminology—causes of crime, typologies, offenders, and victims
- Law enforcement—police organization, discretion, subculture, and legal constraints
- Law adjudication—criminal law, prosecution, defense, and court procedures and decision-making
- Corrections—incarceration, community-based corrections, and treatment of offenders

Social Work
The Council on Social Work Education accredits the baccalaureate social work program at the university. Therefore, social work graduates are eligible to sit for the social work licensing exam to become Licensed Bachelor Social Workers. Graduates find employment in home health care agencies, schools, children’s homes, hospitals, nursing homes, MHMR, Children’s Protective Services, residential treatment facilities, criminal justice settings, agencies working with people with disabilities, and various other agencies. Graduates who wish to further their education are experiencing a high rate of success being admitted to Masters of Social Work programs throughout the United States. Most of those admitted are granted advanced standing that shortens the length of the master’s program to around 40-50 hours.

Goals
- To prepare students for beginning generalist social work practice with individuals, families, groups, communities, and organizations of diverse social and cultural backgrounds.
- To prepare students for effective service, based on the values of the social work profession and the mission of the university.
- To prepare students for graduate social work education.

Outcomes
Graduates of the university social work program will be able to do the following.

- Apply critical thinking skills within the context of professional social work practice.
- Understand the value base of the profession and its ethical standards and principles and practice accordingly.
- Practice without discrimination and with respect, knowledge, and skills related to client age, class, color, culture, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, and sexual orientation.
- Understand the forms and mechanisms of oppression and discrimination and apply strategies of advocacy and social change that advance social and economic justice.
- Understand and interpret the history of the social work profession and its contemporary structures and issues.
- Apply the knowledge and skills of generalist social work practice with systems of all sizes.
- Use theoretical frameworks supported by empirical evidence to understand individual development
and behavior across the life span and the interactions among individuals and between individuals and families, groups, organizations, and communities.

- Analyze, formulate, and influence social policies.
- Evaluate research studies, apply research findings to practice, and evaluate their own practice interventions.
- Use communication skills differentially across client populations, colleagues, and communities.
- Use supervision and consultation appropriate to social work practice.
- Function within the structure of organizations and service delivery systems and seek necessary organizational change.

Admission to the Program

Students interested in the Social Work major must see the Social Work faculty for academic and career advising. Any student may enroll in the pre-professional course, SWK 2300, however, only students admitted to the Social Work program are permitted to enroll in SWK 3301, 3302, 3303, 4610 or 4620. Once SWK 2300 is complete, Social Work majors must apply to be admitted to the program. In order to be admitted, students must have the following.

- An overall GPA of 2.25
- Completed ENG 1301 and ENG 1302 earning a grade of C or better in each course
- Successfully completed SWK 2300
- Completed a written application for admission
- Provided a reference from a non-social work faculty member
- Provided a personal reference

When the above requirements are met, the Social Work faculty consider the application and grant or deny admission to the Social Work Program. Students will be informed of the decision in writing. When applicants are denied admission, justification will be provided. Applicants refused admission may appeal, in writing. Students appealing a faculty decision must appear before the faculty for further consideration. At that time, applicants present additional information to support their application. Students may reapply for admission to the program.

Once admitted to the Social Work Program, students are evaluated once more before admission to SWK 4610 and SWK 4620. In the semester before admission to SWK 4610 and SWK 4620, students must demonstrate that the following are accomplished.

- Completion of the Field Placement application
- Overall GPA of 2.25
- 2.5 GPA in all social work major courses
- 2.5 average in SWK 3301, 3302, 3303
- Evaluated favorably by the Social Work faculty in professional ethics and values, in agreement with the NASW Code of Ethics
- Successful completion of UNI2000
- Oral interview with the Director of Field Education

The 2.5 average in the social work practice courses, SWK 3301, 3302, and 3303, will serve as a measure for determining a student potential to engage in effective social work practice. The practice courses provide opportunities for students to demonstrate practice skills, and therefore, if students have at least an average of 2.5, it is assumed they have demonstrated the potential to engage in effective social work practice.
practice. Within these practice courses, and other social work major courses, social work faculty evaluate student ability to recognize and demonstrate social work ethics and behavior. Ethics assignments required throughout the social work curriculum are used as the primary measure for evaluating student knowledge and demonstration of social work values and ethics. In addition to the outlined criteria, students are required to meet with the Director of Field Education to discuss guidelines for field and to identify field placement sites, prior to enrolling in SWK 4610 or SWK 4620. Students will either be approved or denied admission into SWK 4610 and SWK 4620, based upon the above criteria and procedures. Students will be notified in writing of the faculty decision. Students may appeal the decision using the original application process.

**Criminal Record Implications**
Many social service agencies do not allow volunteers and/or employees with criminal backgrounds. Therefore, it may be extremely difficult, if not impossible, to locate an agency where students with criminal backgrounds can complete their field practicum. In which case, it becomes the primary responsibility of a student with a criminal background to secure an approved field placement in accordance with the social work degree plan. The State of Texas reserves the right to deny a license to any person entering the field of Social Work with a criminal history. Therefore, upon their graduation students having a criminal background may be denied licensure by the State of Texas for this or any other reason the State deems relevant. Licensure eligibility is the sole decision of the State of Texas.

**Weekend Program**
The social work weekend degree completion program is designed for nontraditional students who are working or for students living outside the immediate Lubbock area who must commute to complete their degree. The program is designed for students who have completed an associate degree in a related field or who have completed approximately 60 hours of college course work from a regionally accredited college or university. Students who have all the required prerequisite courses can complete their bachelor's degree in social work in approximately 21 months. However, if students need to complete prerequisites for entry to the program, a social work advisor will meet with prospective students throughout the year to help them select appropriate prerequisite courses. Each course taught in the weekend format will include 4 weekends with the following schedule—Friday 7:00 -10:00 p.m. and Saturday 8:00 a.m. to 4:00 p.m. Each course will have 45 hours of face-to-face contact with the instructor. A student may take 2 weekend courses each semester, requiring 8 weekends on campus. The online courses will be taught using Moodle and will include online lectures, assigned readings, discussion groups, assigned videos, written assignments, and exams. The curriculum will include all the same courses taught in the traditional manner on campus.

**Bachelor of Social Work**
The social work program does not give academic credit for life experience or previous work experience.

  - PSY4321 Forensic Psychology
Graduate Behavioral Sciences
Graduates will have the knowledge, attitudes, and skills necessary for effective intervention in working with individuals, families, and communities. Each of the graduate faculty hold doctorates and have extensive experience in working with families in churches and social service agencies. Each graduate class is designed to help students master the competencies of an effective practitioner. Curriculum utilized in the graduate program has a strong base in current research and current best practices in the field.

Graduate Biblical Studies

Faculty
- Charles Stephenson, Th.D., Chair
- Steven Bonner, D. Min.
- Jeff Cary, Ph.D.
- Brandon Fredenburg, Ph.D.
- Jesse Long, Ph.D.
- Michael Martin, Ph.D.
- Stacy Patty, Ph.D.
- Mark Sneed, Ph.D.
- Mark Wiebe, Ph.D.

Degrees
- Master of Arts [Biblical Interpretation]
- Master of Arts in Christian Ministry
- Master of Divinity
- Master of Science in Family Ministry

Purpose
The purpose of graduate biblical studies is to, (1) strengthen professional knowledge and skills, (2) increase ability to perform independent study and traditional research skills, (3) attain excellence in ministry skills, and (4) increase knowledge of biblical texts and related subject areas.

Requirements
Graduate students at the university conduct research, read widely and critically in primary and secondary materials, and function as professionals displaying ethical and moral behavior patterned after the teachings of Jesus. The Master of Arts [Biblical Interpretation] is an online degree and may only be pursued by students who hold a baccalaureate degree in biblical studies, ministry, missions or a related field approved by the director of graduate biblical studies. If students choose to pursue this degree without the appropriate undergraduate degree, they must meet leveling requirements identified by the department of biblical studies and approved by the director of graduate biblical studies. Students in the Master of Science in Family Ministry, Master of Arts in Christian Ministry, and Master of Divinity must take at least 33% of their hours in hybrid formats.

Master of Arts [Biblical Interpretation]

Graduate Education
The graduate program in education offers two 36-hour, non-thesis Master's degrees, a Master of Education (M.Ed.) for those previously certified to teach in the state of Texas and a Master of Arts in Teaching (M.A.T.) for those seeking Texas teaching certification.

Faculty
- C. W. Hannel, Ed.D., Program Director
- Sam Ayers, Ed.D.
- David Boyer, Ed.D.
- Cathy Box, Ed.D.
- Judy Flagle, Ph.D.
- Jennifer Hardin, Ph.D.
- Bill Kingston, Ph.D.
- Karl Mahan, Ed.D.
- Gonzalo Ramirez, Ed.D.

Degrees
- Master of Education in Early Childhood
- Master of Education in Secondary
- Master of Education in Special Education
- Master of Education in Educational Diagnostics
- Master of Education in Educational Leadership
- Master of Arts in Teaching in Early Childhood
- Master of Arts in Teaching in Secondary
- Master of Arts in Teaching in Special Education

Certification Programs
- Educational Diagnostics
- Post-baccalaureate Secondary
- Post-baccalaureate Special Education
- Principal
- Superintendent

Mission
The mission of the graduate program in education is to prepare creative and innovative professional educators with high moral and ethical standards who view themselves as agents of change and who are committed to the welfare of children and have the understanding, attitudes, and skills necessary for effective teaching and leadership. Individuals desiring to complete requirements for Texas Educator Certification must apply to the Educator Certification Program through the certification office. Some course work is required in addition to the M.A.T. for completing teaching certification.

Purpose
The purpose of the Master's Degree in education is to provide qualified students with advanced academic training beyond the baccalaureate degree. Graduate education courses are designed (1) to strengthen the professional knowledge base and skills of the graduate student, as both teacher and administrator; (2) to increase independent study and seminar skills; (3) to strengthen the use of
traditional research skills; (4) to assist the student in valuing and conducting classroom based research; (5) to increase the instructional leadership skills of the student; (6) to encourage reflective analytical/critical thinking on the part of the student; and (7) to increase the ability of the student to analyze case studies related to educational experiences.

**Expectations**
Graduate students are expected to assume greater responsibility over their programs of study, to function productively in seminar structures, to conduct research on a regular basis, to read widely and critically in both primary and secondary materials, and to function as professional educators who display ethical and moral behavior and leadership patterned after the teachings of Jesus Christ.

**Graduate Orientation**
Once accepted into the graduate education program, graduate students must participate in a graduate orientation program prior to the completion of six semester hours.

**Semester Length**
Since this program is designed for the practicing professional educator, its academic year is divided into Fall or Spring A, which last 16 weeks, and Fall or Spring B and C, each lasting 8 weeks. Students may enroll in no more than 7 hours per term of evening and/or Saturday courses until they graduate with the master's degree. Exceptions to the semester hour limit must be approved, in advance, by the advisor.

**Early Childhood**
This major offers students opportunities to participate in advanced studies of content areas typically found in the elementary school through grade 6. State requirements are scheduled to change in the near future. Any state-mandated change may mean an alteration in these requirements, especially for the M.A.T. It also emphasizes school-based instructional leadership for those teachers who do not wish to become school administrators, but who desire to assume more leadership on their campuses in a variety of the following areas.

- Membership on site-based management teams
- Lead teachers
- Student teacher supervisors
- First-year induction or mentoring roles
- Curriculum writing and leadership
- Department leaders
- Other areas compatible with teachers in leadership roles

Students who desire to pursue the Master of Arts Degree in Teaching with a concentration in elementary education but are not certified to teach must complete an additional six hours of undergraduate reading courses and six hours of undergraduate clinical teaching beyond the master's degree. To meet TEA/State Board for Educator Certification requirements, students may have to enroll in additional leveling courses.

**Educational Leadership**
This 36-hour concentration will offer students opportunities to develop the knowledge and skills needed
to become a school principal or central office administrator as designated by the school. Students may pursue one of two strands to obtain the Principal Certification—educational leadership or educational technology. Under special circumstances, students may seek a master's degree in educational leadership without seeking certification. The Master of Education in Leadership leading to principal certification may be pursued on campus or online and may be completed in as few as 12 to 18 months.

Secondary Education
Secondary education offers students opportunities to participate in advanced studies of content areas typically found in the secondary school. It will emphasize school-based instructional leadership for those teachers that do not wish to become school administrators, but desire to assume more leadership on their campuses. Students desiring to pursue the Master of Arts in Teaching degree with a major in secondary education and are not certified to teach must complete six hours of undergraduate clinical teaching beyond the master's degree. To meet TEA/SBEC requirements, students may have to enroll in additional leveling courses.

Special Education and Educational Diagnostics
Special education offers students opportunities to develop the knowledge and skills needed to become a special education teacher. Students may pursue three specific programs, (1) a Master of Arts in Teaching degree in Special Education with an EC-12 Certification for those who have completed a bachelor's degree from an accredited college or university and meet graduate program admission requirements. Clinical Teaching in a special education classroom is required for this certification, or (2) A Master of Education degree in Special Education with a supplemental certification for those who have completed a bachelor's degree from an accredited college or university in education who hold a current Texas certification and who meet university graduate program admission requirements, and (3) a Master of Education degree in Educational Diagnostics for those who are already certified, who have taught at least two years, and who meet university graduate program admission requirements.

Master of Education in Early Childhood Education
Non-thesis degree program in early childhood education for individuals holding a Texas teaching certification.

(36 hours)

- EDU5301 Research for School Improvement
- EDU5303 Educational Technology

Graduate Nursing

Faculty
- Beverly Byers, Ed.D., RN, LMT, LMTI, Director of MSN program
- Cindy Ford, Ph.D., RN, CNE
- LaNell Harrison, Ph.D., RN
- Dan Hatch, DNP, APRN, FNP-BC, Coordinator of FNP program
- JoAnn D. Long, Ph.D., RN, NEA-BC

Degree
- Master of Science in Nursing

Admission to the MSN Program
- See graduate admissions section of university catalog.

Enrollment Requirements
- Student liability insurance is purchased by the Department of Nursing at group rates. A fee is assessed to cover the cost.
- Criminal background checks are required prior to enrollment. Information is available in the Department of Nursing office.
- Students need a current passport for enrollment in NUR 5306/5308 Global and Cultural Health I and II.

Professional Portfolio
Candidates for the MSN will develop a professional portfolio over the course of the program. Criteria for development of the portfolio are presented in the Introduction to Graduate Studies Course taken the first semester of enrollment. The concepts and purposes of the portfolio will be developed further in subsequent classes and are part of the capstone course. The portfolio enables students, in a formal setting, to present a synthesis of their graduate course work to the faculty, especially emphasizing how they have integrated its advanced concepts into their professional behavior as nursing educators and leaders and as family nurse practitioners. The portfolio is presented in the final semester of required coursework. Satisfactory portfolio development and presentation is required for successful completion of the MSN program.

Master of Science in Nursing
The Master of Science in Nursing is accredited by the Accreditation Commission for Education in Nursing (ACEN). The program is designed to equip the learner with the knowledge, skills, and values identified in the American Association of Colleges of Nursing (AACN) Essentials of Masters Education for Advanced Practice Nursing. The AACN essentials provide a foundation for the graduate curriculum. The Master of Science in Nursing has two tracks; Education/Leadership Track and Family Nurse Practitioner (FNP) Track. Each track has its own admission requirements and curriculum.

Master of Science in Nursing—Education/Leadership Track
The Master of Science in Nursing—Education/Leadership Track requires 35 hours. The ANA professional nursing standards domains of practice for the role of nurse educator (nursing professional development), nurse leader (nursing administrator), and National League for Nursing Core
Competencies of Nurse Educators are discussed within the program curriculum. Graduates who meet work experience and continuing education requirements are prepared for optional national certification as a nurse educator (staff development focus), or nurse executive through the American Nursing Credentialing Commission or the National League for Nursing (academic nurse educator certification). The program is designed to accommodate the registered nurse who is working full-time. It employs a combination of innovative methods to deliver the curriculum offered within a traditional semester. The majority of classes will use a short-course format meeting three to four days per semester supplemented with online instruction. Graduates from the program will be qualified to find employment in a variety of nursing education and leadership positions in hospital and community based health care organizations.

Education/Leadership Track Curriculum (35 hours)

- NUR5200 Introduction to Graduate Studies
- NUR5302 Research and Statistical Methods
- NUR5311 Professional Issues: Law and Ethics

  - NUR5313 Phamacotherapeutics
  - NUR5312 Pathophysiology
  - NUR5361 Interpersonal Counseling Skills in Human and Organizational Behavior
  - NUR5399 Independent Study

Master of Science in Nursing—Family Nurse Practitioner Track

The Master of Science in Nursing—FNP Track requires 46 hours. Approval for the addition of the track is pending from the Accreditation Commission for Education in Nursing (ACEN) and the Southern Association of Schools and Colleges (SACS). The MSN—FNP Track is designed to prepare graduates to sit for the American Nurses Credentialing Center (ANCC) or American Association of Nurse Practitioners (AANP) board certification exams to assume a primary care role in a clinical setting. Admission to the cohort-based program is limited. Applications are accepted beginning August 1 and close January 15 and the program begins each May. The program uses a combination of traditional and hybrid instructional delivery methods with a substantial amount of time in lectures, labs, and clinical experiences.

FNP Track Curriculum (46 hours)

- NUR5200 Introduction to Graduate Studies
- NUR5302 Research and Statistical Methods
- NUR5311 Professional Issues: Law and Ethics
• NUR5101 Advanced Practice Nursing and Forensics: High Risk Populations
• NUR5202 Family Nursing Practitioner Role, Leadership, and Theory
• NUR5204 Advanced Diagnostics and Procedures
• NUR5312 Pathophysiology
• NUR5313 Pharmacotherapeutics
• NUR5334 Advanced Health Assessment
• NUR5338 Advanced Nursing Care: Pediatrics
• NUR5341 Advanced Nursing Care: Adult/Geriatrics
• NUR5344 Clinical Practicum: Women/Prenatal
• NUR5640 Clinical Practicum: Primary Care Pediatrics
• NUR5643 Clinical Practicum: Primary Care Adult/Geriatrics
• NUR6300 Evidence-Based Project
Personnel

Board of Trustees
Jerry Harris, Chairman, Lamesa, Texas
Sam Beard, Vice Chairman, Southlake, Texas
Larry Hays, Secretary Treasurer, Lubbock, Texas
Neil Baldridge, Lubbock, Texas
Bill Bundy, Graham, Texas
Jim Cardwell, El Paso, Texas
Terry Creech, Midland, Texas
Mike Deans, Artesia, New Mexico
Agnes Dent, Lubbock, Texas
Linda Gaither, Lubbock, Texas
Kent Gaultney, Midland, Texas
B. R. Griffin, Lubbock, Texas
J.W. Hamby, Plainview, Texas
Royce Hunter, Fredericksburg, Texas
Lowell Johnson, Lubbock, Texas
George Lamberth, Colleyville, Texas
B. Ward Lane, Dallas, Texas
Tim Leslie, Lubbock, Texas
Don McKee, San Angelo, Texas
Quentin Mimms, Fairview, Texas
Jimmy Moore, Lubbock, Texas
Patti Patterson, Lubbock, Texas
Melisa Roberts, Lubbock, Texas
Alan Rhodes, Amarillo, Texas
Rhonda Rhodes, Englewood, Colorado
Eldon Schoolcraft, Midland, Texas

Kenneth Stephenson, Lubbock, Texas

David Stewart, Grants, New Mexico

Sharyn Webb, North Richland Hills, Texas

Mike Wischkaemper, Hobbs, New Mexico

Administration
President Tim Perrin, J.D.

Executive Vice President Brian Starr, Ph.D.

Provost and Chief Academic Officer Rod Blackwood, Ph.D.

Vice President for Enrollment Management Mondy Brewer, Ph.D.

Vice President for Financial Services Brandon Goen

Vice President for Technological Advancement Karl Mahan, Ed.D.

Vice President for University Advancement Raymond Richardson

Vice President for University Relations Warren McNeill

Vice President for Student Affairs Randal Dement

Assistant Vice President for Alumni and Community Relations Sheila Dye

Assistant Vice President for Institutional Effectiveness Randy Sellers

Full-Time Faculty
Shenai Alonge (2011), Lecturer of English, Department of Humanities, M.A., Lubbock Christian University, M.A., Texas Tech University.

David Cord Anderson (1996) Associate Professor of Leadership, School of Business, M.S., Amberton University.

Jana Anderson (2005) Assistant Professor of English, Department of Humanities, Director of the Writing Center, M.A., Abilene Christian University.

Iona Baldridge (1979) Professor of Biology, Department of Natural Science, M.A., University of Texas at Austin, Ed.D., Texas Tech University.

Jim Beck (1996) Assistant Professor of Missions, Department of Biblical Studies, M.S., Lubbock
Christian University

Susan Blassingame (1993) Professor of English, Department of Humanities, Dean of the J.E. and Eileen Hancock College of Liberal Arts and Education, M.Ed., M.A., Angelo State University, Ph.D., Texas Christian University.

Vanessa Bolyard (2015), Assistant Professor of Nursing, Department of Nursing, M.S.N., West Texas A&M University, D.N.P., Texas Tech University Health Sciences Center.

Steven Bonner (2008) Associate Professor of Youth and Family Ministry, Department of Biblical Studies, M.A., M.Div., Lipscomb University, D.Min., Fuller Theological Seminary.

Amanda Boston (2012) Associate Professor of Chemistry, Department of Chemistry, Ph.D., Texas Tech University.

Cathy Box (2008) Associate Professor of Education, School of Education, M.S., Ph.D., Texas Tech University.

Kaylene Brown (2014) Assistant Professor of Counseling, Department of Behavioral Sciences, M.Ed., Ph.D., Texas Tech University.

Jonna Byars (2000) Assistant Professor of Counseling, Department of Behavioral Sciences, M.Ed., Ph.D. Texas Tech University.

Matt Byars, (2008) Associate Professor of English, Department of Humanities, M.A. Texas Tech University, Ph.D., Georgia State University.

Tim Byars (2000) Associate Professor of Government, Department of Humanities, J.D., Texas Tech University.

Beverly K. Byers (1982) Professor of Nursing, Department of Nursing, Director of MSN Program, B.S.N., West Texas A&M, M.S., Texas Tech University, M.S.N., Texas Tech University Health Sciences Center, Ed.D., Texas Tech University.

Philip Camp (1996) Professor of Music, Department of Communication and Fine Arts, M.M., Arizona State University, Ph.D., Texas Tech University.

April Carrasco (2007) Assistant Professor of Social Work, Department of Social Work and Criminal Justice, B.S.W., Lubbock Christian University, M.S.S.W., University of Texas at Arlington.

Carole Logan Carroll (2000) Associate Professor of English, Department of Humanities, M.A., Ph.D., Texas Tech University.

LaLani Carter (2008) Lecturer of Behavioral Science, Department of Behavioral Sciences, M.A.,
Wayland Baptist University.

Jeff Cary (1999) Associate Professor of Theology, Department of Biblical Studies, M.S., Abilene Christian University, M.Div., Harding Graduate School of Religion, Ph.D., Baylor University.

Dana Cooley (2014) Assistant Professor of Criminal Justice, Department of Social Work and Criminal Justice, J.D., Texas Tech University.

Kathy Crockett (1997) Professor of Business and Leadership, School of Business, M.S., Ph.D., Texas Tech University.

Jeana Culbert (2006) Associate Professor of Social Work, Department of Social Work and Criminal Justice, M.S.S.W., Ph.D., University of Texas at Arlington.

Jennifer M. Dabbs (2001) Associate Professor of Sociology, Department of Social Work and Criminal Justice, M.A., University of Pittsburgh, Ph.D., University of North Texas.

Russell E. Dabbs (2001) Professor of Economics, School of Business, M.S., University of North Texas, Ph.D., The University of Tennessee, Knoxville.

Terry Delaney (2014) Assistant Professor of Nursing, Department of Nursing, M.S.N., Lubbock Christian University.

Laurie L. Doyle (1982) Professor of Fine Arts, Department of Communication and Fine Arts, Chair of Department of Communication and Fine Arts, M.M., Ph.D., Texas Tech University.

Bart Durham (2007) Associate Professor of Ecology and Conservation Biology, Department of Natural Sciences, M.S., Ph.D., Texas Tech University.

Kregg Fehr (2000) Professor of History, Department of Humanities, M.A., Midwestern State University, Ph.D., Texas Tech University.

Brian Fisher (2014) Associate Professor of Mathematics, Department of Mathematics, M.S., Ph.D., Oklahoma State University.

Cindy Ford (2009) Professor of Nursing, Department of Nursing, Director of Partnership Program, B.S.N., M.S.N., West Texas A&M University, Ph.D., Texas Tech University.

Brandon L. Fredenburg (2000) Professor of Bible, Department of Biblical Studies, Assistant Dean of the College of Biblical Studies and Behavioral Sciences, M.Div., Beeson Divinity School of Samford University, Ph.D., University of Denver and Iliff School of Theology.

Shauna Frisbie (2001) Associate Professor of Counseling, Department of Behavioral Sciences, M.S., Texas Tech University, Ed.D., Texas Tech University.

Jill Fuller (2001) Associate Professor of Social Work, Department of Social Work and Criminal Justice, Chair of Department of Social Work and Criminal Justice, B.S.W, Lubbock Christian University, M.S.S.W., University of Texas at Arlington, Ph.D. University of Texas at Arlington.

Caren Fullerton (2004) Associate Professor of Agriculture Economics and Business, School of Business
Administration, M.S., Texas A&M University, Ph.D., Texas Tech University.

Steve German (1996) Professor of Business, School of Business, M.B.A., Ph.D., Texas Tech University.

Gregg Greer (2007) Assistant Professor of Information Systems, School of Business, M.S.I.S., Baylor University, D.Sc., Dakota State University.

Michael Hardin (2005) Associate Professor of Behavioral Science, Department of Behavioral Sciences, Chair of Department of Behavioral Sciences, M.Ed., Ph.D., Texas Tech University.

Donna Harman (1991) Assistant Professor of Biology, Department of Natural Sciences, M.Ed., Texas Tech University.

LaNell Harrison (2002) Associate Professor of Nursing, Department of Nursing, Director of RN/BSN Program, A.D.N. South Plains College, B.S.N. Lubbock Christian University. M.S.N. West Texas A&M University, Ph.D., Texas Woman’s University.

Daniel Hatch (2013) Associate Professor of Nursing, Department of Nursing, Coordinator of FNP Program, B.S.N., M.S.N., Texas Tech University Health Sciences Center, D.N.P., Texas Christian University.

Kenneth Hawley (2004) Associate Professor of English, Department of Humanities, M.A., Texas Tech University, Ph.D., University of Kentucky.

Chris Hennington (2008) Associate Professor of Counseling, Department of Behavioral Sciences, M.Ed., Texas Tech University, Ph.D., Texas Tech University.

Elizabeth Hennington, Assistant Professor of Human Services, Department of Behavioral Sciences, M.Ed., Ed.D., Texas Tech University.

Chris Huggins (2015), Assistant Professor of Exercise and Sport Sciences, Department of Exercise and Sport Sciences, D.PT., Texas Tech University Health Sciences Center.

Shawn Hughes (2010) Assistant Professor of Communication, Department of Communication and Fine Arts, M.A., Texas Tech University.

David Joyner (1984) Assistant Professor of Mathematics, Department of Mathematics, M.A., Eastern New Mexico University.

Billy Kingston (2008) Associate Professor of Education, School of Education, Director of Graduate Education Studies, Ph.D., Texas A&M University.
Michelle Kraft (1994) Professor of Art, Department of Communication and Fine Arts, Assistant Dean of the J.E. and Eileen Hancock College of Liberal Arts and Education. M.A., West Texas A&M University, Ph.D., Texas Tech University.

Andy Laughlin (2005) Associate Professor of Animal Science and Biology, Department of Natural Sciences, Chair of Department of Natural Sciences, M.S. Texas A&M University, Ph.D. Texas A&M University.

Steven S. Lemley (2012) Distinguished Professor of Communication, Department of Communication and Fine Arts, M.A., Pepperdine University, Ph.D. Ohio State University.

Laurel Littlefield (2013) Assistant Professor of Exercise and Sport Sciences, Department of Exercise and Sport Sciences, M.S., Texas Tech University, Ph.D. Baylor University.

Jesse Long (1993) Professor of Bible, Department of Biblical Studies, Dean of the College of Biblical Studies and Behavioral Sciences, Director of Graduate Bible. M.A., Alabama Christian, M.Ed., Georgia State University, M.Phil., M.A., Ph.D., Drew University.

JoAnn Long (1993) Professor of Nursing, Department of Nursing, Director of Research and Development in Nursing, A.D.N., B.S.N., Georgia State University, M.S.N., Troy State University, Ph.D., University of Texas Health Science Center, San Antonio.

LynnAnne Lowrie, (2007) Assistant Professor of Behavioral Science, Department of Behavioral Sciences, M.M.F.T., Abilene Christian University, Ph.D., Texas Tech University.

Tracy Mack (1995) Assistant Professor of Business, Interim Associate Dean of the School of Business, M.B.A., Texas A&M University.

Julie Marshall (1998) Professor of Chemistry, Department of Chemistry, Chair of Department of Chemistry and Biochemistry, M.S., Ph.D., Texas Tech University.

Kirt Martin (1978) Professor of Biology, Department of Natural Sciences, Assistant Dean of College of Professional Studies, M.S., Oklahoma State University, Ph.D., Texas Tech University.

Abraham Mata (2012) Assistant Professor of Spanish, Department of Communication and Fine Arts, M.S.I.S., Ph.D., Texas Tech University.

Kim McCullough (2010) Assistant Professor of Exercise and Sport Sciences, Department of Exercise and Sport Sciences, Chair of Department of Exercise and Sport Sciences, M.S., Texas Tech University.

Clyde Neff (2005) Associate Professor of Business, School of Business, M.B.A., West Texas State
Keith Owen (1994) Professor of History, Department of Humanities, M.A., Ph.D., Texas Tech University.

Tony Parnell (1993) Associate Professor of Social Work, Department of Social Work and Criminal Justice, M.S.S.W., University of Tennessee.

Stacy Patty (1992) Professor of Religion and Philosophy, Honors Program, Director of the Honors Program, M.Div., Harding University, S.T.M., Union Theological Seminary in the City of New York, Ph.D., Baylor University.

Vanda Pauwels (1998) Associate Professor of Accounting, School of Business, M.S., Ph.D., Texas Tech University.

Carlos Perez (2012) Assistant Professor of Behavioral Science, Department of Behavioral Sciences, M.M.F.T., Abilene Christian University, Ph.D., Texas Tech University.

Darrell Price (1971) Associate Professor of Exercise and Sport Sciences, Department of Exercise and Sport Sciences, M.Ed., Texas Tech University.

Ronna Privett (1999) Professor of English, Department of Humanities, Chair of Department of Humanities, M.A., Ph.D., Texas Tech University.

Karen Randolph (1978) Professor of Art and Digital Media, School of Business, M.F.A., East Texas State University.

Lamar Reinsch (2015) Distinguished Professor of Business Management, School of Business, M.A., Central Michigan University, Ph.D., University of Kansas.

Beth Robinson (1993) Professor of Counseling, Department of Behavioral Sciences, Director of Distance Learning Programs, M.Ed., West Texas State University, Ed.D., Texas Tech University.

Brad Rogers (2007) Assistant Professor of Organizational Management and Leadership, School of Business, M.A., University of Phoenix.

Byron Rogers (1986) Professor of Chemistry, Department of Chemistry and Biochemistry, Ph.D., Texas A&M University.

Jessica Rogers (2011) Assistant Professor of Chemistry, Department of Chemistry, M.S., Lehigh University.

Keith Rogers (1993) Associate Professor of Mathematics, Department of Mathematics, Chair of Department of Mathematics, M.S., University of North Texas, Ed.D., Texas Tech University.

Toby Rogers (2003) Professor of Exercise and Sport Sciences, Department of Exercise and Sport Sciences.
Sciences, Dean of the B. Ward Lane College of Professional Studies, M.P.T., Texas Tech University Health Sciences Center, Ph.D., Texas Tech University.

Jim Shewan (2005). Assistant Professor of Criminal Justice, Department of Social Work and Criminal Justice, J.D., McGeorge School of Law.

Ann Sims (2001) Assistant Professor of Mathematics, Department of Mathematics, M.A., Texas Tech University.

Mark Sneed (1999) Professor of Bible, Department of Biblical Studies, M.A., Harding Graduate School of Religion, Ph.D., Drew University.

Charles Stephenson (1975) Professor of Bible, Department of Biblical Studies, Chair of Department of Biblical Studies, M.Th., Th.D., New Orleans Baptist Theological Seminary.

Doug Swartz (2015), Assistant Professor of Natural Sciences, Department of Natural Sciences, Ph.D., Texas Tech University Health Sciences Center.

Mark Wiebe (2013) Assistant Professor of Theology and Church History, Department of Biblical Studies, M.Div., Abilene Christian University, Ph.D., Southern Methodist University.

Mark Wilkinson (2014) Assistant Professor of Nursing, Department of Nursing, M.S.N., Lubbock Christian University.

William Michael Whitley (2001) Associate Professor of History, Department of Humanities, M.A., Southwest Texas State University, Ph.D., Texas Tech University.

Don Williams (1969) Professor of Communications and Theater, Department of Communication and Fine Arts, Director of Graduate Programs, M.A., Ph.D., Texas Tech University.

Andrew Wood (2010), Instructional Director of Leadership, School of Business, M.Div., Southwestern Baptist Theological Seminary, Ph.D., Regent University.

Andy Young (1996) Professor of Behavioral Science, Department of Behavioral Sciences, M.S., Abilene Christian University, M.Ed., Ed.D., Texas Tech University.

Scott Young (2008) Assistant Professor of Physics, Department of Chemistry, M.S., San Diego State University.

Librarians
Paula S. Gannaway (1975) Director, M.L.S., Texas Woman’s University, M.Ed., Lubbock Christian University.

Karlee Vinyard (2015), Public Services Librarian, M.L.S., Texas Woman’s University.

Coaches
Nick Cordes (2014) Men’s and Women’s Cross Country Coach, B.S., Ashland University
Alex Denning (2011) Women’s Soccer Coach, B.A., Ouachita Baptist University
Todd Duncan (2011) Men’s Basketball Coach, B.S., Texas Tech University
Paul Gilbert (2016) Men’s Soccer Coach, B.S., Liberty University
Jennifer Lawrence (2004) Volleyball Coach, M.S., University of Texas of the Permian Basin
Course Descriptions and Symbols

Course Numbering
A four-digit number identifies each course. The following shows the meaning of each digit for the course number 1302.

- First digit–class level
- Second digit–number of credits
- Last two digits–sequence in department offerings. Final digit may indicate the semester the course is offered. Spring semester courses end in even numbers and fall courses in odd numbers. The letters F (fall), S (spring), or SU (summer) at the end of each course description indicates the semester the course will be offered. Term suffixes, such as O or E indicate odd or even numbered years. Departments may offer courses not listed in the catalog. Such courses are labeled special topics (52 suffix), undergraduate research (88 suffix) and, in graduate studies, writings and research (99 suffix).

Lower level courses

- 1000–freshman
- 2000–sophomore
- Upper level courses
- 3000–junior
- 4000–senior

Graduate courses

- 5000–6000

Symbols
- B–Course typically offered both fall and spring each year
- F–Course typically offered each fall semester
- S–Course typically offered each spring semester
- SU–Course typically offered each summer semester
- Y–Course typically offered year round
- O–Course typically offered every other year on odd numbered years
- E–Course typically offered every other year on even numbered years
- D–Course offered upon sufficient demand
- CO–Corequisite
- PRE–Prerequisite
- (3:1) Course includes a laboratory–first number indicates the lecture hours per week and the second number indicates the laboratory hours per week.
- PF–Course is Pass/Fail only; transcript will show P for credit, F for failure

(Accounting)

2302 Principles of Managerial Accounting. Cost concepts and cost allocation; job order and process costing; activity-based systems; budgeting and cost behavior analysis; performance measurement and
decision making. PRE: ACC 2301. S

3301 Intermediate Accounting I. Accounting environment; accounting process; financial statements; analysis of asset and liability elements. PRE: ACC 2302. F

3302 Intermediate Accounting II. Continuation of 3301. Analysis of stockholder equity elements; error and financial statement analysis. PRE: ACC 3301. S

3303 Cost Accounting. Cost concepts, behavior, and accounting techniques. Cost determination and decision making are emphasized. PRE: ACC 2302. F

3305 Special Problems in Accounting. Complex accounting applications. ACC 3302. F

4301 Consolidations. Advanced accounting course dealing with financial accounting and reporting in the area of business combinations. PRE: ACC 3301. F

4305 Income Tax I. Study of federal income tax laws as they affect individuals. Emphasis on application of income tax theory. PRE: ACC 2302. F

4306 Income Tax II. Corporations, partnerships, trusts, estates, and gifts. PRE: ACC 4305. D

4308 Auditing. Auditing concepts, standards, and objectives; auditing procedures; sampling techniques; internal control evaluation; the audit report. PRE: ACC 3301. S

4309 Estate Taxation. Federal taxation of estates, trusts, and estate planning. PRE: ACC 4305. D

4310 Accounting Systems. Theories, techniques, and procedures of accounting information systems for organizations. PRE: ACC 2302. D

4315 Financial Statement Analysis. Advanced study of financial topics specifically related to financial statements used primarily for making decisions to invest in business. Includes analysis of financial statements focusing on ratio, comparative and trend analysis, certain valuation concepts, and company comparisons. PRE: FIN 3300. D

4330 Internship. Work in an area of business utilizing skills developed in the accounting program. PRE: Minimum of 12 upper level hours in accounting and approval of the instructor. D

5301 Accounting Research. Accounting research using professional and scholarly literature of accounting. D

5304 Governmental Accounting. Accounting for governmental and nonprofit entities. PRE: ACC 2302. S

(AEC) Agriculture Economics

3304 Farm and Ranch Management. Economic and business principles applied for more profitable operation. D

3312 Natural Resources Economics. Integrated study of economic impacts of natural resources and private or political decisions that affect their uses. Focuses on local and regional case studies. Study of classical issues related to renewable and non-renewable resources as well as conservation and public
policy concerns. SE

3315 Agricultural Policy. Governmental policy relative to farm programs, resource conservation, foreign trade, and rural development. FO

4314 Agriculture Finance and Credit. Principles of agricultural finance emphasizing cost and return from use of capital and credit, types and sources of credit and role of agricultural lending institutions. PRE: AEC 2303. FO

(AES) Aerospace Studies
1105 Foundations of the United States Air Force I. Survey course that deals with the mission, organization, and function of the American military, especially as it applies to the United States Air Force.

1106 Foundations of the United States Air Force II. Survey course that deals with the Air Force in the contemporary world through a study of the total force structure, strategic offensive and defensive forces, general purpose forces and aerospace support forces.

2103, 2104 The Evolution of USAF Air and Space Power I and II. Survey course designed to examine general aspects of air and space power through a historical perspective. Historical examples are provided to analyze the development of the Air Force capabilities and missions as well as to demonstrate the evolution of today’s air and space power. Students also focus on basic verbal and written communication skills and USAF core values.

3305 Air Force Leadership Studies I. Introductory management course emphasizing the individual as a manager in the Air Force. Individual motivation and behavioral processes, leadership, communication, and group dynamics are covered to provide a foundation for the development of the junior officer’s professional skills as an Air Force leader. PRE: Acceptance into Professional Officer Course.

3306 Air Force Leadership Studies II. Leadership theory and management practice are amplified through study of management of forces in change, organizational power, managerial strategy and tactics, and leadership ethics. PRE: Acceptance into Professional Officer Course.

4303, 4304 National Security Affairs and Preparation for Active Duty I and II. Examines the national security process, regional studies, advanced leadership ethics, and Air Force doctrine. Special topics of interest focus on the military as a profession, officership, military justice, civilian control of the military, preparation for active duty, and current issues affecting military professionalism. Within this structure, continued emphasis is given to the refinement of communication skills. PRE: Acceptance into Professional Officer Course.

(AFA) Fine Arts
2350 Introduction to Fine Arts. Interdisciplinary course designed to introduce the student to basic elements of art, music, and theatre. Taught as a team effort by the music, theatre, and art departments. F

(AGR) Agriculture
1304 Principles of Soil Science. Study of the nature and properties of soils, including classification,
physical properties, ecology of the soil, soil fertility, and soil conservation principles and practices. SE

4102 Agricultural Literature and Seminar. Reading assignments, current agricultural information, informal discussions, oral and/or written reports on pertinent agriculture topics. S

(ANS) Animal Science
1303 Principles of Animal Science. Study of the modern field of animal agriculture. Emphasis on breeding, feeding, management, and marketing. (2:3) F

3314 Physiology of Farm Animals. Study of the physiological systems of animals including growth and development. S

3323 Physiology of Reproduction. Study of the reproductive processes in domestic animals with emphasis on male and female anatomy, endocrinology, estrous cycles, and fertilization. F

3403 Advanced Feeds and Nutrition. Chemical composition of foodstuffs; digestion, absorption, metabolism of nutrients and calculation of rations. S

4313 Concepts in Animal Health and Disease. Detailed study of the epidemiology and pathophysiology of diseases on domestic and wild animals. Major emphasis is placed on identification of risk factors, prevention, transmission, immunity and resistance, and pathogenesis of emerging and economically important animal diseases. SE

4324 Advanced Animal Nutrition. Biochemical and physiological bases for nutritional requirements of domestic animals. PRE: ANS 3403. SE

4330 Animal Science Practicum. Opportunity to visit selected livestock operations in the southwest. PRE: Junior standing and advisor approval. Travel fees. D

(ART) Art
1303 Drawing I. Introductory studio course in drawing with attention to black and white media. Attention to development of self-expressive communication and composition in drawing through the use of line, texture, value, space and perspective. F

1304 Drawing II. Further development of self-expressive communication and composition through drawing with emphasis on color media. PRE: 1303 S

1305 Two-Dimensional Design. Introduction to the role of formalist design in art and visual media, with emphasis on two dimensional works. Studio activities explore elements and principles of design and composition. B

2306 Life Drawing. Studio-based introduction to drawing the human figure using a variety of black and white and color drawing media. Drawing of live models and other figurative resources. PRE: ART 1304. FO

2307 Survey of Art History I. Survey of art history from prehistory to the 14th Century. Outside research required. F

2308 Survey of Art History II. Survey of Western painting, sculpture, architecture, and other arts from...
the 15th Century to the present. Outside research required. S

2310 Ceramics. Studio course in ceramics techniques, including hand-building and wheel-throwing approaches. SO

3302 Painting I. Introduction to painting that emphasizes visual self-expression/communication through basic techniques. PRE: ART 1303 or 1305. SO

3304 Painting II. Studio-based continuation of methods and concepts learned in Painting I, with water-media, including acrylic and watercolor. Continued development of perceptual awareness, rendering, composition, and creative problem solving through study that may include still-life, figure, landscape, and abstract/conceptual subjects. PRE: ART 3302. S

3305 History of Modern Art. Study of Western art history and theory from the late 19th century through the early 21st century, including developments in avant-garde Modernism, and Post-Modernism. Examines critical subtexts and cultural milieu that influenced the transformation of Modern art. Outside research required. Satisfies general core fine arts history requirement. PRE: Sophomore standing. S

3306 Art and Children. Studies and activities to promote creative art expression for children with an emphasis on current trends in art education. B

3308 Three-Dimensional Design. Studio experiences and discussion to develop the use of elements and principles of design, composition, and visual expression through three-dimensional forms. A lab fee may be collected for materials as needed. PRE: ART 1305. SE

3309 Painting III. Studio course that builds on methods and concepts learned in Painting I and II, with a concentration in oil-based media. Continued development of perceptual awareness, rendering, composition, and creative problem solving through study that may include still-life, figure, landscape, and abstract/conceptual subjects. PRE: ART 3302. S

3310 Printmaking. Studio course in printmaking techniques with focus on stenciling and relief printing. FE

4302 History of Art in the United States. Native American art, art during Colonial period through contemporary American artists. Emphasizes religious, political, economic, racial and other cultural contexts as reflected in period art. Satisfies general core fine arts history requirement. PRE: Sophomore standing. F

4306 Teaching Art to Adolescents. Course presents concepts and strategies for teaching in the secondary art classroom and addresses current art education and teaching practices for a diverse student population. F

4308 Art Theory and Criticism. Explorations in criticism and the theories that have shaped and/or responded to Modern and Post-modern art. Outside research required. S

4360 Senior Seminar. Independent or class study in selected area with departmental approval required. May be repeated for credit with different emphasis. D
**BIB** Bible

1010 Introduction to the Old Testament Supplement. Supplement to BIB 1310, for Bible majors who did not take BIB 1312 and have received credit for BIB 1310. Includes reading and writing designed to introduce the student to a critical introduction to the Old Testament. B

1020 Introduction to the New Testament Supplement. Supplement to BIB 1320, for Bible majors who did not take BIB 1322 and have received credit for BIB 1320. Includes reading and writing designed to introduce the student to a critical introduction to the New Testament. B

1310 Introduction to the Old Testament. Introduction to the Old Testament with careful attention given to God’s covenant relationship with Israel. B

1312 Introduction to the Old Testament for Majors. Introduction to the Old Testament for majors with careful attention given to God’s covenant relationship with Israel. Fee $210. F

2302 Interpretation: Hermeneutics. Study of the art of interpretation and implementation of a proper exegesis of a specific biblical text. Introduction to tools of biblical research. Fee $210. F

2303 Interpretation: Homiletics. Study of the art of preaching and its application to biblical text. Fee $210. S

3300 Romans. Exegetical study of Paul’s epistle with significant attention to Paul’s theology and pastoral directives for the Roman church. A section is offered in the fall for majors only. F

3305 Christian Heritage. Introduction to the historical and theological developments of the Christian church from the earliest days as recorded in the book of Acts to the present. B

3310 Christian Life. Integrate previous biblical studies instruction under praxis, textual studies, and service components. B

3312 The Nature of Scripture. Surveys the history of interpretive methods used in the study of scripture from pre-Christian Judaism through the present and explores ministerial and personal questions of faith that arise from a study of historical-critical methods, textual criticism, and canon formation. PRE: C in BIB 2302 or permission of instructor. S

4090 Practicum. Supervised internship in student area of ministry, culminating in a final, written report. Recommended for summer completion with fall enrollment. F

4302 Preaching Biblical Genres. Application of varied preaching forms to a selected biblical book or genres. PRE: BIB 2303. S

4311 Advanced Biblical Interpretation. Advanced studies in various areas of biblical interpretation. The specific semester emphasis, such as narrative exegesis, the Bible as literature, rhetorical criticism, and post-modern interpretation, will be reflected on the transcripts. Students may take the course only
once. PRE: BIB 2302 and 2303. F

4360 Bible Department Capstone. Supervised research project in student area of specialization, culminating in a final, written thesis. This course, together with the Practicum, represents the culmination of coursework. S

6300 Introduction to Graduate Studies. Introduces graduate students to the expectations of research, writing, and ministry implications associated with the rigors of a master's degree. Students who transfer at least 12 hours of graduate studies with a GPA of at least 2.75 may substitute another class for this offering. B

6302 Hermeneutics. Study of the history of the application of hermeneutics to the biblical text with an emphasis on the current questions in biblical interpretation. FO

6307 Preaching Biblical Genres. Application of varied preaching forms to a selected book or genres of the Bible. D

6308 Studies in the Old Testament Text. Critical study and analysis of a selected Old Testament book or genre for exegesis. Students may take each book or genre one time. D

6309 Social World of Christianity. Exploration into the environment in which Christianity arose and spread. The history, daily life, and institutions of the period will be examined in conjunction with relevant New Testament texts. D

6310 Introduction to the Old Testament. Advanced introduction to the Old Testament designed for exegesis and preaching with an emphasis on the historical, literary, and theological dimensions of the text. D

6313 Biblical Archaeology. Dynamics of the interplay of history, religion, and culture of the Near Middle East through an archaeological lens. Students encounter concepts of worldview, morality, religion, and culture. D

6314 Social Perspectives of the Old Testament. Exploration into the environment in which the Old Testament texts were written. The history, daily life, and institutions of the periods will be examined in conjunction with Old Testament texts. D

(BIH) Biblical History
6327 History of Christianity. Introduction to and survey of the history of Christianity, with an emphasis in the social, historical, and religious factors that influenced the formation of various groups and teachings. D
6329  American Church History. Survey of American church history focusing on the Restoration Movement, with an emphasis on the key personalities, teachings, and development of this period. D

**(BIL) Biblical Languages**

2311  Elementary Greek I. Elementary study of the grammar, syntax, and vocabulary of the Greek New Testament. F

3313  Elementary Hebrew I. Elementary study of the grammar, syntax, and vocabulary of the Hebrew Bible. FD

3324  Elementary Hebrew II. Further elementary study of the grammar, syntax, and vocabulary of the Hebrew Bible. PRE: BIL 3313. SD

4345  Intermediate Hebrew II. Further intermediate study of the grammar, syntax, and vocabulary of the Hebrew Bible. PRE: BIL 4336. SD

4357  Advanced Hebrew I. Advanced study of the grammar, syntax, and vocabulary of the Hebrew Bible. PRE: BIL 4345. D

4362  Advanced Greek II. Exegesis, with attention to advanced grammar, semantics, and textual criticism. PRE: BIL 4351. SD

4367  Advanced Hebrew II. Exegesis, with attention to advanced grammar, Hebrew poetry, and textual criticism. PRE: BIL 4357. D

6311  Elementary Greek I. Introduction to Greek grammar and vocabulary. FE

6312  Elementary Greek II. Greek grammar with an emphasis on reading in the New Testament. SO

6314  Elementary Hebrew I. Introduction to Hebrew grammar and vocabulary. FO

6315  Elementary Hebrew II. Hebrew grammar with an emphasis on reading in the Old Testament. SE
### (BIO) Biology

1303  Integrated Science I. Introduction to earth science and its relationship to the planets in the solar system, composition and atmosphere. Not for science majors. (2:3) F

1304  Integrated Science II. Study of matter and energy types and transformations. Includes a section on the relationship of plants and plant life to energy changes. Not for science majors. (2:3) S

1305  Contemporary Investigations in Biology. Contemporary issues in biology from evolution to genetics to ecology and ecosystem levels of biological organization. B

1405  Majors Biology I. Fundamentals of molecular biology, cell biology, and genetics. PRE: High school biology. (3:3) F

1406  Majors Biology II. Fundamentals of organization of both plants and animals, including biological diversity and interdependence. (3:3) S

2401  Human Anatomy and Physiology I. Structure and function of cells, tissues, and the general body plan; the integument, skeletal, and muscular systems. (3:3) F

2402  Human Anatomy and Physiology II. Continuation of BIO 2401. Structure and function of the endocrine, circulatory, respiratory, digestive, excretory, and nervous systems, as well as a study of fluid, electrolyte and pH balance of the body. (3:3) S

3111  Microbiology Lab. Lab to be taken concurrently with BIO 3310. For science majors only. B

3300  Genetics. Principles of inheritance from both a classical and molecular perspective. PRE: BIO 1405. S

3301  Introductory Genetics. Overview of the principles of inheritance for nursing majors. B

3303  Cell and Molecular Biology. Structure and functions of the cell. PRE: CHE 1305 or consent of instructor. (2:3) F

3304  Advanced Botany. Survey of the plant kingdom. Classification, structure, function and development are emphasized. (2:3) F

3305  Advanced Zoology. Survey of the animal kingdom. Classification, structure, function and development are emphasized. (2:3) S

3310  General Microbiology. Characteristics of microorganisms, their culture, uses, control and immunological aspects in industrial, domestic, and medical areas. Concurrent registration in the complementary laboratory course is required. PRE: CHE 1305 or 1307; BIO 1405 and 1406 or BIO 2401 and 2402. B

3314  Physiology of Reproduction. Study of the reproductive processes in domestic animals. Emphasis on male and female anatomy, endocrinology, spermatogenesis, fertilization, parturition, reproductive cyclicity, and reproductive behavior. F
3320 Analytical Biotechnology. Introduction to laboratory techniques and analysis used in biochemistry. Topics include gel electrophoresis, acrylamide electrophoresis, restriction enzyme digestion, transformation of cells, purification and analysis of DNA, protein purification, PCR, and bioinformatics. Laboratory exercises reinforce scientific method, lab safety, importance of laboratory notebooks, applied problem solving, and the fundamentals of instrumentation. (1:6) S

3322 Nutrition. Study of nutrients, their functions and food sources, recommended daily allowances, deficiency and toxicity symptoms, and sound principles for nutrition throughout the life cycle. B

3325 General Entomology. Introduction to entomology, including the biology and diversity of insects and an introduction to management of insect pests of man, animals and plants. (2:3) D

3406 Comparative Vertebrate Anatomy. Study of vertebrate structure with emphasis on comparison of organ systems. Representative forms will be used in the laboratory. PRE: BIO 2401 and 2402 or consent of instructor. (2:3) FO

4102 Biological Literature and Seminar. Review of classical and recent biological literature with both oral and written presentations required. PRE: Senior standing and 9 advanced hours in BIO. S

4112 Animal Physiology Lab. Animal physiology lab. CO: BIO 4312. S

4303 Evolution. History, evidences, and theories of the origin and development of living organisms. PRE: 6 hours of science. F

4312 Animal Physiology. Functions of animal systems with emphasis on digestion, respiration, circulation and endocrinology. CO: BIO 4112. S

4318 Biometrics. Introduction to statistics with primary emphasis on the biological and agricultural disciplines. Foundational principles of statistical theory and application including terminology, graphing, probability distributions, correlation, regression, experimental design, and statistical inference are covered. SE

4324 Embryology. Stages in development and the control of these processes with emphasis on the vertebrates. (2:3) SO

(BNT) New Testament

3303 General Writings. Intermediate studies of Hebrews, James, 1 Peter, 2 Peter, 1 John, 2 John, 3 John, Jude, and/or Revelation. Specific topics will appear on the transcript. FO

3306 Paul’s Epistles. Intermediate studies of 1 Corinthians, 2 Corinthians, Galatians, Ephesians, Philippians, Colossians, 1 Thessalonians, 2 Thessalonians, 1 Timothy, 2 Timothy, Titus, and/or Philemon. Specific semester topics will appear on the transcript. FE

4305 Synoptic Gospels. Advanced studies in Matthew, Mark, and/or Luke. Specific semester topics will appear on the transcript. SO
(BOM) Organizational Management
4304 Managerial Economics. Principles of economics used in managerial decision making related to resource allocation. F

4305 Personal Values and Organizational Ethics. Corporate social responsibility, stakeholder management and ethical models applied to case studies. Students develop a personal philosophy of ethics. S

4306 Managerial Accounting. Integrates external financial accounting with internal cost account environments. F

4312 Managerial Finance. Corporate finance in organizational financial planning. F,SU

4324 Organization Theory. Overview of the development of modern organization theory. S,SU

4325 Leadership in Organizations. Managerial leadership in organizations. S

4326 Strategic Management. Leadership roles in innovation and change management. Y

(BOT) Old Testament
3303 Poetry and Wisdom. Intermediate studies in Job, Psalms, Proverbs, Ecclesiastes, Song of Solomon, and/or Lamentations. Specific semester topics will appear on the transcript. FO

3304 Historical Books. Intermediate studies in Joshua, Judges, Ruth, 1 Samuel, 2 Samuel, 1 Kings, 2 Kings, 1 Chronicles, 2 Chronicles, Ezra, Nehemiah, and/or Esther. Specific semester topics will appear on the transcript. SE

3305 Minor Prophets. Intermediate studies in Hosea, Joel, Amos, Obadiah, Jonah, Micah, Nahum, Habakkuk, Zephaniah, Haggai, Zechariah, and/or Malachi. Specific semester topics will appear on the transcript. SO

3306 Old Testament Law. Advanced studies in Genesis, Exodus, Leviticus, Number, and/or Deuteronomy. Specific semester topics will appear on the transcript. PRE: BIB 3312 or permission of instructor. FE

4307 Major Prophets. Advanced studies in Isaiah, Jeremiah, Ezekiel, and/or Daniel. Specific semester topics will appear on the transcript. D

(BUA) Business Administration
1300 Introduction to Business. Survey of the nature of business and its relationship to society. Designed for beginning freshmen and students with no more than 6 hours of business administration courses. F

2199 Free Enterprise. Students in Free Enterprise participate in projects, attend competitions, and make presentations. F

2299 Free Enterprise. A continuation of BUA 2199. S

2310 Business Statistics. Collection, presentation, analysis, and interpretation of statistics applicable to
business. PRE: MAT 1311. B

3302 Case Study Analysis. Case study approach to identifying and solving problems in organizations. D

3305 Principles of Marketing. Current trends in marketing conditions, marketing agencies, factors affecting buying. F

3306 Consumer Behavior. Buying decision process and factors affecting buying behavior. Development of effective marketing strategy and tactics by understanding how and why consumers respond to marketing stimuli. PRE: BUA 3305. S

3310 Money and Banking. Organization and operation of commercial banks and the money market. Examination of central banking and monetary policy. PRE: ECO 2301. B

3320 Business Ethics. Examine various theories of ethics, stressing Christian ethics in a business context. Special emphasis on current topics in business ethics. PRE: ACC 2301. B

4199 Leadership in Free Enterprise. Leadership role in Enactus student organization. Identifying and initiating projects in free enterprise, recruitment of new team members, organizing team, and encouraging participation. Readings and other assignments are assigned to develop competencies in planning, leading, organizing, and controlling and their application to leadership in organizations. PRE: BUA 2299 and permission of Enactus coordinator. F

4299 Leadership in Free Enterprise. Continuation of BUA 4199. PRE: BUA 4199 and permission of Enactus coordinator. S

4300 Personal Selling and Sales Promotion. Selling and negotiating and sales promotion as related to new enterprise and ongoing firm. Promotional strategies especially for small business where uniqueness of promotional tools is more critical than in large businesses. PRE: Junior standing. D

4301 Business Law. Introduction to the law stressing contracts, negotiable instruments, agencies, mortgages, personal property, real property, and business organization. B

4304 Marketing Research. Research methods and techniques that aid marketing management and the application of these tools to the process of obtaining information upon which to base marketing strategy. PRE: BUA 2310 and 3305. D

4320 Leadership. Examines values-based leadership principles. Fee $100. B

4330 Internship. Work in an area of business utilizing skill developed in the Business program. PRE: Senior standing and approval of the instructor. Y

4380 Business Policy. Integrative course focusing on an organization’s pursuit of superior economic performance over a long term by deciding what business to be in and how to compete. This is a capstone course restricted to graduating seniors only. B

(CHE) Chemistry

1105 Inorganic Chemistry Lab. CO: CHE 1305. Fee $50. F, SU
1107  General Chemistry Lab I. CO: CHE 1307. Fee $50.  B

1108  General Chemistry Lab II. CO: CHE 1308. Fee $50.  B

1305  Inorganic Chemistry. Inorganic chemistry for pre-nursing, human science, non-science majors. CO: CHE 1105. F, SU

1307  General Chemistry I. Introduction to chemistry for students majoring in science. Includes gas laws, bonding theory, atomic structure, solutions, acid-base and redox reactions. PRE: CHE1305 or high school chemistry. CO: CHE 1107. F

1308  General Chemistry II. Continuation of CHE 1307, including basic inorganic chemistry, aqueous reactions, rates, equilibrium, nuclear and some descriptive chemistry. PRE: CHE 1307. CO: CHE 1108. S

3101  Organic Chemistry I Lab. Practice in basic operations and preparations of organic chemistry using micro lab ware. CO: CHE 3301. Fee $50.  F

3105  Analytical Chemistry I Lab. Practice in analytical chemistry with an emphasis on wet methods, gravimetric, titrimetric and potentiometric analyses. CO: CHE 3305. FO

3181, 4182 Undergraduate Research. Research in chemistry, where students complete a minimum of 180 hours, 12 hours a week for a 15 week term, work in the Biochemistry Research Laboratory in order to receive this credit. A paper summarizing the work, written in an appropriate journal style will be submitted by each student to the Research Supervisor/Course Instructor. May be taken up to four terms for a total of 4 credit hours of undergraduate research. PRE: Prior consent of Research Supervisor. B

3310  Laboratory Management and Demonstrations. Equips students to equip and organize a stockroom, conduct laboratory sessions with groups, and to safely and effectively use demonstrations. S

3301  Organic Chemistry I. Hydrocarbons, stereochemistry, and organometallics. PRE: CHE 1308. CO: CHE 3101. F

3302  Organic Chemistry II. Continuation of 3301 with other organic series, NMR, IR. PRE: CHE 3301. CO: CHE 3102. S

3305  Analytical Chemistry I. Quantitative chemical analysis by gravimetric and volumetric methods. CO: CHE 3305. FO

3307  Advanced Instrumentation and Laboratory Methods. Study in the use of spectroscopic, spectrophotometric and chromatographic instruments in chemical analyses and the chemistry behind the instruments. S

https://lcu.edu/majors-programs/catalog/full-catalog.typopdf
3320 Analytical Biotechnology. Introduction to laboratory techniques and analysis used in biochemistry. Topics include gel electrophoresis, acrylamide electrophoresis, restriction enzyme digestion, transformation of cells, purification and analysis of DNA, protein purification, PCR, and bioinformatics. Laboratory exercises reinforce scientific method, lab safety, importance of laboratory notebooks, applied problem solving, and fundamentals of instrumentation. PRE: CHE 3301 or CHE 2402. (1:6) D

3406 Analytical Chemistry II. Analysis by instrumental methods: spectroscopic, electrical, and chromatographic. (2:6) SE

4102 Chemical Literature and Seminar. Emphasizes acquaintance with chemical literature and how to make a literature search. Includes research projects and a research paper. D

4123 Physical Chemistry Lab I. Practice in physical chemistry where the experiments emphasize thermodynamics and kinetics. CO: CHE 4323. FE

4311 Biochemistry I. Structure and properties of proteins, enzymes, carbohydrates, lipids, bioenergetics, and intermediary metabolism. PRE: CHE 3301 or concurrent. CO: CHE 4111. F

4312 Biochemistry II. Nucleic acids, protein synthesis, nutrition, the immune system, drug metabolism, and hormones. CO: CHE 4112. S

4323 Physical Chemistry I. Introduction to theoretical chemistry. Gas properties, thermodynamics, equilibrium, and electrochemistry. PRE: CHE 1308 and MAT 1403 or concurrent. CO: CHE 4123. FE

4424 Physical Chemistry II. Quantum mechanics, kinetics, spectroscopy. (3:3) SO

(COM) Communication
1100,2100,3100,4100 Electronic Activity Lab. Involvement in various productions assisting in setup, running, and post production activities for video and audio at university games, productions, and chapel. May be repeated for credit. B

1351 Principles of Mass Media. Introduction to mass media and the major issues that influence media. The course will be predominantly a discussion of these major issues, such as freedom of the press, and how issues influence the journalist and society. F

2303 Principles of Announcing. Fundamentals of announcing theory focusing on clear diction, delivery style, and thematic elements of production. Students will produce audition tape for submission to industry. F

2311 Introduction to Public Address. Introduction to the basic theories of public speaking. An emphasis is placed on delivery skills and communication apprehension. Students learn to prepare and deliver informative and persuasive speeches in an appropriate manner. D

2312 UIL Events. Study of University Interscholastic League (UIL) speech events. Debate, oral interpretation, prose and poetry are among the events examined. Emphasis is placed on coaching and judging the events at the high school level. SE

2340 Communication for the Professional. Professional communication situations relevant to student
field. B

2348 Communication Theory. Introduction to formal research methods within the field and examination of quantitative and qualitative empirical techniques. F

2351 Introduction to Public Relations. Introduction to basic principles and trends of current public relations theories and practices and the workings of mass media. F

3301 Sports Writing and Reporting. Study of traditional storytelling formats with special instruction in sports style, interviewing techniques, research strategies, sports law, sports and new media, and issues of race and gender. F

3310 Systems in Organizational Communication. Systems approach to communication principles applied to managerial situations. D

3313 Interpersonal Communication. Study of the human communication process in one to one encounters. SO

3343 News Reporting. Fundamental principles of news gathering and reporting. Focuses on ethical standards of journalism and modern practices of reporting in a convergent media environment. Practical applications for print, video, and audio reporting across variety of electronic media platform. F

3350 Worship Media Production. Examines various issues, including song presentation software, media clips, copyright law, and use of live video in worship. Particular emphasis is placed on utilizing media to enhance worship and coordinating themed services. S

3354 Advertising. Study of mass media advertising, its selection and evaluation, including discussion of advertising theory, tactics and creativity. S

3371 Group Communication. Study of group behavior, participation, structure, leadership and the importance of group discussion to our society. F

3372 Intercultural Communication. Study of communication between peoples of various cultures and the issues that enhance and impede effective cross-cultural communication. SE

3374 Nonverbal Communication. Study of the various types of nonverbal behavior, as well as an examination of nonverbal issues such as deception, compliance gaining, and communicator competence. S

4330 Communication Internship. Communication experience in local business context under the direction and supervision of management and faculty. Internship requires 90 hours of field placement. PRE: COM 4374. B

4345 Introduction to Rhetorical Analysis. Examination of the theoretical elements of rhetorical theory, including an analysis and critique of contemporary artifacts. FO

4372 Organizational Communication. Study of communication networks found in various business, industrial, educational, and social organizations. S

4374 Persuasive Communication. Study of the psychological and rhetorical principles employed in
contemporary, social, political, and advertising campaigns. FE

5301 Communication in Organizations. Study of communication networks and styles operating in organizations, especially educational institutions, as well as the role of the professional educator in those structures. D

(COU) Counseling

5000 Professional Development Group. Explores how counseling issues and interactions may impact counselors on a personal level. Students engage in structural activities and participate in video conferences. Y

5091, 5092, 5093 Practicum Extension. Counseling experience involving integration of didactic and clinical material in the supervised practice of individual, group, marital, and family therapy. Weekly group and individual supervision sessions are included. PRE: Approval of program director. Fee for each: $1164. Y

5141 Christian Worldview in Counseling. Examination of the impact of a Christian worldview on individual and family beliefs, interaction, and structure. Consideration will be given to the role of a Christian worldview in counseling. Y

5310 Individual and Family Lifespan Human Development. Examines the stages of individual development as they occur in the context of the family life cycle. Consideration will be given to how various tasks, transitions, and events impact individuals and families at different stages of life. Students will integrate a linear individual perspective to human development with a systemic family perspective. Y

5314 Assessment of Individuals and Families. Examination of the major individual, marital, and family assessment strategies and instruments. Students will receive training in the use of both testing and non-testing approaches to assessment and appraisal. Attention will be given to the relationship between assessment, diagnosis, and treatment planning. Fee $100. Y

5320 Research in Counseling. Survey and analysis of existing research and research methodology in counseling. A review of the literature in selected areas is required. Major research reports are evaluated for methodological strengths and weaknesses. Fee $50. Y

5321 Statistics. Study of statistical concepts and their application to counseling. Emphasis on estimation and inferences, and statistical methods, including simple and multiple regression, single factor and multifactor analysis of variance, multiple comparisons, goodness of fit tests, contingency tables, nonparametric procedures, and power of tests. Y

5340 Professional Issues, Ethics, and Law. Focuses on the development of a professional attitude and identity as a marriage and family therapist and a professional counselor. Areas of consideration will include professional socialization, the role of professional organizations, licensure and certification, legal responsibilities and liabilities of clinical practice and research, family law, confidentiality issues, codes of ethics, the role of the therapist in court proceedings, and inter professional cooperation. Y

5353 Psychopathology of Individuals and Families. Detailed overview of psychopathology and analysis of psychopathology in educational and counseling settings. Students will receive training in the use of
the DSM-IV and its application. Diagnostic and treatment planning skills will be facilitated through the use of case studies. Y

5360 Counseling Theory and Practice. Examination of the major theoretical orientations associated with individual approaches to psychotherapy. Consideration will be given to Adlerian, behavioral, cognitive, humanistic, psychodynamic, and systemic approaches to intervention. Students will be expected to develop a coherent theoretical rationale for their therapeutic interventions. Y

5361 Techniques of Individual and Family Counseling. Introduction to the skills and understandings involved in developing effective helping relationships. The processes, principles, and techniques associated with group leadership and group counseling will be explored in this course. An experiential component of this course will help foster the development of basic interviewing, listening, and group leadership skills. Support group strategies and resources will be reviewed and evaluated. Y

5362 Career Counseling. Reviews concepts, issues, and trends in the field of career counseling and career education. It is designed to consider the role of the counselor in the career decision-making process of individuals across the lifespan. Consideration will be given to the relationships between work, career development, and family functioning. Y

5363 Group Psychotherapy. Overview of the principles, practices, and approaches to group counseling in school and community settings. Y

5364 Crisis Counseling. Study of crisis with emphasis on appropriate behaviors and responses to crisis. Applied therapeutic counseling in general and crisis intervention are presented along with strategies to alleviate crisis and deal with crisis aftermath. Y

5365 Advanced Counseling Techniques. Experiential emphasis on developing skills in using a variety of counseling techniques. Case conceptualization skills including diagnosing, eligibility intervention strategies, treating planning, and case monitoring are explored. Y

5381 Foundations of Marital and Family Therapy. Comprehensive overview of the various theories and models of marital and family therapy. Consideration will be given to the therapeutic skills and assumptions associated with the following treatment approaches: cognitive-behavioral, inter-generational, narrative, solution-focused, structural, and strategic. Students will participate in an in-depth exploration of their own families of origin. Y

5382 Premarital and Marital Therapy. Study of the various theories and models of mate selection, marital interaction, and marital intervention. Students will receive training in diagnosing and intervening in dysfunctional relationship patterns. Strategies associated with premarital counseling and divorce adjustment counseling will also be explored. Y

5383 Counseling Children, Adolescents, and Their Families. Intensive overview of therapeutic strategies for working with children, adolescents and their families. Consideration will be given to developmental psychopathology. Techniques and strategies from Adlerian, behavioral, cognitive, humanistic, psychodynamic, and systemic approaches will be presented. Y

5384 Addictions. Study of definitions of addiction, substance abuse and dependence, and counseling persons with substance abuse disorders and process disorders. Holistic approach to treatment and recovery is emphasized. Assessment, initial treatment, and intervention techniques are explored for

https://lcu.edu/majors-programs/catalog/full-catalog.typopdf  Page 208/259
rehabilitation of substance use disorders. Y

5385 Multicultural Counseling. Review of multicultural counseling literature. Focus on promotion of self-awareness and self-knowledge, facilitation of the construction of cultural knowledge to increase awareness and sensitivity to issues affecting multicultural populations, identification of intervention strategies applicable to multicultural clients, and promotion of development of a personal philosophy of substance abuse disorders. Y

5391 Counseling Practicum. Integration of didactic and clinical material in the supervised practice of individual, group, marital, and family therapy. Weekly group and/or individual supervision sessions are included. PRE: Approval of program director. Y

5392 Counseling Internship I. Integration of didactic and clinical material in the supervised practice of individual, group, marital, and family therapy. Weekly group and/or individual supervision sessions are included. PRE: Approval of program director. Y

5393 Counseling Internship II. Integration of didactic and clinical material in the supervised practice of individual, group, marital, and family therapy. Weekly group and/or individual supervision sessions are included. PRE: COU 5392 and approval of program director. Y

6000 Residency. Experiential residential activities to develop professional counseling skills. Students interact with peers, mentors, and professors to develop personal and professional insight. Fee required. Y

6062 Comprehensive Exam. Comprehensive, written examination for a graduate degree. To be taken during the last term. Y

(CRJ) Criminal Justice

2301 Introduction to Criminal Justice. Introductory course designed to familiarize students with the facets of the criminal justice system, the sub-systems and how they interrelate, processing of offenders, punishment and its alternatives, and the future of the criminal justice system. F

2302 Fundamentals of Texas Criminal Law. Study of Texas substantive procedural and evidentiary law with emphasis on the legal elements of the most commonly committed crimes as defined by the Texas Penal Code; warrants of arrest and search and seizure, including how to prepare affidavits in support of those warrants, for judicial approval and authorization based on the Texas Code of Criminal Procedure; the law of confessions and interrogations under Texas decisional law, and how to make lawful traffic stops under Texas criminal law. S

2303 Criminal Investigation. Overview of scientific crime detection and more detailed discussion of techniques for case management and documentation, the concept of proof, the impact of emergent technology on the investigative process, interacting with victims and witnesses, and interviewing suspects. Particular emphasis may be placed on the investigation of particular types of crimes, for example, homicides, sex offenses, child abuse, and hate crimes. F

2304 Legal Aspects of Law Enforcement. Investigation, arrest, search and seizure; constitutional and statutory law and the decisions of the United States Supreme Court and the Texas Court of Criminal Appeals. S
2305  Courts and Criminal Procedure. Examines procedural requirements for judicial processing of criminal offenders. Examines concepts of evidence sufficiency, standards of proof, due process, and constitutional safeguards. F

3301  Criminology. Overview of the major criminological perspectives and an examination of the social, political, and intellectual milieu within which each developed. The course focuses on the multidisciplinary nature of criminological thought. F

3302  Juvenile Delinquency. Adjustment of youths as they take on the roles and statuses culturally defined for their age group; emphasis on causation, treatment, and prevention of juvenile delinquency; sociological principles for working with youth. Delinquency is reviewed as a form of deviant behavior. S

3311  White Collar Crime. Study of the ideas and perspectives that are dominant in the field of white collar crime. Topics such as organizational crime, occupational crime, legislation aimed at white collar crime, law enforcement, causes of white collar crime, and possible forms of intervention will be discussed. F

3312  Violent Offenders. Introduction to psychological issues relating to understanding, assessing, managing criminal and other abnormal behavior. An overview of mental disorders and their relationship to criminality and violence is provided. Topics include sanity, psychopathy, criminal profiling, serial killers, stalking, women who kill, and threat assessment. S

3321  Understanding Sexual Offending. Overview of the sexual offender. The origins and various motivations that lie behind sex crimes are explored as are treatment strategies and their relative effectiveness with different offender groups. Various approaches to community supervision are examined as are controversial issues such as castration of sex offenders. F

3322  Social Deviance. Psychological and sociological aspects of socially deviant behavior; theoretical overviews and implications for social control and social policy. S

3323  Family Violence. Theoretical issues, both past and present, regarding family violence in order to provide the student with an understanding of the salient issues. In addition, attention will be given to the impact family violence has on the victim and society, legal aspects of family violence, key factors associated with recognition of family violence, and pertinent research focusing on the subject. F

3324  Corrections, Probation, and Parole. Overview of the corrections system in the United States, including the legal and practical aspects of probation, parole, and incarceration systems; the court process; alternatives to imprisonment; corrections systems and functions; studies of those institutionalized in corrections facilities, including male, females, juvenile, and other special offenders; legal rights of those in corrections systems; and systems to reintegrate offenders from corrections facilities back into the community and society. S

3326  Crisis Intervention. Study of crisis situations in multiple settings with emphasis on appropriate behaviors and responses to crisis. Applied therapeutic counseling in general and crisis intervention are presented along with strategies to alleviate crisis and deal with crisis aftermath. S

4321  Forensic Psychology. Study of the intersection of crime, law, and psychology. Emphasis will be placed on understanding how abnormal behavior is treated in the judicial system, as well as civil commitment and criminal competencies. F
4322 Drugs, Alcohol, and Behavior. Survey of psychological factors involved in drug use and an introduction to chemotherapy used in treatment of mental illness. S

4324 Crime Analysis and Crime Mapping. Overview of the field of crime analysis and crime mapping, including key concepts, definitions, and relevant criminological theory as well as methods and techniques of tactical, strategic, and administrative crime analysis and useful information about Internet sites that complement the topics discussed in class. S

4325 Forensic Computer Examination. Overview of high-technology crime; identity theft and other thefts on the information superhighway; digital child pornography and other abuses of children in cyberspace; financial fraud and con artistry on the Internet; investigating the Internet, including examination of online investigations and sting operations; seizure of digital evidence; obtaining and executing search warrants for digital evidence; law enforcement computer programs which aid in searching computer hard drives and computer media; legal issues pertaining to digital evidence; and the future of high-technology crimes. F

4326 Terrorism and Homeland Security. Focuses on criminology and controversy of terrorism and issues of homeland security, surrounding the post 9/11 era in which we live. The course will investigate known terrorist groups and their operations around the world, as well as the U.S. position on terrorism and the War on Terror. S

4327 Cyber Crimes. Examines the legal and practical issues surrounding technology-assisted crimes that generally use the internet directly to commit the crimes, including fraud, stalking, theft, drug trafficking, domestic and international terrorism. Explores how computers and media are used to store evidence of crimes. SU

4328 Death Penalty. Examines legal issues surrounding the death penalty, including a historical review of the death penalty from colonial times to the present; analysis of the foundational cases of Furman v. Georgia and Gregg v. Georgia; a study of the issue of racial discrimination in imposing the death penalty; the legalities of imposing the death penalty on the mentally impaired and juveniles; due process issues and the death penalty, including selection of jurors and mitigating factors in capital cases; issues surrounding appeals and Habeas Corpus in death penalty cases; the evolving standards of decency and the 8th amendment ban on cruel and unusual punishment; and a study of the trends in and the future of the death penalty. S

4329 Gangs. Overview of gangs in our society and the challenges they pose for the criminal justice system. Studies critical components of dealing with gangs directly and indirectly, including juvenile delinquency, criminology, and sociology. Emphasizes distinction between gangs and gang members and the differences between the individual and group perspectives. F

4333 Professionalism and Ethics in Criminal Justice. Study of theories and practices in areas of legality, morality, values, and ethics as they pertain to criminal justice. Included will be such topics as police corruption, brutality, and methods of dealing with such practices, as well as the concept of profession and professional conduct. F

(DMA) Digital Media Arts and Applications

2343 Motion Graphics. Beginning course in manipulating images in sequence with motion for web designers, graphic artists, etc. It utilizes graphics arts for expression and/or effective communication.
through motion for cartooning and interactive web design in a Mac environment. Lecture, demonstration, and hands on experience. Each student gains a working knowledge of Flash. Research project required. Fee $50. F

3310 Digital Video I. Basic techniques for editing and manipulating digital media, such as video, sound, animation, and lighting. Introduction to filmmaking, story boarding, shooting, editing, and production. Utilizes current software to manipulate and control image output. Combines dissimilar elements to form powerful imagery in a Mac environment. Course includes use of digital video camera, scanner, and Adobe software in a Mac environment. Research project required. PRE: DMA 2344. Fee $50. F

3331 Game Design. Introduction of game design with Unity 3D game engine including storytelling, game genre, theme, audience, production, player considerations, scripts, sequences, testing, and debugging. Research project required. Instructor permission required. Fee $50. F

3332 Digital Fundamentals and Imaging. Beginning course in digital photography, image manipulation, basic art elements, design principles, color theory, and composition. Utilizes Adobe Photoshop, a current image manipulation software along with beginning digital camera techniques, bringing dissimilar elements together in order to form powerful imagery. Course emphasis is on composition and development of self-expression. Access to a digital camera required. Research project required. PRE: Junior status. Fee $50. B

3341 Advertising Design. Beginning course for visual communicators, such as artists, graphic designers, marketing advertising, and image consultants, interested in graphic arts for expression and more effective communication. Includes advertising campaigns, editorial illustrations, oral presentations, retail packaging designs, and displays. Lecture, demonstration, and hands on experience. Students gain a working knowledge of Adobe Illustrator and Photoshop in a Mac environment. Research project required. PRE: ART 1305 or DMA 3332 and junior status or departmental permission required. Fee $50. F

3342 Document Design. Contemporary design, graphics and production of mass media publications, including brochures, newsletters, annual reports, magazines, newspapers, and web content with emphasis on desktop publishing technologies. Additional emphasis on typography, papers, inks, color, production and layout. Utilizes Adobe software InDesign and Photoshop. Research project required PRE: DMA 2344 or ENG 3318 or ECA 1300 and junior status or departmental permission. Fee $50. S

4310 Digital Video II. Continuation of DMA 3310. PRE: DMA 3310. Fee $50. S

4324 Three-Dimensional Modeling. Introduces the principles and processes of 3-D modeling and animation. Areas covered include 3-D space navigation, modeling tools, rendering methods, animation concepts, material properties and creation of textures. A large range of tools and industry techniques will be covered. The creation of complex mechanical and organic 3-D objects. Software: Maya and Adobe Photoshop in a Mac environment. PRE: DMA 2344 or permission of instructor. Fee $50. S

4330 Digital Media Internship/Portfolio. Visual communication experience in a local business context.
under the direction and supervision of management and faculty. Internship requires 90 hours of field placement and portfolio development. B

**(ECA) Extra-Curricular Activities**

1150, 1151, 2150, 2151 Online Campus News Staff. B

1161, 1162, 2161, 2162, 3161, 3162, 4161, 4162 Cheerleading. B

**ECO) Economics**

2301 Macroeconomics. Introduction to macroeconomics. Emphasis on national accounts, monetary policy, fiscal policy. B

3301 Intermediate Macroeconomics. Determinants of long term economic growth, short term fluctuations in output and prices, and prominent schools of thought in macroeconomics; debates concerning the macroeconomic effects of fiscal and monetary policies. PRE: ECO 2302. F

3302 Intermediate Microeconomics. Extensions and applications of microeconomic theory. Theory of the consumer; costs of production and theory of the firm; firm behavior and market structure; markets for factors of production; markets and economic welfare. PRE: ECO 2302. S

4360 Seminar in Economics. Capstone course for economics majors. PRE: Senior standing. D

**(EDS) Secondary Education**

2310 Foundations of Education. Survey of major concepts related to the teaching profession with
emphasis on educational history/philosophy, teaching as a mission, professional ethics, legal issues and culture of the school. 30 hours of field experience are required in the course. B

2320  Instructional Technology. Investigation of concepts and methods of using technology to enhance instruction, design curricula, and assess student achievement. B

3340  Middle School Education. Addresses the strikingly unique characteristics of young adolescents, age 10-14, along with strategies to meet their physical, intellectual, and social/emotional development and analyzes the functions of Middle School classrooms. S

4310  Assessment and Evaluation. Address multiple aspects of the evaluation process at the secondary level. Topics include assessment theory, sound assessment practices, standardized exam data disaggregation (TExES, TAKS), and the Professional Development Appraisal System. PRE: Concurrent enrollment in EDS 4360 and 4660. B.

4330  Managing Diverse Classrooms. Study and practice of the concepts and methods used to successfully manage classrooms and student behavior respective of the diversity of content, culture, ethnicity and learning abilities present in today’s schools. The presentation of multiple units of instruction is a major component of the course. Pre: Unconditional admission to Teacher Education Program and concurrent enrollment in EDS 4350. Fee $131.  B

4340  Reading, Writing and Thinking in Secondary and Middle Schools. Investigation of the concepts and methods used to successfully teach the important skills of reading, writing, and thinking in all secondary and middle school content areas. Pre: Unconditional admission to Teacher Education Program and enrollment in last semester before student teaching. B

4350  Design and Delivery. Study and practice of the interrelated processes of designing, delivering and assessing an instructional unit with emphasis on documentation of state and local curricular expectations. The presentation of multiple units of instruction is a major component of the course. PRE: Unconditional admission to Teacher Education Program and concurrent enrollment in EDS 4330. B

4360  Senior Seminar. Capstone seminar of topics related to the expectations for a beginning middle school, secondary, and all-level educators. Key topics include: Pedagogy and Professional Responsibility TExES preparation, the interviewing process, and professional, ethical, legal responsibilities. Pre: Concurrent enrollment in EDS 4360 and 4310. B

4660  Clinical Teaching. Culminating experience of the pre-professional teacher. This course is an all-day 15-week field experience under the supervision of university and secondary professional educators. PRE: Concurrent enrollment in EDS 4360 and 4310. Fee $240.  B

(EDU) Education

3350  Educational Psychology. Examination of physical, intellectual, social, and psychological growth and learning during childhood and adolescence. It includes the study of major theories of child and adolescent development, motivation, and measurement and assessment. Pre-service teachers will interact with experienced, practicing professionals as they observe, analyze, and apply developmental theories to learning. Fifteen hours of field experience are required. B

5301  Research for School Improvement. Introduction to basic elements of classroom action research,
including developing research problems, collecting, organizing, analyzing and interpreting data, and problem solving. B

5302 Advanced Learning Theory and Human Development. Advanced study of learning theory, information processing, complex cognitive processes, motivation, and learner characteristics. D

5303 Integrating Educational Technology. Study of both theoretical and practical characteristics of technology integration strategies, including using instructional software, using technology media, and integrating technology into the curriculum. B

5304 Curriculum and Instructional Design. Study of the major phases of the instructional process, the major theory basis associated with curriculum and instructional design, the educational advantages of using instructional design, and the principles of assessment as they are applied to educator decision making. B

5305 Methods of Reading Instruction. Presents current research based instructional methods and the reading theories that support these methods going beyond the basics of basal and whole language-based programs to examine the underlying processes readers use throughout the progression of reading development. D

5306 Working with the Gifted/Talented. Deals with the nature of giftedness as well as the curriculum and instruction in the variety of programs offered by school districts from heterogeneous classrooms to pull-out programs. D

5307 Content Area: Writing Assessment and Instruction. Focuses on various formal and informal methods of assessing writing along with all the content areas and will identify research based instructional strategies necessary to improve student learning based on the assessment information in the content areas. D

5308 Assessment and Identification of Reading Challenges. Concentrates on various formal and informal methods of assessing all skills associated specifically with reading and will discuss how assessment information is directly connected with both the identification of reading challenges and the instructional planning necessary to address those challenges. D

5309 Differentiated Curriculum. Concentrates on the strategies employed to reach the needs of students in the various disciplines. D

5310 Elementary School Science and Math. Study of the science and math curriculum in the elementary school, including instructional practices, methodology and assessment, content integration, reflective analysis, and related innovations. F

5311 Elementary School Language Arts and Social Studies. Study of the language arts and social studies curriculum in the elementary school, including instructional practices, methodology and assessment, content integration, reflective analysis, and related innovations. PRE: REA 3340. S

5312 Exceptionality. Study of how exceptional children are classified, the organization of educational services and related services for exceptional children, the legal requirements associated with special education programs, and instructional strategies used with exceptional students. B
5313 Classroom Management. Study of classroom management principles designed to assist educators to effectively manage the behavior problems that today's students bring to school. The primary purpose of this course is to prepare teachers to be effective managers of their classrooms so that student learning is maximized. SU

5314 Seminar in Reading. Study of reading as both a process and a product, including a study of emergent literacy, reading in the content areas, comprehension, and various major approaches to reading instruction, including those that deal with readers having special needs. D

5315 Curriculum and Instructional Leadership. Study of educational leadership in our changing world, including a review of the qualities and ethical dimensions of effective leadership, systematically integrating curriculum and instruction, working with students, faculty, staff, and community, in collaboration, leading the instructional program, and understanding and responding to change. S,SU

5316 Ethics for the Leader. Study of the principles and theories of ethics, including philosophy and the Texas Educator Code of Ethics, with a focus on the multiple perspectives inherent to decision making in educational leadership. S,SU

5317 Assessment and Evaluation. Study of both formal and informal methods of evaluating and assessing student programs. B

5320 Educational Law. Study of the legal bases of education at the national and state levels, including landmark court cases which have affected the organization and administration of schooling and the legal rights and responsibilities of educators and students. F,SU

5321 Principles of Supervision. Study of the principles of instructional and clinical supervision and leadership, including staff evaluation and development. Fee $200. SU

5322 Educational Business Management and Finance. Study of school business management, including accounting, budgeting processes, purchasing, data processing, personnel management, and facilities management. D

5323 Administrative/Leadership Theory. Study of the principles and theories of organizational behavior, school administration, educational management and leadership, and the application of administrative concepts to problem solving in an educational setting. F,SU

5324 Administration of Special Programs. Study of the administration of special programs in schools, including the legal and academic processes involved in vocational-technical, career, compensatory, reading, and guidance programs.

5325 Advanced Curriculum Design and Development. Study of the principles of curriculum design, development, implementation, and evaluation as it relates to the public schools. D

5326 The Principalship. Study of the roles of the school principal in campus-level administration. Emphasis will be placed on human relations skills, instructional leadership, curriculum development, professional relationships, personnel supervision, staff development, and the management of student discipline. B

5327 Administrative Practicum. Field-based practicum designed as a capstone experience in the
various areas of the principalship, such as curriculum development, instructional leadership, supervision, campus-based discipline, and/or school-based management. B

5328  Integrating for Enrichment. Study of the theory, methods, and techniques of developmentally integrating special subjects, such as art, music, exercise, and sports, into the elementary curriculum. D

5329  Content Area Literacy. Study of content area reading, writing, and thinking as strategic interventions in the secondary school and in special education classrooms. SU

5330  Issues in Education. Study of specific problems facing the secondary schools today. Emphasis will be placed upon identifying those problems and developing specific approaches to solving them. Case analysis will be the primary focus. D

5331  Business and Personnel Management. Study of the primary business and personnel management functions found in K-12 schools. S,SU

5332  Teaching with Merging Technologies. Study of and practical application of design and delivery of technology-related instructional tools, including Web 2.0, interactive television, the Internet, and other telecommunication technologies. SU

5333  School and Community Leadership. Study of the collaborative relationships between the school and its communities, including communication patterns, diversity issues, and resource mobilization initiatives. F,SU

5334  Internet Curriculum Integration. Study and practical application of various Internet related tools in both synchronous and asynchronous environments, such as discussion groups, newsgroups, virtual chats, world-wide-web and assorted search engines, and an examination of practical and policy issues related to the information explosion and the proper use of electronic network resources across educational disciplines. F

5335  Educational Technology Resource Management. Study about and development of strategies and resources in a systematic model toward managing technology resources including computers, data and video networking, satellite programs, and hand-held computers. S

5336  Technology Tools for Critical Thinking and Problem Solving. A study, development, and delivery of a comprehensive course project that focuses on student learning outcomes related to the TEKS, AECT and ISTE standards, and critical thinking within the K-12 environment to a conference or regional district peer audience. SU

5337  Leadership in the Technology Program. Study of the significant issues in the field of instructional technology, including critical issues, emerging technologies, instructional development, state of the art applications, future prospects, research and evaluation, and professional development. S

5340  Achievement Testing/Authentic Assessment. Provides students with knowledge, skills, and experience in choosing, administering, scoring, and interpreting appropriate formal and informal achievement assessment instruments for a variety of children with possible special education needs. Report writing using the information gained from assessment instruments will also be covered. Fee $50. S
5342 Intelligence Testing/Authentic Assessment. Provides students with knowledge, skills, and experience in choosing, administering, scoring, and interpreting appropriate formal and informal intelligence tests and informal assessment instruments for a variety of children with possible special education needs. Report writing using the information gained from assessment instruments will also be covered. PRE: EDU 5340. Fee $50. S

5343 Cross Battery Learning Disability Assessment. Provides students with knowledge, skills, and experience in choosing, administering, scoring, and interpreting appropriate formal and informal assessment instruments specific for determining the presence of a learning disability based on federal guidelines for diagnosis. Report writing using the information gained from assessment instruments will also be covered. PRE: EDU 5342. Fee $50. SU

5344 Working with Parents and Families of Children with Special Needs. Study of counseling, educational, and interview procedures to allow the special education teacher to communicate and work effectively with parents and families of disabled students. SU

5346 Behavior Management of Children with Special Needs. Review of behavior management techniques used with students in educational settings, with specific emphasis upon their application to the problems posed by disabled students. F

5347 Assessing Children with Special Needs. Addresses the teachers’ involvement with the assessment of special education students to include, (1) identification of special education students and the role that special education teachers play the use of individualized standard tests; (2) diagnosis of specific curriculum-based learning, with an emphasis on curriculum-based assessment; and (3) remediation of the learning problems with particular emphasis on developing appropriate goals and objectives for the IEP. S

5348 Adapting the Curriculum for Children with Special Needs. Focus on adapting the instruction and environment to meet the needs of special education students, with the primary focus how to provide the services and resources necessary for content mastery. The course will also address the different levels of the least restrictive environment. S

5349 Advanced Practicum in Special Education. Opportunity to develop projects for special education students while working students with disabilities. B

5360 Seminar/Practicum for Educational Diagnosticians. Provides students with knowledge, skills, and experience for completing required paperwork, testing, and legal obligations required of educational diagnosticians. Students will also learn strategies for talking to parents and educational personnel regarding student assessments and educational plans, including participation for ARD meetings. PRE: EDU 5343. Fee $50. B

6062 Comprehensive Exam. Comprehensive examination for graduate degree. Y

6101 Superintendency Practicum I. Guided experiences in central office administration under the supervision and direction of a central office administrator and a university professor. SU
6102  Superintendency Practicum II. Guided experiences in central office administration under the supervision and direction of a central office administrator and a university professor. F

6103  Superintendency Practicum III. Guided experiences in central office administration under the supervision and direction of a central office administrator and a university professor. S

6301  School Finance. Critical analysis of public school finance, emphasizing planning, budgeting, resource management, fiscal operations, and accountability with a special focus on financing Texas public school districts. SU

6302  School District Policy and Politics. Emphasis on policy and governance issues, including superintendent and board relationships, conflict resolution, communication, community relations, school law issues, communications, and ethics. F

6303  School District Evaluation. Evaluation of the overall effectiveness of a district in areas including, but not limited to academic effectiveness, school district climate, site-based decision making processes, financial stability and integrity, and physical plant efficiency using multiple assessment techniques that are based on state and national criteria and/or grounded in empirical research. F

6304  The Superintendency. Course examines the role and relationships of the superintendent of the local school district in a climate of restructuring and change for quality education. The major emphasis will be on the attainment of the TExES domains and competencies for Texas superintendent certification. S

(EEL) Elementary Education

2307  Conceptual Development of Math for Elementary Teachers. Designed to develop a connection between the conceptual understanding of mathematical concepts and abstract thinking in the areas of number sense, patterns, operations, and pre-algebra for young children. F

2308  Conceptual Development of Math for Elementary Teachers II. Designed to develop a connection between the conceptual understanding of mathematical concepts and abstract thinking in the areas of number sense, patterns, operations, plane geometry, probability, measurement, interpretation of data, problem solving, and student assessment for the middle school child. S

2310  Teachers, Schools, and Society/Tutoring. Introduction to reality of the teaching profession in a diverse society. Includes minimum of 24 clock-hours tutoring students in classroom setting. B

2320  Instructional Technology. Study of the principles of instructional technology and the use of multi-sensory aids to facilitate learning. B

3306  Integrated Social Studies. Overview of the social sciences as related to elementary school curriculum. Content includes economics, geography, history, and political science. B

3320  Early Childhood Education. Introduction, overview, and analysis of basic principles, development, and types of programs designed to enhance the cognitive, physical, and social/emotional development of young children. Includes a minimum of twelve clock-hours in an early childhood classroom. B

4160  Teaching Certification I. Study of the Texas certification framework and teacher appraisal system with special emphasis on the Early Childhood and Middle School Generalist TExES. B
4170  Teacher Certification II. Study of the Texas Certification framework and teacher appraisal system with special emphasis on professionalism and the Pedagogy and Professional Responsibility TExES. B

4210  Classroom Management and Organization. Study of various techniques and theories in organizing and managing elementary classrooms and student behavior. B

4301  Social Studies Methods/Practicum. Developmentally appropriate strategies and techniques for introducing social studies content to elementary and middle school students. Emphasis will be given to the development of integrated thematic curriculum guides and delivery of teaching units. Includes a two-week practicum. Fee $50 B

4302  Mathematics/Science Methods. Developmentally appropriate strategies and techniques for introducing mathematics and science content to elementary and middle school students. Emphasis on the development of integrated thematic curriculum guides and delivery of teaching units. B

4320  Assessment and Evaluation in the Elementary School. Study of assessment and evaluation as applied to the elementary school. Fee $131.  B

4340  The Elementary School. Organization of elementary school functions with attention to theories, programs, and special needs. Includes observation and evaluation of classroom teaching. B

4650  Teacher Aide Practicum. Required of public school teacher aides to complete requirements for certification in EC-4. Requires current employment in the certification area, having completed a minimum of 1½ years in that position. The practicum will be no less than one semester. D

4660  Clinical Teaching in the Elementary/Middle School. Teaching under supervision in the elementary school for twelve weeks in an all-day assignment. Includes weekly seminar to address special topics. PRE: Admission to Educator Certification. Fee $240.  B

(ENG) English

1301  Composition Studies. Study of the writing process that requires students to write extensively in a variety of modes and styles, including personal, academic, and research essays. Includes an application of research techniques and critical thinking. B

1302  Composition and Literature. Critical examination of a variety of literary forms and a careful examination of the writing process, culminating in a research paper. PRE: ENG 1301. B

2301  Masterpieces of Literature. Critical study of selected works from the classical period through the Renaissance, including a study of classics in the non-Western tradition. PRE: ENG 1302. B

3300  Literature for Children and Young Adults. Survey of available literature, including selection and evaluation standards and techniques for evoking a love of reading and responses to books. PRE: ENG 1302. B

3302  Introduction to English Studies. Examination of the methods and materials appropriate for teaching language, literature, and composition at the secondary level. PRE: ENG 1302. S

3304  Advanced Composition. Workshop approach to the theory and practice of writing creative non-fiction. PRE: ENG 1302. S
3305 Introduction to Creative Writing. Workshop approach to the craft of writing fiction, poetry, and drama. PRE: ENG 1302. F

3307 Classical and Contemporary Rhetoric. From the ancient world to the worldwide web—a study of influential texts in the development of rhetorical theory, with an emphasis on the art of written discourse. PRE: ENG 1302. FO

3308 Technical Writing. Design and preparation in a networked computer environment of special writing projects appropriate to the world of work, including resumes, letters, proposals, reports, instructions, and oral presentations. PRE: ENG 1302. B

3310 Writing Grant Proposals. Introduction to writing professional grants and proposals through the application of rhetorical principles. Practice in applying rhetorical principles to documents that manage change. PRE: ENG 1302, recommend ENG 3008. S

3313 American Literature to 1890. American literature from its beginnings to the rise of Realism. PRE: ENG 1302. S

3317 Approaches to Advanced Grammar. Study of the history of the English language and survey of traditional and modern grammars. PRE: ENG 1302. F

3318 Rhetoric of Design. Introduction to critical analysis of discursive and non-discursive artifacts, with focus on the rhetorical implications of design. PRE: ENG 1302, recommend ENG 3307. FE

3321 African-American Literature. Study of developing themes in African-American literature from the slave narrative to contemporary texts, including non-fiction, poetry, and fiction. PRE: ENG 1302. SE

3322 American Literature since 1890. American literature covering the periods of Realism, Modernism, and Post-modernism. PRE: ENG 1302. F

4301 Multicultural Literature. Study of literature by authors from a variety of geographical and cultural backgrounds. PRE: ENG 1302. D

4304 Fiction Writing Workshop. Round-table workshop requiring the production and presentation of short fiction and chapters from novels, culminating in a portfolio. PRE: ENG 1302, ENG 3305 or permission of instructor. SO

4306 Christianity and Literature. Study of how Christianity has shaped Western literature and aesthetics from Augustine forward, with emphasis on overtly Christian masterpieces. PRE: ENG 1302. F

4308 Poetry Writing Workshop. A round-table workshop requiring the production and presentation of poems in various genres, culminating in a portfolio. PRE: ENG 1302, ENG 3305 or permission of instructor. SE

4313 Studies in Drama. Study of selected works of Third World, European, British, and American drama. PRE: ENG 1302. FO
4314 Comparative Literature. Study of themes, such as love, justice, war, the quest, politics, and genres such as novel, epic, short story, drama, poetry, Bildungsroman, in world literatures in translation. PRE: ENG 1302. SO

4315 Major British Writers to 1800. A representative selection of the most significant British literature from Beowulf to Burns. PRE: ENG 1302. S

4316 English Novel. Study of the development of the English novel from its antecedents to the present with emphasis on trends in the twentieth century. PRE: ENG 1302. FE

4323 Major British Writers since 1800. Significant British literature from Blake to Philip Larkin. PRE: ENG 1302. F

4324 Studies in Shakespeare. Analysis of the development of Shakespeare’s art and thought as viewed through his better known plays. PRE: ENG 1302. SE

4326 Literature and the Film. Review of film theory and a study of the written and filmed versions of significant works of literature. PRE: ENG 1302. FE

4360 Senior Seminar. Examines and verifies the research and writing skills of seniors specializing in English. D

5301 Advanced Seminar in Writing. Study of the writing skills typically encountered by educators in student centered schools. Included is a study of writing across the curriculum and writing as it relates to content areas. D

(ESL) English as a Second Language

3372 Teaching the Multicultural/Multilingual Student. Strategies and techniques for teaching and working with the multicultural/multilingual student. Introduces the principles of multicultural and bilingual education examines ways to adapt instruction and classroom context to address the needs of culturally, linguistically, and ethnically diverse students. F

3382 First and Second Language Acquisition. Focuses on the foundations of language teaching. Topics include English Language Learner (ELL) characteristics, First (L1) and Second Language (L2) acquisition theories, and applying major language teaching methodologies in the classroom. Development of language as related to bilingual education and the teaching of English as a second language. S

3392 English as a Second Language Methodology for Pre-K-12 Grade. Allows students to explore and reflect on the foundational knowledge for second language literacy by examining its philosophy, theory and examples of success in classroom practices. Topics include English Language Learner (ELL) characteristics, First (L1) and Second Language (L2) acquisition theories. Explore the application of major language teaching methodologies in Pre-K-12 grade classroom. D

(ESP) Special Education

3382 The Exceptional Child. Historical perspective of special education and the exceptional child with emphasis on children with speech handicaps, mentally retarded children, children with auditory and visual impairments, children who have behavioral disorders, and children who have neurological,
orthopedic, and/or other health impaired disabilities. A minimum of 12 clock-hours of observation in a special education setting is required. B

4650 Teacher Aide Practicum. Required of public school teacher aides to complete requirements for certification in EC-4. Requires current employment in the certification area, having completed a minimum of 1½ years in that position. The practicum will be no less than one semester. D

4660 Clinical Teaching in the Special Education. Teaching under supervision in the elementary and/or secondary school for twelve weeks in an all-day assignment. PRE: Admission to Educator Certification. Fee $240. B

(ESS) Exercise and Sport Sciences
1200 Personal Fitness and Wellness. Study of the health related aspects of fitness and the assessment of personal profiles leading to the development of positive attitudes in lifelong fitness. Fee $50. Y

1201 Introduction to Exercise and Sport Sciences. Introductory survey of the field of exercise and sport sciences, including a historical review and current employment opportunities. B

1270 First Aid and CPR. Study of basic principles of first aid and CPR techniques. Fee $50. B

2142 Theory and Practice IV. Theory and practice of fundamental movement activities. B

2310 Care and Prevention of Athletic Injuries. Study of diagnosis, treatment, and care of athletic related injuries. Fee $50. B

2312 Team, Individual, and Outdoor Educational Activities. Provides developmentally appropriate teaching methodology, curriculum development, and refinement of teaching skills for team, individual, and outdoor activities. F

2314 Human Movement. Integrated analysis of the science of human movement mechanism related to the influences on performance in sport, work, and the activities of daily living. Includes basic biomechanical factors and concepts. PRE: BIO 2401. Fee $50. Y

3301 Advanced Care of Athletic Injuries. Advanced study of diagnosis, treatment, and care of athletic injuries. PRE: ESS 2310 and BIO 2401 or consent of instructor. Fee $50. F

3321 Management of Sport. Detailed examination into leadership effectiveness and group cohesion in exercise and sport science. Students will be able to identify, differentiate, and assess leadership effectiveness and group cohesion across the discipline. F,SU

3324 Sport in Society. Provides an analysis of sport and leisure in the United States from the standpoint of its socioeconomic impact and relevance, contemporary social organization, social psychological processes, and issues such as violence, inequality, sports and education, and social values. SE

3332 Foundations of Secondary Physical Education. Methods and materials of planning and instructing physical education classes in secondary schools. FE

3335 Exercise Psychology. Concepts in psychology applied to individual involvement in exercise.
Emphasis on theoretical models and methods for assessing exercise adherence. Investigation of methods and strategies for behavior intervention and program development to promote adherence to exercise programs. SO

3340  Motor Learning and Control. Study of the fundamental concepts and applications of motor learning and control. Its primary focus is on movement behaviors that can be observed directly and on the many factors that affect the quality of these performances and the ease with which they can be learned. Fee $50. Y

3341  Measurement and Evaluation in Exercise Physiology. Use of laboratory, field, and software tools to accurately collect, analyze, and interpret relevant and authentic data. B

3356  Sport Psychology. Concepts in psychology as applied to individual involvement in sport and other forms of competitive activity. Emphasis on motivation, stress management, personality theory, performance enhancement, and group dynamics. F

3371  Physiology of Exercise. Study of the effects of physical exercise upon the major systems of the body. PRE: BIO 2401 and BIO 2402. Fee $50. B

4230, 4330, 4430 Internship in Exercise and Sport Sciences. Practical experience in the selected area of specialization. Y

4300  Foundations of Elementary Physical Education. Methods and materials of planning and instructing physical education classes in elementary schools.

4301  Biomechanics. Study of components of forces applied to the body during various sport motions and exercise. Knowledge of forces applied to various joints and muscles during sport and exercise enhances teaching skill and technique as well as understanding the role of forces in natural motion and injury. PRE: ESS 2314. Fee $50. FO

4302  Therapeutic Rehabilitation and Modalities. Principles of therapeutic exercise, the essentials of a rehabilitation program, physiological effects, and therapeutic indications associated with the use of standard modalities. PRE: ESS 2310 and BIO 2401 or consent of instructor. S

4322  Sport and Exercise Nutrition. Study of the metabolism of food by various tissues of the body and its relation to exercise. The role of diet in the development and treatment of some chronic diseases will be discussed along with the application of nutritional principles to enhance human performance. Fee $50. F

4350  Principles of Strength and Conditioning. Fundamental concepts of training program design for both apparently healthy and athletic populations. Includes competencies required for the NSCA’s Certified Strength and Conditioning Specialist (CSCS) examination. Fee $50. S

4361  Exercise Testing and Prescription I. Physiological theory and its practical application to exercise testing and prescription. Includes competencies required for ACSM Exercise Specialist exam. PRE: ESS 3341 and 3371. Fee $50. F

4362  Exercise Testing and Prescription II. Continuation of ESS 4361. Includes competencies required for the ACSM Exercise Specialist examination. PRE: ESS 4361. Fee $50. S
4380 Senior Research. Capstone course which allows the student to present both written and oral findings related to a selected research topic within Exercise and Sport Sciences. B

4382 Life Span Motor Development. Study of development in the psychomotor domain. Areas of emphasis include learning theories physiological bases of skill behavior, the state of the performer, and application of instructional techniques in motor learning and skill performance. S,SU

**(ESS) Activity Courses**

1101, 2101 Aerobics for Women. D

1102, 2102 Jogging. D

1103, 2103 Rock Climbing. D

1105, 2105 Bowling. D

1107, 2107 Golf. D

1108, 2108 Fitness Through Self-Defense. D

1112, 2112 Skiing. D

1115, 2115 Weight Training. D

1123, 2123 Bicycling. D

1125, 2125 Backpacking and Camping. D

1126, 2126 Spinning. D

**(FIN) Finance**

2301 Personal Financial Planning. Budgeting, management of credit, investments, and estate planning. B

3300 Corporation Finance I. Introductory course in financial policies of corporations with attention to capital markets and investment theory. PRE: ECO 2301 and ACC 2301. B

3301 Real Estate Fundamentals. Examination of the real estate market, including operational, legal, financial, investment, and other aspects. Consideration is given to urban land use and land use planning. F

4302 Corporation Finance II. Advanced study of selected topics in business finance including leasing, mergers, business failure, capital budgeting, capital structure, and others. PRE: FIN 3300. S

4309 Investments. Study of personal and business investments. Stock markets, futures markets, money and capital markets, and portfolio analysis. PRE: FIN 3300. S

4311 International Trade and Finance. Study of the impact of the international environment on the American economy and individual business enterprises, including a consideration of international
monetary problems, international trade and its financing and multinational enterprise. PRE: ECO 2301. F

4315 Financial Statement Analysis. Advanced study of financial topics specifically related to financial statements. Includes analysis of financial statements focusing on ratio, comparative, and trend analysis. PRE: FIN 3300. F

(FOL) Foreign Language
For Latin, see (HON) Honors course descriptions. For Hebrew and Greek, see (BIL) Biblical Languages course descriptions.

1301 American Sign Language I. Introduces basics of American Sign Language (ASL) for students having little or no previous knowledge of ASL. Readiness for learning is approached by visual-gestural communication techniques, visual discrimination, and visual memory exercises. ASL questions, commands, and other simple sentence structures are introduced to develop rudimentary conversational skills in ASL. Information about the deaf community and deaf culture is introduced. F

1302 American Sign Language II. Continued development of American Sign Language (ASL) skills with primary focus on refining the use of basic ASL sentence types. Classifiers, spatial referencing, pluralization, and temporal and distributional aspects are introduced. Routine communicative functions of the language: asking, requesting, providing clarification, giving and asking for directions are learned. Additional information about the deaf community and deaf culture is included. PRE: FOL 1301. S

1303 Beginning Portuguese I. Introduction to reading, writing, listening, and oral skills in Portuguese while exploring aspects of the Luso-brazilian culture. D

1304 Beginning Portuguese II. Continuation of Beginning Portuguese I. PRE: FOL 1303. D

1321 Beginning Mandarin Chinese I. Introduction to reading, writing, listening, and speaking in Mandarin Chinese while exploring aspects of Chinese-language cultures. D

1322 Beginning Mandarin Chinese II. Continuation of Beginning Mandarin Chinese I. PRE: FOL 1321. D

1381 Beginning French I. Introduction to reading, writing, listening, and speaking in French while exploring aspects of French-language cultures. D

1382 Beginning French II. Continuation of Beginning French I. PRE: FOL 1381. D

1401 Beginning Spanish I. This introductory course develops reading, writing, listening, and oral communicative skills. The class is conducted primarily in Spanish. No previous knowledge of the language is required, but 1-2 years of high school Spanish are recommended. F

1402 Beginning Spanish II. This introductory course further develops the reading, writing, listening, and oral communicative skills covered in FOL 1401. This course will be conducted primarily in Spanish. PRE: FOL 1401. S

1481 Beginning German I. Introduction to reading, writing, listening, and oral skills in German while exploring aspects of German-language cultures. D
1482  Beginning German II. Continuation of Beginning German I. PRE: FOL 1481. D

2301  Intermediate Spanish I. Strengthens language skills and cultural competency through the analysis of linguistic and literary techniques in internationally acclaimed literary pieces and award-winning short films. PRE: FOL 1401 and 1402 or 8 hours advance credit in Spanish. F

2302  Intermediate Spanish II. Continuation of FOL 2301 further improving reading, writing, listening, and oral communicative skills. PRE: FOL 2301 or 11 hours of advance credit in Spanish. S

2322  Intermediate Mandarin Chinese II. Emphasis on using Chinese for study and work purposes. PRE: 1322. D

2381  Intermediate German I. Comprehensive review of major grammatical structures and vocabulary. Conducted primarily in German. PRE: FOL 1482. D

2382  Intermediate German II. Continuation of Intermediate German I. Conducted primarily in German. PRE: FOL 2381. D

3301  Introduction to Hispanic History, Life and Culture. Professional communication skills in Spanish through the study of Hispanic history, life and culture by blending essay writing, presentational speaking, and interpretive reading and listening. PRE: 2301 and 2302 or 14 hours advance credit in Spanish. F

3302  Introduction to Hispanic Literature and Art. Continuation of FOL 3301 emphasizing Hispanic literature and art in Europe and the Americas. PRE: FOL 2301 and 2302 or 14 hours advance credit in Spanish. S

3311  Hispanic Culture and Communication. Beginning Spanish introduced in the first half of the course and second focuses on historical/cultural development of Hispanics in the United States. English readings explore issues of race, ethnicity, and integration, as well as Hispanic contributions to life in the United States. F

4301  Survey of Spanish Literature. Study of masterpieces of the literature of Spain from its origins to contemporary times. PRE: FOL 3301 and 3302. F

4302  Survey of Spanish-American Literature. Study of masterpieces of the literature of Latin America from its origins to contemporary times. PRE: FOL 3301 and 3302. S

4306  Advanced Grammar and Composition. Study of Spanish grammar with assignment of original compositions on topics of current interest. PRE: FOL 3301 and 3302. F

4360  Senior Seminar. Emphasizes improvement in understanding and speaking Spanish. PRE: FOL 3301 and 3302. S

(GEG) Geography

2300  Regional Geography of the World. Introduction to the spatial distribution of the human and physical geographic phenomena of the world within a regional framework. Topics of regional focus include the spatial distribution of physical factors such as geomorphology, relief, climate, and vegetation, and human factors such as economic, cultural, and political geography. BE
3342  Regional Geography of the U.S. and Canada. Introduction to the spatial distribution of the human and physical geographic phenomena of the U.S. and Canada. Topics include the spatial distribution of physical factors such as geomorphology, relief, climate, and vegetation, and human factors such as economic, cultural, and political geography. FO

(GOV) Government
2301  National Government. Introduction to the Constitution, framework, and organization of the American political system, including federalism, political parties, elections, and interest groups. B

2302  Texas State and Local Government. Introduction to the Texas state and local political system and comparison to state and local government throughout the United States. B

3313  Religion, Morality, and Politics. Examines conceptions of the soul, morality, and the political order, with emphasis on the place of religion in the American system. SE

3314  Comparative Politics and Development. Political culture, party systems, government institutions and political behavior in leading industrialized countries and selected lesser countries with a focus on comparative theories in political science. D

3323  American Foreign Policy and International Relations. Past and contemporary theories of international relations, the struggle for power, propaganda, diplomacy, international organizations, and an overview of American foreign policy. D

3325  History of Law. Considers legal traditions from the ancient world through the early modern period and their contribution to modern legal philosophies and institutions. D

3331  U.S. and Texas Public Policy. Overview of public policy making in the U.S. and Texas with an emphasis on the major policy issues of the present. D

3341  American Public Administration. Survey of the field of public administration, principles of administrative organization, and the structure of government charged with the carrying out of public policy. SO

4305  Constitutional Law. Analysis of Supreme Court decisions, showing their political, moral, and psychological impact on American society, including changing conceptions of the role of the Court in American society. FO

4306  Political Theory. Exploration of ancient, medieval, and modern political theories and their relationship to contemporary ideas, ideologies, and controversies. D

4380  Senior Research. Independent study designed for advanced students who will do some original research, give some reports, attend informal lectures, and participate in group discussions about a particular field of study. D

(HIS) History
1315  World History and Geography I. World history from the beginning of civilization to 1600 with a related emphasis on world geography. F
1316  World History and Geography II. World history from 1600 to the present with a related emphasis on world geography. S

2301  History of the United States I. History of the United States from the discovery of America to 1877. B

2302  History of the United States II. History of the United States from 1877 to the present. B

2350  History of Texas. Political, economic, and cultural developments in Texas from earliest settlement to the present. B

3310  History of Asia. Discussion of the nineteenth and twentieth centuries as the Asian nations emerge as the population and economic centers of the world. Containing three of the four most highly populated nations in the world, Asia grows in importance and influence in world affairs from the age of foreign control through independence and acceptance of its nations as world powers. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. SO

3313  Colonial America. History of the United States from the colonization of Jamestown through the period of the early Republic. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

3315  Jeffersonian and Jacksonian America. History of the United States from the founding of the Federalist and Republican Parties through the era of antebellum expansion, culminating with the Mexican-American War. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

3320  History of Africa. Moving from the heyday of colonialism, an examination of the struggle of the African nations for independence and their achievements in developing stable governments in the face of racial, tribal, social, and economic problems. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

3323  Ancient History. Things your mummy never told you, from the rise of Mesopotamia and Egypt and the Greek democracies through the fall of Rome in 476. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

3325  History Pedagogy. Method and design for the effective teaching of standards-aligned history classes. Emphasis on the development of lessons, materials, and assessments. Introduction to pedagogical strategies specific to the discipline of history. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. F

3330  History of Latin America. Examination of Latin America emerging from the Napoleonic wars as struggling nations, attempting to maintain their independence from European and North American influences. Discussion includes the rise of Latin American nationalism and the struggle of various Latin American nations to find a place in the sun outside of the shadow of U.S. and European political struggles. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

4302  Civil War and Reconstruction. Examination of the course of events from the antebellum period through reconstruction, including political, social, cultural, military, and economic developments. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D
4305 American Society and Religion: the Great Leveling, 1790-1920. Study of the process by which religious elites in America gave sway to evangelicalism in the aftermath of the First Great Awakening. Throughout the 19th century, American religious experience was dominated by revivalism, millennialism, and utopianism. Considers these movements and their consequences in the social and political context of the times. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. FO

4313 The Gilded Age through the Jazz Age. History of the United States' modernization, from 1877 through 1929. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

4314 Recent America. History of United States from the onset of the Great Depression to the present. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

4325 History of England to 1714. Survey of the development of England from pre-history to the first Hanoverian king of England. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. FO

4326 Modern Europe: 1715 to Present. Survey of European history from Louis XV to yesterday's newspaper. PRE: Completion of 6 hours from HIS 1315 and HIS 1316 or HIS 2301 and HIS 2302. D

4360 Senior Seminar. Examines and verifies research and writing skills of seniors specializing in history. D

(HON) Honors

1302 Writing About Literature. Examines critical thinking and writing, where students reading, discuss, and write about literature. Readings include great texts in non-fiction essays and speeches, short stories, poems, novels, and films. B

1304 Science and Man. Emphasis on major science topics that have impacted the human population. Includes a historical perspective and introduces the integration of scientific knowledge to solve problems. D

2301 Making Connections: Literature and Life. Drawing from classical literature primarily in the western tradition, Gilgamesh through Paradise Lost, the course seeks to understand the human condition as widely varying cultures and worldviews have defined it. F

2303 Latin I. Introduction to Latin grammar, syntax, and vocabulary with readings from writings of classical authors. Attention is given to aspects of Roman culture that influenced Western thought and to the Latin influence on English. FO

2305 Latin II. Continuation of introduction to Latin grammar, syntax, and vocabulary with appropriate readings. SE

2306 History of the United States II. History of the United States from 1877 to the present, with an emphasis on formative trends, pivotal individuals and events, and critical methodology. S

2310 Macroeconomics. Introduction to the economic way of thinking, with emphasis on macroeconomics. Topics include basic economic principles, including scarcity, trade-offs, and opportunity cost; fundamental economic models, including the circular flow of economic activity,
production possibilities, and supply-demand analysis; the distinction between market and command economic systems; rudimentary macroeconomic concepts concerning the measurement, causes, and promotion of economic growth and price stability; and differing views on the macroeconomic impacts of fiscal and monetary policies. D

2354 Honors Seminar. Interdisciplinary study of various topics and issues, with attention to discussion, research, writing, critical thinking, and integration of student major. D

3302 Bible as Literature. Advanced introduction to the Bible as literature with an emphasis on the nature of biblical narrative. Constructions, conventions, and techniques of biblical composition. Issues of hermeneutical and narrative criticism are addressed with an evaluation of various strategies for reading and contemporary ethical implications. D

3304 Old Testament Seminar. Examines Old Testament, with an emphasis on themes, history, literary structure, and sociology of biblical texts and periods. Specific courses may vary according to professor specialization or research interest. S

3306 Vocation and Life. Investigations into the nature of Christian living, with specific attention to an understanding of vocatio or calling. Integrates biblical and theological teaching regarding meaning and purpose, virtue and profession, with contemporary issues and topics. F

3340 Communication for the Professional. Increase skills and awareness concerning communication in professional environments. Opportunities to acquire and practice elements necessary, including theory, research, presentation and evaluation of communication. S

3354 Honors Seminar. Interdisciplinary study of various topics and issues, with attention to discussion, research, writing, critical thinking, and integration of student major. D

4320 Leadership. Examination of mission, values, vision, principles of leadership, and leadership awareness in the context of value-centered leadership. Discusses leadership practices in both public and private organizations with a heavy emphasis on student-led discussions, presentations, and papers. Students will develop their own leadership skills as well as effective influence strategies in interpersonal relations. D

4330 Internship/Study Abroad Internship. Internship or study abroad internship. D

4354 Honors Seminar. Interdisciplinary study of various topics and issues, with attention to discussion, research, writing, critical thinking, and integration of student major. F

4380 Senior Research. Capstone course of the honors experience, where students in or near their last semester at the university conduct library, laboratory, and/or field research on an issue or problem in their major field of study. Course requirements include the development of an annotated bibliography, the formation and articulation of a thesis in a research paper, and the presentation and defense of this thesis. Students in the performance arts, the natural and physical sciences, and some professional programs may substitute appropriate research and presentation components, as approved by the Honors Director and the major advisor. B

(HSC) Human Sciences

2310 Lifespan Human Development. Physical and psychological development of the individual from
infancy through adulthood. B

3300  Child and Adolescent Development. Study of physical, intellectual, social, and psychological development from birth through adolescence. B

3304  Adolescent Development. Application of developmental theory and cultural contexts to the understanding of persons in transition to adulthood. B

3305  Children, Families and Social Policy. Examines societal forces that impact the family such as the child welfare system, the development of laws and public policy, and the relationship between government policy and family life. F

3313  The Family. Principles involved in developing a successful family throughout all the family’s phases. Includes a study of healthy and unhealthy relationships in the family. F

3315  Ethics in the Helping Professions. Focuses on the professional practices and ethics in the helping profession as well as the legal aspects of providing professional services in helping professions. Students will learn how to manage themselves and their professional practice so as to be both legal and ethical. F

3322  Gender and Sexuality. Human gender and sexuality from a life cycle perspective, with an emphasis on developmental, familial, and societal factors that influence gender and sexuality. S

3323  Family Violence. Study of the theoretical issues, both past and present, regarding family violence in order to provide the student with an understanding of the salient issues. Attention given to the impact family violence has on the victim and society, legal aspects of family violence, key factors associated with recognition of family violence, and pertinent research focusing on the subject. F

3324  Marital and Family Therapy. Introduction to the major models of marriage and family relations, dysfunctions and techniques of intervention. S

3326  Family Stress, Crisis, and Resilience. Investigation of the stresses and crises experienced by families and their members. Emphasis will be given to identifying strategies for cultivating family resilience. S

3328  Parenting. Study of parenting practices, parenting rights and responsibilities. The course will emphasize the development of healthy parent and child relationships and study how parenting roles change over the life cycle. S

3350  Social Gerontology. Considerations of aging in the family as related to interpersonal relationships and environmental needs of the elderly. Special emphasis is given to social services for the elderly. F

4323  Family Life Education and Enrichment. Investigation of the contemporary models, methods, and resources associated with family life education and family enrichment. Attention will be given to needs assessments, program design, teaching strategies, and group facilitation skills. F

4324  Family Dynamics of Addiction. Survey of psychological factors and treatment involved in addiction and the impact of abuse on family dynamics, neurology, and biochemistry. S
4326 Family and Community. Examines the reciprocal relationship between families and major social institutions: government, religion, education, economic, and work place. Emphasis will be given to the impact of law and social policy on families and to the role that community agencies play in serving families. S

4390 Practicum. Participation in a department approved structured and supervised setting to give an introductory experience to the field of human sciences. Each student participating in a field experience must purchase liability insurance through the university. Fee $300. B

6301 Marital and Family Education. Detailed study of family development and functioning in light of family systems with emphasis on an agency or organizations opportunities to intervene in this context. Same as MIN 6301. Y

6304 Organizational Leadership. Detailed study of leadership focusing on personal leadership and organizational leadership. Attention will be given to the latest trends and models from administration, organization, and leadership theory. Same as MIN 6304. Y

6309 Crisis Intervention. Study of crisis in the multiple setting with emphasis on appropriate behaviors and responses to crisis. Applied therapeutic interventions in general and crisis intervention are presented along with strategies to alleviate crisis and deal with crisis aftermath. Y

6310 Social Development of Individuals and Families. Examination of similarities and differences in conceptions of behavior throughout the lifespan; emphasis on individual development in the context of the family. Y

6312 Studies in Family Life Education. Analysis of the latest trends and topics of interest in family life education. Y

6314 Contemporary Issues in Adolescent Development. Latest readings and research in adolescent culture and in youth ministry. The student will be presented with a systems view of youth ministry and its impact on programming. Same as MIN 6315. Y

6315 Parent Education. Examination of major objectives and the underlying guidance principles in parent-child relations; study of programs and agencies in parent education. Y

6322 Human Sexuality. Study of human sexuality from a life cycle perspective with an emphasis on developmental, familial, and societal factors that influence individual sexuality. Y

6323 Family Systems. Extensive introduction to the concepts of family systems theory with application of this theory to family, church, and ministry. Same as MIN 6323. Y

6324 Family Resource Management. Applications of family financial planning models to decision making and asset resource allocation. Y

6332 Helping Professions and Public Policy. Public policy, legal, and ethical issues related to families will be addressed with an emphasis on marriage, divorce, custody, adoption, juvenile rights, malpractice, courtroom testimony, competence, and wills and estates. Y

6333 Ethics in the Helping Professions. Study of ethical decision making in helping professions with an
emphasis on understanding ethical codes within the helping professions. Y

6334 Conflict Resolution. Survey of theory and research in conflict resolution with an emphasis on the student’s developing practical skills to help resolve conflicts within families and organizations. Y

6340 Human Resources Administration. Study of human resources policies and systems appropriate to public and non-profit human service organizations. Y

6342 Fundraising and Grant Writing. Study of fundraising options available to human service organizations. Particular emphasis is given to the development of fundraising plans and strategies for human service programs and organizations. Y

6390 Family Life Education Practicum. Supervised outreach family life education experience in preventative and educational activities, including program development, implementation, evaluation, teaching, training, and research related to individual and family well-being. Comprehensive exam and portfolio review accomplished. Grade of B required for completion. Y

(HTH) Historical Theology
3311 Christian History and Theology I. Survey of major events, people, historical, and theological developments in Christian history ranging from the post-apostolic period through the waning of the patristic period in the mid-6th century. Required readings will include primary and secondary literature. F

3322 Christian History and Theology II. Survey of major events, people, and historical/theological developments in Christian history ranging from the early Medieval period through the mid-seventeenth century. Readings include secondary literature but will focus on primary sources. PRE: HTH 3311. S

4331 Christian History and Theology III. Survey of major events, people, historical, and theological developments in Christian history during the modern period (mid-17th century to the present). Required readings will include primary and secondary literature. PRE: HTH 3322. F

(HUM) Humanities
2300 Exploring the Human Experience. Study of human culture to understand our cultural roots. Topics include art, music, politics, history, psychology, philosophy, and literature from the Renaissance to the present. SE

4330 Internship. Writing experiences in business context under the direction and supervision of management and faculty, including preparation of a portfolio, narrative essay, and oral presentation. PRE: Senior standing and permission of faculty. D

4380 Senior Research. Students will work with a committee of two professors, at least one from their area of specialization, and complete a series of research and writing assignments resulting in a long paper and an oral presentation drawn from their area of specialization and illuminating the emphasis of their study. Taken during the senior year. B

(INT) International Studies
2305 International Studies. Introduction to the interdisciplinary field of international studies, examining the cultural, political, economic, and social issues related to the dynamics of globalism. D
(IST) Information Systems and Technology

1301 Foundations of Information Systems and Technology. Introduction to contemporary information systems and how people, software, hardware, data, and communication technologies can create a competitive advantage for global organizations, and how IT enables improvements in quality, speed, and agility. F

1350 Computer Programming I. Program logic and design tools. Students learn to confront a problem, take it apart, analyze each step, and design a logical plan to direct the computer to perform the required actions. Students will learn to use current design tools to explain, document, and plan their programming. A simple programming language will be used to test the programs. F

2300 Microcomputer Applications. Development of expert user skills in word processing and database application software. F

2302 Enterprise Architecture. Explores design, selection, implementation and management of enterprise IT solutions, focusing on applications and infrastructure and their fit with business, managing risk and security within audit and compliance standards. Goal is understanding of basic concepts for Information Technology Infrastructure (ITIL) Foundations certification. PRE: IST 1301. S

2311 Computer Programming II. Introduction to object-oriented programming, including analysis and design, implementation, and testing of software. PRE: IST 1350. F

2314 Graphical User Interface Programming. Study of the use of object-oriented programming to create graphical user interfaces. PRE: IST 2311. S

2323 Web Programming. Examination of document object model and markup and script languages that facilitate computing on the world wide web. PRE: IST 1350. ES

3300 Advanced Spreadsheet Design. Use of advanced concepts and techniques with a spreadsheet in statistical analysis and information processing and presentation. B

3323 Geographic Information Systems. Introduces basic concepts and applications of Geographic Information Systems. Course focuses on GIS reporting, accessing previously gathered data and preparing it for spatial reporting on maps. Opportunity to perform analysis in a variety of content areas and make decisions on real world concerns. F

3324 Java Programming. Object oriented programming using Java for Internet, intranet, and networking applications. PRE: IST 2311. OS

3330 Introduction to Computer Operating Systems. Study of the use of computer operating systems, including commands and editors, file systems, processes, networking, programming, and system administration. PRE: IST 2311. D

3332 Networking. Introduction to networking. Basic networking concepts and technologies will be reviewed. Hardware and software issues, including the following, will be explored: LANS, WANS, OSI 7 layer networking model. Students will have hands-on experience in planning and installing an Ethernet network. B
3333 User Support and Help Desk Concepts. Concepts and principles of user support and help desk roles in the corporation. Both techniques of user support and troubleshooting and management of help desk centers will be covered. D

3341 Database Management Systems. Students will develop advanced skills in the design and use of a DBMS. Database components of data models, relational databases and query processing will be emphasized. PRE: IST 1350. Fee: $50 F

3351 Web Design. Study of the formal process of organizing and designing effective Web sites. The course will cover HTML XHTML, JavaScript, CSS, and introduction to Dreamweaver, color theory and design. The course includes the production of individual web projects and client based web sites. Fee $50. B

4330 Internship. Work in an area of business utilizing skills developed in the program. PRE: Senior standing and approval of the instructor. B

4333 Server Administration. Network system administration for local area networks. Principles and procedures include areas of resource and user administration, remote administration tools and procedures, multi-protocol clients and network/server security. PRE: IST 3332 D

4340 Network Security. Study of computer system security, computer network security, access control, security assessments and audits, cryptography, and organizational security. PRE: IST 3332. D.

4345 Disaster Recovery and Business Continuity. Study of information security and incident response and the creation of an effective disaster recovery/business continuity program which organizations can implement in case of computer network intrusions or other crises that cause a loss of physical plan, technology or human capital. PRE: IST 1301. D

4360 Senior Project. Use and further development of skills and concepts learned in courses taken during the first three years. Students will develop and complete a project for an individual or a community organization or business. PRE: senior status in IST or ISM and approval of the instructor. B

4380 Systems Analysis and Design. Studying all elements of the development and maintenance of an information system, from the first discussions with a user or group of users, to the final full implementation of the IS. PRE: senior status in IST or ISM. S

ChapDesk Practicum

1101, 1102 ChapDesk Customer Service. Fifteen hours of customer service training for computer software and hardware with thirty hours of practical experience working with customers at the ChapDesk. B

2101, 2102 ChapDesk Troubleshooting. Fifteen hours of training resolving hardware and software problems with thirty hours of practical experience working problem management at the ChapDesk. B

3102 ChapDesk Leadership. Sixty hours of practical experience leading an incident or problem management team at the ChapDesk. S

3201 ChapDesk Leadership. Thirty hours of management training with sixty hours of practical
experience leading an incident or problem management team at the ChapDesk. F

**LEA**  Leadership  

6301  Integrative Project in Organizational Leadership. Project that synthesizes the principles of the leadership course into a written integrative document. Capstone course to be taken in the last semester of the program. Y

6302  Leadership Theory and Practice. Comprehensive study of leadership as a phenomenon and its impact on the organizational behavior or individuals. Major theories of leadership are examined and integrated to various internal and external organizational factors. Students learn to think critically about the leadership phenomenon and about the boundary conditions of leadership theories. Topics linked to leadership include gender, power, ethics, job design and motivation, personality, national culture, and leader development. S

6303  Strategic Planning. Formulation and interpretation of policy, executive responsibility, decision making, administrative practices and business ethic. This is a writing intensive course and case analysis will be the primary learning tool. F

6304  Leading Organizations. Theoretical and practical review of the meaningful difference that leadership can make in the aspects of organizational life. Particular attention is given to how leaders generate organizational contributions to society through shared vision and values, acting as change agents, sharing power, engaging constituents, and moving toward the fulfillment of the organizational mission. E

6305  Conflict Management for Leaders. Practical examination of the role that team building and management, together with conflict management, play in leadership. Particular attention is given to various approaches to conflict management and practical skill development in negotiating, forging shared vision, team role assignment, and effective small-group and individual communication, all in routine and crisis situations. S

6306  Leaders and Values. Addresses specific ethical issues which leaders confront, especially issues related to power, influence, manipulation, service and personal character. SUE

6307  Non-Profit Leadership. Examination of leadership challenges of non-profit organizations as well as its distinctive theoretical components. SUO

6308  Emotional Intelligence. Core competencies of emotional intelligence, a necessary tool for leadership success. S

6312  Servant Leadership. Focuses on the acquisition and execution of the most critical competencies of leading by serving first: advanced empathy, persuasion, foresight, humility, collaboration, and the ethical use of power. B

6314  Leading Organizational Change. Theory and practice of organizational transformation and the leadership necessary to help change efforts succeed. S

6318  Leading Teams. Study of virtual teams, team management, team dynamics, working together, problem solving, team conflict, measuring team performance, and team building techniques. SU
6320  Communication for Leaders. Theoretical and practical examination of the role that communication plays in effective leadership. Study of strategies for improvement and success in developing, delivering and sustaining effective communication in organizations. B

6322  Global and Cultural Leadership. Experiential study of the theory, practical challenges, and successful practice of leaders in cross-cultural or global settings. Examine leaders on a variety of levels in different cultures. May be combined with an international or interregional travel experience. SU

(MAT) Mathematics
1302  Intermediate Algebra. Polynomial arithmetic, solving linear equations, inequalities, factoring and linear systems. B

1310  College Mathematics. Survey of mathematics, which includes the topics of reasoning, basic set theory, introductory logic, mathematical systems and number theory. D

1311  College Algebra. Basic algebra, linear and quadratic equations, inequalities, functions, and systems of equations. B

1312  Trigonometry. Trigonometry functions, identities, and applications. F

1313  Pre-Calculus. Elementary functions of calculus: linear, quadratic, polynomial, trigonometric, exponential, and logarithmic functions. B

1316  Business Calculus. Introduction to basic differential and integral calculus with business applications. PRE: MAT 1311. B

1402  Analytical Geometry and Calculus I. Functions, limits, continuity, differentiation, and definite integrals. S

1403  Analytical Geometry and Calculus II. Trigonometric and exponential functions, techniques and applications of integration, conic sections and polar coordinates. PRE: MAT 1402. F

2404  Analytical Geometry and Calculus III. Vectors, series, partial differentiation, and multiple integration, and line integrals. PRE: MAT 1403. S

3302  College Geometry. Study of Euclidean geometry by both the synthetic and metric development, introduction to analytical geometry. Pre: MAT 1311 or above. S

3305  Foundations of Mathematics I. Covers sets, logic, mathematical proofs, the real numbers from an axiomatic approach, cardinality of finite and infinite sets and number theory. F

3306  Differential Equations. Solution of ordinary differential equations with applications. PRE: MAT 1403. S

3350  Linear Algebra. Matrices, systems of equations, vector spaces, and linear transformations. PRE: MAT 1402. SO
3351 Intermediate Analysis. Sequences, limits, continuity, derivatives and integrals. PRE: MAT 2404. FO

3353 Numerical Analysis. Introduction to numerical methods and analysis involving non-linear equations, interpolation polynomials, numeric differentiation and integration, curve fitting, and approximation of functions. PRE: MAT 2404 or consent of instructor. FE

4350 Foundations of Mathematics II. Topics related to teaching of mathematics, including recent trends and developments, ideas and methods. B

(MGT) Management

3300 Principles of Management. Basic functions of management: planning, organizing, leading, controlling. Managerial roles, skills, and ethical responsibilities. B

3301 Organizational Behavior and Theory. Examines management of the complex relationships within an organization. Concepts of organizational theory are discussed. F

3311 Management Information Systems. Study of the use of information technology to support and promote organizational goals. PRE: IST 3300.

3320 Project Management. Explores the dimensions and elements of project management; concepts, methodologies, strategies, and structures. Attention will be given to cost controls, teamwork, and quality management. Students may focus on general business project management or information technology. PRE: IST 2300. S

4306 Human Resource Management. Focuses on the strategic role of human resources management in an organization. Specific attention is given to recruitment, selection, training, development, and compensation of employees from a managerial viewpoint. PRE: junior or senior standing. B

(MIN) Ministry

2311 Mission of God. Introduction to missions, broadly construed as Missio Dei. Teaches that ministry, whether the ministry of preaching, shepherding, evangelizing, counseling, or scholarship, should be in service to the mission of God. Students will be reminded that bringing social justice and healing to a broken world is central to God’s mission in the world and should be central to each of our respective ministries. S

2322 Christian Spiritual Formation. Introduction to Christian spiritual formation traditions from the first to the twenty first century, with an emphasis on classical devotional literature, practices, and themes. PRE: Major, Junior standing. S

3301 Family and Congregational Dynamics. Study of the dynamics of family and congregational processes in light of family systems theory. Emphasizes the three families of the minister, relationships in staff and parenting, and implications for pastoral care. F

3303 Contemporary Issues in the Family. Study of current and relevant issues facing families in a post-
Christian culture. Theology of family, intergenerational realities, life cycle issues, and preventative planning. FO

3368 Intermediate Studies in Ministry. Supervised intermediate research and writing in a specific area of the ministry. Specific semester topics will appear on the transcript. PRE: permission of instructor. D

4090 Practicum. Supervised internship in student area of ministry, culminating in a final, written report. Recommended for summer completion with fall enrollment. F

4302 Preaching Biblical Genres. Application of varied preaching forms to a selected biblical book or genres. PRE: BIB 2303. S

4342 Christian Ministry. Designed to help biblical studies majors move from the academic world into various ministry settings. Introduction to aspects of pastoral counseling and leadership development. Instruction on practical ministry situations, including funerals, weddings, and conflict. S

4368 Advanced Studies in Ministry. Supervised advanced research and writing in a specific ministry area. Specific semester topics will appear on the transcript. PRE: permission of instructor. D

6062 Comprehensive Examination. Comprehensive, written examination for a graduate degree. To be taken during the last term.

6301 Family Ministry. Study of family development and functioning in light of family systems with emphasis on the church’s opportunity to minister in this context. D

6302 Hermeneutics. Study of the history of the application of hermeneutics to the biblical text with an emphasis on the current questions in biblical interpretation. FO

6303 Spiritual Formation. Study of Christian spirituality and the formation process rising from interaction with the Holy Spirit of God. Focuses on spiritual models, the spirituality of the minister, and the spiritual formation, which takes place through individual discipleship and in congregational settings. D

6304 Church Leadership. Study of church leadership focusing on personal leadership and congregational leadership. Attention will be given to the latest trends and models from administration, organization, and leadership theory. D

6305 Preaching. Principles and practices of homiletics with an emphasis on sermon preparation and delivery. D

6306 Advanced Preaching. Sermon development with emphasis on the study of expository, inductive, and narrative preaching. D

6307 Preaching Biblical Genres. Application of varied preaching forms to a selected book or genres of the Bible. D

6309 Christian Counseling. Application of counseling approaches to crisis situations in individual, family, and congregational life. D

6312 Studies in Ministry. Study and analysis of the latest trends and topics in ministry. D
6315  Advanced Studies in Youth and Family Ministry. Study of youth and family ministry in light of current research and cultural trends. D

6318  Church Growth. Study in evangelistic and congregational principles current with the latest literature addressing culture and congregation. D

6323  Family Systems. Introduction to the concepts of family systems theory with application of this theory to family, church, and ministry. D

6325  Campus Ministry. Study in the latest trends and developments in campus ministry with emphasis on outreach to university students. D

6328  Capstone and Comprehensive Examination. Capstone course where Master of Divinity students demonstrate achievement of program goals and objectives. Includes written assignments, oral presentations, and comprehensive examinations. D

6330  Internship I. Supervised internship in a specific ministry setting, including preparatory readings, practice in ministry skills, written reports, and ministry assessment. D

6360  Internship II. Supervised internship in a specific ministry setting outside of the minister’s primary ministry context, such as hospice, community outreach, pregnancy counseling center, hospital chaplaincy. Include preparatory readings, practice in ministry skills, written reports, and ministry assessment. SU

6390  Practicum in Family Ministry. Supervised practicum in a family ministry setting, including preparatory readings, practice in ministry skills, written reports, ministry assessment, and family life education. SU

(MIS) Missions

2311  Introduction to Missions. Introductory study of mission needs, principles, and practices, as well as the missionary’s life and work in the field. Foundational introductions on motivation for mission, message of mission, cultural adaptation, worldview, contextualization, church planting, and team relationships. F

2322  Missionary Anthropology. Culture, its different aspects, and how each component affects the identity of people in community. American culture will be examined in an effort to learn how to examine and understand other cultures. S

3302  The Gospel and Holistic Missions. Study of incarnational mission to the disenfranchised. Since biblical mission is holistic, contemporary mission efforts should include good news to the poor. Readings and discussions about topics in missions, such as sustainable community development, children at risk, refugees in conflict, community health, water development, "Farming God’s Way," microfinance, and advocacy and social justice as a means to "fleshing out" the gospel. SO

3303  Living Globally. Study of issues students will encounter living and working internationally. Deeper preparation for cultural, linguistic, ethical, and financial differences. Also provides guidance on how to promote personal and familial health and education, spiritual formation and nurturing, furlough strategies, and technology options for communication, reports, and education. FO
4304  Imaging God. Study of how the life of Christ informs the Christian mission. Exploration of the saving work of God in light of the Mission Dei, the mission of God through a consideration of gospel themes, primary Pauline epistles, and eschatology. Examines the role of the ecclesia in the missional application of these saving graces of God with an eye toward what this should look like in the 21st century. SE

4312  Mission Team Dynamics. Study and preparation related to specific mission team relationships and goals. Includes brief survey of important characteristics of successful teams, followed by extensive self diagnostics to discover strengths and areas for improvement in team dynamics. Emphases will include self-reflection, prayer, team projects, research and writing, and guest speakers. PRE: Instructor permission. FE

4090  Practicum. Supervised internship in a specific missions area. Includes preparatory readings, practice in ministry skills, cultural study, written reports, and final assessment. Recommended for summer completion, with formal fall enrollment and presentation to faculty. PRE: Senior standing or chair approval. D

6312  Missions. Analysis of the latest trends and topics in missions. D

(MUS) Music
1000  Piano Proficiency Test. Demonstration of piano proficiency after four consecutive semesters of piano private lessons. Must pass test prior to beginning student teaching. B

1105  Sight Singing and Ear Training I. Music literacy through ear training, sight-singing, and dictation, taken concurrently with MUS 1305 Elementary Music Theory. F

1106  Sight Singing and Ear Training II. Music literacy through ear training, sight-singing, and dictation, taken concurrently with MUS 1306 Elementary Music Theory II. S

1123  Class Piano I. Beginning piano for students not specializing in the instrument. Students will receive two one-hour class lessons each week. D

1124  Class Piano II. Continuation of 1123. PRE: 1123 or equivalent. D

1203  Language Diction I. Functional study of diction in English and Italian. Students will learn to use pronunciation guides, transcribe songs, and demonstrate their skills with languages by singing songs in these languages. FO

1204  Language Diction II. Functional study of diction in German and French. PRE: MUS 1203. SE

1208  Fundamentals of Music Theory. Introduction to music theory, focusing on the basics of pitch, rhythm, key signatures, scales, intervals and basic triads with basic piano skills necessary for proficiency in Elementary Music Theory. Actual requirement to be determined by placement exam administered at the beginning of the first semester of enrollment as a music major. F

1301  Music Literature. Survey of music literature from 1450-present. Required of all music majors. Also serves as an introductory course appropriate for anyone wishing to study music appreciation. Emphasizes music listening skills accompanied by historical information. S
1305  Elementary Music Theory I. Music theory consisting of part-writing, sight-singing, keyboard, and aural skills. F

1306  Elementary Music Theory II. Continuation of 1305. PRE: 1305, 1105. S

2105  Advanced Sight Singing and Ear Training I. Music literacy through ear training, sight-singing, and dictation, coinciding with MUS 2305 Advanced Music Theory, FO

2106  Advanced Sight Singing and Ear Training II. Music literacy through ear training, sight-singing, dictation, and transcription, coinciding with MUS 2306 Form, Analysis and Advanced Music Theory, SE

2129  Clarinet and Saxophone. Methods of woodwind performance practices, literature, and history while learning basic technique on the clarinet and saxophone. D

2130  High Brass. Methods of high brass performance practices, literature, and history while learning basic technique on the trumpet and french horn. D

2131  Low Brass. Methods of low brass performance practices, literature, and history while learning basic technique on trombone, euphonium, and tuba. D

2132  Percussion. Methods of percussion practices, literature, and history while learning basic technique on various percussion instruments. D

2133  String Methods. Methods of string performance practices, literature, and history while learning basic technique on violin, viola, cello, and bass.

2134  Flute and Double Reed. Methods of flute and double reed performance practices, literature, and history while learning basic technique on the flute, oboe, and bassoon. D

2139  Instrumental Methods for Vocal Majors. Study of teaching, playing, and care of string, woodwind, brass, and percussion instruments. Survey course intended for vocal music education majors. Must complete this course before enrolling in MUS 3230. FO

2305  Advanced Music Theory. Continuation of 1306. PRE: MUS 1306, 1106. F

2306  Form, Analysis and Advanced Music Theory. Continuation of 2305 with introduction to current techniques. Emphasis on form and analysis and taken concurrently with MUS 2106. S

3230  Orchestration. Ranges, transpositions, timbres, and individual characteristics of band and orchestra instruments through experience in scoring for small ensembles, full band, and orchestra. SO

3300  Survey of the Music of Worship. Change course description to: Equips students to serve in their churches as worship leaders, active participants of worship committees, or in other capacities pertaining to worship. Includes an overview of the history of church music, a study of the impact of music on a worship assembly, a discussion of Biblical criteria for music as a part of worship, and an overview of contemporary worship practices across the various Christian denominations. Specific expertise and experience in music is not required. D
3303  Music History I. Chronological study of music history and literature from classical antiquity to 1685. FE

3304  Music History II. Chronological study of music history and literature from 1685 to the present. SO

3305  Vocal Pedagogy. Survey of the vocal mechanism and the breathing apparatus and their interdependence. Teaching techniques in phonation, resonance, register, articulation, and breathing. Includes a study of the literature or standard operatic repertoire from the 17th-20th centuries from Italy, France, Germany, England, and the United States. SO

3306  Piano Literature. Chronological study of classical keyboard literature from the 18th-20th centuries, approached by style period, composer, and pedagogical value. D

3307  Piano Pedagogy. Review of current piano methods, observation of privately operated studios, class piano labs, and opportunities for practice teaching. D

3308  Marching Band Techniques. Methods and techniques of organizing and directing a school band program by focusing on history, planning, writing, and rehearsing of a marching band. D

4000  Senior Recital. Senior recital to be taken concurrently with the final semester of private instrumental or vocal study; provides an accompanist if needed, special lighting, recording, and programs for the senior recital. B

4105  Advanced Instrumental Conducting. Development of advanced conducting and rehearsal techniques for instrumental ensembles. Emphasis will be placed on the study of stylistic instrumental literature. Students will experience conducting live rehearsals in university ensembles. Ensemble membership required. PRE: MUS 4204. D

4106  Advanced Choral Conducting. Development of conducting and rehearsal techniques for choral or instrumental ensembles. Emphasis will be placed on the study of stylistic choral or instrumental literature. All students will gain experience conducting live rehearsals for active university ensembles. Ensemble membership required. PRE: MUS 4204. D

4204  General Conducting. Study of the development of basic skills for conducting musical organizations with practice in score reading and interpretation. PRE: MUS 1306, 1106. D

4311  Secondary Choral Methods. Study of choral teaching methods on the secondary level, with emphasis on choral literature, particularly those pieces on the UIL lists. D

4312  Secondary Instrumental Methods. Organizational skills, management techniques, and instructional methods necessary for maintenance of a large performance ensemble. D

4320  Elementary Music Methods. Basic elements of music with appropriate techniques for teaching children the principles of singing, playing, listening, and moving to music. F

4360  Senior Seminar. Prepares the music major for the state TExES test by providing a review of music theory, history, and literature. Guest speakers on jazz, folk music, 20th century styles and compositional techniques, electronic music, and musical theatre are included. Required of all music majors with or without Texas Educator Certification as the capstone course. The course must be completed with a
grade of at least 70 on the pre-TExES test before one is allowed to take the TExES test, student teach, or graduate with a degree in music. D

(MUS) Music Ensembles
1101, 1102, 2101, 2102, 3101, 3102, 4101, 4102 Chamber Singers. Open to majors and non-majors, subject to approval of director on the basis of vocal qualification, personal attributes, and balance of parts in the organization. B

1103, 1104, 2103, 2104, 3103, 3104, 4103, 4104 Praise Choir. Open to majors and non-majors, subject to approval of director on the basis of vocal qualification, personal attributes, and balance of parts in the organization. Fee for 1103, 2103, 3103, 4103 $60. B

1107, 1108, 2107, 2108, 3107, 3108, 4107, 4108 Symphonic Band. Open to majors and non-majors who play appropriate instruments adequately, subject to director's approval. B

1109, 1110, 2109, 2110, 3109, 3110, 4109, 4110 Chamber Ensemble. Open to majors and non-majors who play woodwind, string instruments or piano/harpsichord or other instruments, subject to audition and director approval. B

1135, 1136, 2135, 2136, 3135, 3136, 4135, 4136 Jazz Ensemble. Open to majors and non-majors who play appropriate instruments adequately, subject to director's approval. B

1137, 1138, 2137, 2138, 3137, 3138, 4137, 4138 Best Friends. Vocal ensemble open to all students, subject to audition and director approval. PRE: One year of University Chorus which can be taken concurrently in first year of Best Friends. B

1141, 1142, 2141, 2142, 3141, 3142, 4141, 4142 University Chorus. Open to majors and non-majors, for the purposes of improving the voice for both solo and choral singing. Fundamentals of proper singing technique will be emphasized, and appropriate literature will be performed in at least one concert per semester. B

1151, 1152, 2151, 2152, 3151, 3152, 4151, 4152 Forte. Vocal ensemble open to all students, subject to director approval. B

(MUS) Music Private Lessons
1111, 1112, 2111, 2112, 3111, 3112, 4111, 4112 Voice. One-credit hour private lessons courses include one 30-minute private lesson per week. One 30-minute private lesson per week. Fee $300. B

1211, 1212, 2211, 2212, 3211, 3212, 4211, 4212 Voice. Two-credit hour private lesson courses include one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

1113, 1114, 2113, 2114, 3113, 3114, 4113, 4114 Piano. One-credit hour private lessons courses include one 30-minute private lesson per week. Fee $300. B

1213, 1214, 2213, 2214, 3213, 3214, 4213, 4214 Piano. Two-credit hour private lesson course includes one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

1115, 1116, 2115, 2116, 3115, 3116, 4115, 4116 Guitar. One-credit hour private lessons course includes
one 30-minute private lesson per week. Fee $300. B

1215, 1216, 2215, 2216, 3215, 3216, 4215, 4216 Guitar. Two-credit hour private lesson course includes one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

1117, 1118, 2117, 2118, 3117, 3118, 4117, 4118 Strings. One-credit hour private lessons course includes one 30-minute private lesson per week. Fee $300. B

1217, 1218, 2217, 2218, 3217, 3218, 4217, 4218 Strings. Two-credit hour private lesson course includes one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

1119, 1120, 2119, 2120, 3119, 3120, 4119, 4120 Brass. One-credit hour private lessons course includes one 30-minute private lesson per week. Fee $300. B

1219, 1220, 2219, 2220, 3219, 3220, 4219, 4220 Brass. Two-credit hour private lesson course includes one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

1121, 1122, 2121, 2122, 3121, 3122, 4121, 4122 Woodwinds. One-credit hour private lessons course includes one 30-minute private lesson per week. Fee $300. B

1221, 1222, 2221, 2222, 3221, 3222, 4221, 4222 Woodwinds. Two-credit hour private lesson course includes one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

1125, 1126, 2125, 2126, 3125, 3126, 4125, 4126 Percussion. One-credit hour private lessons course includes one 30-minute private lesson per week. Fee $300. B

1225, 1226, 2225, 2226, 3225, 3226, 4225, 4226 Percussion. Two-credit hour private lesson course includes one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

1127, 1128, 2127, 2128, 3127, 3128, 4127, 4128 Harpsichord. One-credit hour private lessons course includes one 30-minute private lesson per week. Fee $300. B

1227, 1228, 2227, 2228, 3227, 3228, 4227, 4228 Harpsichord. Two-credit hour private lesson course includes one 1-hour private lesson per week. Reserved for music majors. Fee $450. B

(NRC) Natural Resources Ecology and Conservation

1300 Introduction to Wildlife Management. Introductory course dealing with factors involved in managing wildlife populations to benefit species and habitat from both an environmental and commercial perspective. F

2300 Environmental Systems. Principles of natural systems; ecosystems structure, function and management. S

2301 Natural Resources and Agriculture. Study of existing and emerging strategies for the compatibility of intensive production agriculture and stewardship of natural resources. Field trips will be required. F

3322 Natural Resources Policy, Regulation, and Compliance. Roles of governmental agencies, private organizations, and the public associated with the creation and implementation of natural resources
policies. Major themes include strategies for compliance and conflict resolution. SO

3323 General Ecology. Survey of ecological principles emphasizing the integral relationships of plants and animals. Field trips required. Fee $100. (2:3) F

3325 Aquatic Ecology and Conservation. Detailed study of the physical, chemical, and biological interactions that occur in aquatic environments. Past, present, and future threats to the natural functioning of aquatic environments is addressed. FO

3333 Geographic Information Systems. Introduction to geographic information systems software and applications. Emphasis placed on applications to natural resources management and conservation. D

4200 Senior Seminar. Seminar in natural resources ecology and conservation. S

4314 Conservation Biology. Detailed study of the fundamental principles governing biodiversity. Topics include extinction, colonization, genetic diversity, island biogeography, consequences of globalization, and the overall value of biodiversity. Students will explore the application of theory to contemporary practical conservation problems. SE

4330 Natural Resources Internship. Internship in natural resources. Y

4405 Wildlife and Fisheries Science. Scientific study of the ecology and management of fish and wildlife resources. Designed to provide students significant hands on experience with the techniques of fish and wildlife professionals. Major topics include sampling techniques, species identification, population assessment, data analysis, and interaction with the public. Fee $100. FE

(NUR) Nursing

3200 Introduction to BSN. Introduction to the concepts of baccalaureate nursing, including the validation process for diploma and associate degree nursing. Students are introduced to resources for degree completion. To be taken in semester of entry. Insurance Fee $65. Y

3214 History and Theory of Nursing. Emphasizes the historical development of the discipline of nursing, the integration of nursing theories into practice, and explores other ways of knowing as applied to the understanding of nursing practice. Y

3314 Trends and Issues in Professional Nursing. Explores and relates current trends and issues in nursing to health care in today’s society. Examine changes in health policies and systems. Y

4305 Community Health II. Application of concepts of prevention and population focused interventions to promote health. Participates in assessment and analysis of determinants of health within a population. Ninety practicum hours. Y

4311 Nursing Research. Explores the research process and its relevance to nursing practice. The primary focus is on the development of the student’s ability to be an effective consumer of research with emphasis on nursing theories and the research process. Y

4314 Leadership and Management I. Explores health care delivery systems and how they function, emphasizing first level leadership and management roles. Examine selected management theories and models and their relationship to nursing management. Y
4316  Leadership and Management II. Application of leadership principles in a variety of health care settings. Collaborating with other health care team members to promote safety and high quality nursing care. Ninety practicum hours. Y

4318  Professional Role Development. Explores nursing as a profession and the critical issues of professional nursing practice. The course is designed as the synthesis of prior knowledge toward pursuing practice excellence and to foster lifelong professional growth and development. Y

4320  Comparative Health Systems. Explore health care and health provider roles in other countries through on-location learning. Offers a historical perspective as well as the progression of health care and nursing roles in another country. Y

4403  Community Health I. Emphasize the social, spiritual, educational, and cultural factors that impact health care for individuals, families, communities, and populations. Examines roles of nurses in collaboration with other healthcare professionals to provide care within the community. Y

5101  Advanced Practice Nursing and Forensics: High Risk Populations. Provides the advanced practice nurse with information needed for prevention, assessment, identification, appropriate intervention, and resource referral for patients and families who are at risk for, or currently experiencing, abuse or neglect. F

5200  Introduction to Graduate Studies. Provides an orientation and introduction to graduate level study. A focus on electronic database searching and utilization of community-wide library resources, APA style and introduction to writing for publication, accessing and utilizing technology for online courses, and the professional portfolio will be initiated in this course. To be taken the semester of entry to the program. Insurance Fee $65. Y

5202  Family Nurse Practitioner Role, Leadership, and Theory. Examines the professional history and evolution of the family nurse practitioner. Discussion of legal parameters that govern advanced practice and the role of the nurse practitioner in providing cost-effective care. The fostering of a leadership role in collaborating with multiple stakeholders to improve health safety, accountability, and quality outcomes is emphasized, as well as, evaluation of nursing theories that are the foundation of the APN role. S

5204  Advanced Diagnostics and Procedures. Examine the appropriate use and interpretation of advanced diagnostic tests available to the nurse practitioner in primary care. Various invasive skills common to the primary care setting will be introduced allowing students the ability to develop a basic proficiency. S

5301  Education: Theories in Teaching and Learning. Teaching and learning principles and theories of adult learning and educational processes provide the foundation for this course. Scholarly inquiry into multiple dimensions of the role of professional educator and leader are examined. The management of educational activities, staff development, curriculum planning, design, and evaluation, and the facilitation of learning in a variety of settings are addressed. B

5302  Research and Statistical Methods. Provides practical skills to translate practice problems into researchable questions. Examination of quantitative and qualitative research methods, data collection, selection of measurements, and statistical analyses are considered. Students will develop a research proposal from significances to determination of the research plan. Fee $50. Y
5303 Education and Information Technology Applications. Study of theoretical and practical characteristics of technology integration strategies, including using instructional software, using technology media, and integrating technology into the curriculum or practice environment in the role of nurse educator or leader are explored. Y

5304 Management of Health Care Resources. Economic and resource management, financial planning and budgeting, reimbursement systems in health care, cost containment, spreadsheets and human resource management for the nurse in an advanced role of educator or leader/administrator across health care settings comprise the focus of this course. Y

5305 Nursing Theory. Examines historical and contemporary theoretical bases for advanced nursing practice. Analysis of selected models and theories from nursing and other disciplines are considered in the context of traditional, alternative, and complementary approaches to health promotion, disease prevention, and human responses to illness at the level of individual, family, and community. The concepts of person, health, environment, spirituality, and nursing are explored. B

5306 Global Culture and Health I. Travel to a selected country to experience the spiritual dimension of health care delivery, nursing education, and the role of nurses in a culturally diverse setting. The course offers a transcultural experience outside the U.S. Learning takes place through observation, experience, interaction, and critical thinking via on site visits and by reviewing current nursing and general literature. The course is designed to enhance the development of critical thinking and communication skills at on-site locations. University faculty and resource persons in the selected country will make arrangements for the desired experiences. Ninety practicum hours. Fee varies depending on global experience and costs associated with experience. Check with department prior to enrolling. Y

5307 Applying Best Practices in Community Health Care. Examines applications of research-based practices to policy and nursing care decisions and delivery at the organizational, community, state, and national level. Research applications of solving practical organizational and system problems, quality and outcome indicators, reducing medical errors to produce a safer health care system with a major emphasis on community is the focus of this course. Students will propose a grant or quality improvement plan to improve a practice issue in the workplace. Ninety practicum hours. Y

5308 Global Culture and Health II. Travel to a selected country to experience the spiritual dimension of health care delivery, nursing education, and the role of nurses in a culturally diverse setting. The course offers a transcultural experience outside the U.S. Learning takes place through observation, experience, interaction, and critical thinking via on site visits and by reviewing current nursing and general literature. The course is designed to enhance the development of critical thinking and communication skills at on-site locations. University faculty and resource persons in the selected country will make arrangements for the desired experiences. Ninety practicum hours. Fee varies depending on global experience and costs associated with experience. Check with department prior to enrolling. Y

5309 Leadership and Management. Focuses on the analysis, application, and integration of 21st century leadership and management skills into the behavior of the nurse in the role of educator and leader. Practical organizational and problem-solving skills, resource management and development, collaboration, team building, and effective communication are emphasized. Y

5310 Education/Leadership Practicum. Application of program course work occurs in this capstone course in which students participate in field experience with a preceptor where they practice in the advanced role of nursing educator and leader in a selected field experience. Within the didactic sessions...
for this course, particular attention is given to the discussion of Best Practices in Education and Leadership. The course culminates in the presentation of the professional portfolio. Ninety practicum hours. Y

5311  Professional Issues: Law and Ethics. Examines the professional, ethical, legal, political, and social dimensions of developing an identity as an advanced practice nurse within the context of nursing practice, institutional, and community environments. Issues of health disparity, cultural diversity, and the health needs of underserved populations are examined. Further areas of consideration will include professional standards and certification, code of ethics, bioethical issues, confidentiality, plagiarism, and liability, regulatory, and collective bargaining considerations. Y

5312  Advanced Physiology/Pathophysiology. Overview of advanced concepts related to normal and abnormal body functioning. The primary focus is on in-depth and current understanding of disease processes across the lifespan integrating risk factors for disease in various populations. F

5313  Pharmacotherapeutics. Focuses on the clinical application of pharmacology needed in the provision of advanced practice nursing. The emphasis is on drugs commonly used in the family practice of ambulatory primary health care setting for the treatment of acute and chronic disease, and on the integration of drug therapy as one component of therapeutic management plans. The application of the principles of pharmacodynamics and pharmacokinetics to clinical use of drugs will be explored, including therapeutic dosage patterns, side effects, drug interactions, contraindications. F

5334  Advanced Health Assessment. Includes 90 clinical hours. Provides student with ability to expand their knowledge and skills in performing a comprehensive health assessment of patients across the lifespan. Emphasis placed on utilizing thorough assessment to distinguish normal and abnormal variants in health, guide health promotion activities, and identify the need for patient-specific disease prevention interventions. Fee: $984. S

5338  Advanced Nursing Care: Pediatric. Focuses on the appropriate diagnosis, management, and prevention of common acute and chronic illnesses specific to the pediatric population. Human growth and development, holistic, and spiritual concepts will be incorporated. SU

5341  Advanced Nursing Care: Adult/Geriatric. Focuses on the appropriate diagnosis, management, and prevention of common acute and chronic illnesses specific to the adult and geriatric populations. Human growth and development, holistic, and spiritual concepts will be examined. F

5344  Advanced Nursing Care: Women/Prenatal Primary Care. Includes 90 clinical hours. Application of advanced health assessment skills, identification of abnormalities in health, interpreting diagnostic findings, improving communication skills, formulating a diagnosis and plan of care, and implementing preventative and health promotion education in a focused practice environment. S

5361  Interpersonal and Counseling Skills in Human and Organizational Behavior. Provides an introduction to understanding and developing effective interpersonal communication skills and relationships in the role of educator and leader/administrator. The processes, principles, and techniques associated with counseling the individual and groups, negotiating, grievance, stress management, and group dynamics are explored in this course. Conflict and conflict resolution, interviewing, listening, and group leadership skills are examined. SU

5640  Clinical Practicum: Primary Care Pediatrics. Includes 270 clinical hours. Application of concepts
presented in Advanced Nursing Care with focus on refining health assessment skills, identifying abnormalities in health, interpreting diagnostic findings, improving communication skills, formulating a diagnosis and evidenced-based plan of care, and implementing preventative and health promotion education in culturally diverse populations. S

5643  Clinical Practicum: Primary Care Adult/Geriatric. Includes 270 clinical hours. Application of concepts presented in Advanced Nursing Care with focus on refining health assessment skills, identifying abnormalities in health, interpreting diagnostic findings, improving communication skills, formulating a diagnosis and plan of care, and implementing preventative and health promotion education in culturally diverse populations. F

6300  Evidence-Based Project. Culmination of program course work occurs in this course in which students participate in a community based field experience reflecting the role of the family nurse practitioner. Pending faculty approval, each student will develop and present an evidence-based project based on the needs of an identified population. This course is the capstone practicum experience for the family nurse practitioner track. S

(PFP) Personal Financial Planning

3300  Financial Stewardship. Personal finances from the perspective of becoming a responsible steward. Topics covered will include budgeting, savings, investing, giving, and managing money. PRE: FIN 2301. Fee $100. F

3310  Retirement Planning. Foundational course in retirement planning. PRE: FIN 2301. S

3320  Insurance Planning, Risk Management, and Employee Benefits. Fundamentals of risk management and insurance, including the nature and treatment of pure loss exposures; legal principles; and property, liability, life and health insurance. PRE: FIN 2301 and FIN 3300. F

4310  Estate Planning and Taxation. Foundational course in estate planning methodologies and policies related to tax issues. PRE: FIN 2301 and ACC 4305. SO

4320  Securities Analysis and Asset Allocation. Focuses on the theory and practice of asset allocation. Topics covered include setting investment goals, risk tolerance, diversification and risk reduction, basic security valuation and analysis, capital markets, investment alternatives, and fundamentals of portfolio design. PRE: FIN 2301 and FIN 4309. SO

4380  Case Studies in Financial Planning. Integrates the financial planning content areas into the development of comprehensive financial plans. PRE: FIN 2301 and PFP 4320 or concurrent enrollment in PFP 4320. D

(PhI) Philosophy

2304  Introduction to Philosophy. Introduction to philosophy and a review of the history of Western thought. Course considers the nature of knowledge, truth, worldview, and the use of rhetoric in philosophy. SE

3303  Plato. Introduction to the Republic, the seminal work in the Western tradition, as an introduction to Platonism and to all the familiar themes of Western philosophy, and particularly justice, government, and political philosophy. FE
3304 Augustine and Aquinas. Advanced introduction to the thought and influence of the two major Christian thinkers in medieval Western history. Students will engage Augustine’s Confessions and City of God, and selected portions of Aquinas’ Summa Theological, with a view to the thinkers’ influence on Western philosophy and theology. SE

3305 Ethics. Study of ethical theory from the perspectives of philosophy and Christian theology, with an emphasis on application to contemporary issues in medicine, business, politics, and society. B

3310 Aristotle’s Ethics. Introduction to the classic work in Western ethics, including understanding Aristotle’s originary concern with phenomena and terms, like ethics—we now, following him, take for granted, virtue, character, morals, the good, and the truly or fully human life, with emphasis on development of our own character, excellence, and happiness. FO

4306 Philosophy of Religion. Study of religious knowledge and experience, faith and reason, the concept and arguments for God, and the problem of evil. FE

6312 Studies in Philosophy. Examination of key philosophies and philosophers with an emphasis on the Classical Western Philosopher tradition. D

(PHY) Physics
1103 General Physics I Lab. Experiments in mechanics and wave motion. CO: PHY 1303. F

1104 General Physics II Lab. Electricity and optics. CO: PHY 1304. S

2101 Engineering Physics I Lab. Mechanics, wave motion. CO: PHY 2301. F

2102 Engineering Physics II Lab. Optics, electricity, and magnetism. CO: PHY 2302. S

1303 General Physics I. Non-calculus introduction for science majors other than those in physics, chemistry, or engineering. Covers mechanics and wave motion. PRE: MAT1311 or more advanced. CO: PHY 1103. F

1304 General Physics II. Primarily electricity, magnetism, and optics. CO: PHY 1104. S

2301 Engineering Physics I. Calculus-based course for students in physics, chemistry, engineering, and mathematics. Includes mechanics, thermodynamics, and wave motion. CO: PHY 2101. F

2302 Engineering Physics II. Optics, electricity, magnetism, and some nuclear physics. CO: PHY 2102. S

(PSY) Psychology
1300 General Psychology. Introductory course concerning the major theories and recent research in the broad field of psychology. B

2310 Lifespan Human Development. Physical and psychological development of the individual from infancy through adulthood. B

2340 Psychology of Diversity. Survey of the nature and characteristics of diverse populations from a historical perspective and current perspective. In addition, insight and understanding of social
relationships in a culturally diverse society are examined. B

3300 Child and Adolescent Development. Study of physical, intellectual, social, and psychological development from birth through adolescence. Does not count toward the major. B

3301 Introduction to Counseling Professions. Introduction to the practices of psychologists, professional counselors, and marriage and family therapists. In addition to training in basic helping and interviewing skills, this course will survey career opportunities, ethical issues, and professional issues associated with the various helping professions. F

3302 Counseling Theories and Techniques. Study of the major models and theories of psychotherapy. Special attention will be given to developing basic therapeutic skills associated with these theories. PRE: PSY 1300. S

3303 Abnormal Psychology. Study of the etiology and the nature of individual abnormalities. Some attention is given to the measurement and therapy of various abnormalities. B

3304 Adolescent Psychology. Application of developmental theory and cultural contexts to the understanding of persons in transition to adulthood. Does not count toward the major. S

3310 Psychological Statistics. Introduction to descriptive and inferential statistics from the T test to Chi square. Includes introduction to analysis of variance, multiple regression, and non-parametric techniques. Fee $50. B

3315 Ethics in the Helping Professions. Focuses on the professional practices and ethics in the helping profession as well as the legal aspects of providing professional services in helping professions. Students learn to manage themselves and their professional practice to be both legal and ethical. F

3320 Social Research Methods. Introduction to the major steps of scientific inquiry into social relations. Emphasis will be placed on survey design and analysis. PRE: PSY 1300 or SWK 2300. S

3322 Gender and Sexuality. Human gender and sexuality from a life cycle perspective, with an emphasis on developmental, familial, and societal factors that influence gender and sexuality. S

3324 Marital and Family Therapy. Introduction to the major models of marriage and family relations, dysfunctions and techniques of intervention. S

3326 Crisis Intervention. Study of crisis situations in multiple settings with emphasis on appropriate behaviors and responses to crisis. Applied therapeutic counseling in general and crisis intervention specifically are presented, along with strategies to alleviate crisis and deal with crisis aftermath. S

3327 Physiological Psychology. Introduction to the nervous system, brain and behavior, neuroanatomy, genetics, neurological basis of learning, cognition, sensation, memory, motivation, and abnormal behavior. D

3350 Psychology of Aging. Theory and research on aging, covering demographic, sociocultural, economic, individual, and social factors. S

3381 Social Psychology. Study of the impact of society and the individual’s effect on significant and social institutions. F
4302  Theories of Personality. Introduction to the theories and methods of the study of personality, with emphasis upon the dynamics of personality development. PRE: PSY 1300 or consent of professor. B

4304  Psychological Testing. Provides means of securing, recording, and using test data concerning individuals and groups. Emphasis is given to practical experience in using tests, inventories, and other devices for psychological measurement. PRE: PSY 1300. S

4305  Experimental Psychology. Survey of experimental methods employed in the study of human behavior. Special attention is given to the sensory systems, perception, and learning. Required laboratory is graded with the course. F

4307  Learning, Cognition and Emotion. Study of the principles of learning, cognition and emotion, and their applications to the understanding of human development and personality. PRE: PSY 1300. F

4321  Forensic Psychology. Study of the intersection of crime, law, and psychology. Emphasis will be placed on understanding how abnormal behavior is treated in the judicial system, as well as civil commitment and criminal competencies. F

4322  Drugs, Alcohol, and Behavior. Survey of psychological factors involved in drug use and an introduction to chemotherapy used in treatment of mental illness. S

4390  Practicum. Participation in a departmentally approved structured and supervised setting to give an introductory experience to the field of psychology. Each student participating in a field experience MUST purchase professional liability insurance through the university. Students who are not psychology majors may take the course with departmental approval. Course may be repeated for credit with departmental approval. Students in this course will be encouraged to become members in a professional behavioral science organization such as ACA, NCFR, APA, or AACA. Fee $300. B

(REA) Reading
3330  Literacy and the Young Child. Developmentally appropriate techniques and materials designed to assist young children in pre-reading and the transition to beginning reading. Includes field experience. B

3340  The Reading Writing Connection. Theories and strategies for developing communication skills and reasoning abilities. Emphasis will be on the integration and application of listening, speaking, writing, and thinking skills throughout the curriculum. Students will spend a minimum of 12 clock-hours observing and teaching in an elementary/middle school setting. B

4350  Practical Applications to Reading. Organization and use of content, learning experiences, and resources for teaching reading in the elementary school. B

4360  Reading Across the Curriculum/Practicum. Theories and strategies for teaching and integrating reading strategies throughout the elementary/middle school curriculum. Emphasis will be placed on developing and delivering a one-week content area unit. Students will spend a minimum of 10 clock hours in their assigned classroom before beginning the unit. B

(REL) Religion and Theology
3301  World Religions. Study of the history, literature, and practices of the living major world religions.
3311 Topics in Theology. Examine theological thinking, types of theology, and important theological issues. F

3312 Syro-Palestinian Archeology. Dynamics of the interplay of history, religion, and culture through the philosophy and science of Near Eastern archaeology. Students encounter concepts of worldview, morality, religion, and culture. D

3368 Intermediate Studies in Religion/Theology. Supervised intermediate research and writing in a specific religion or theology area. Specific semester topics will appear on the transcript. PRE: permission of instructor. D

6301 World Religions. Study of the major world religions (Hinduism, Buddhism, Judaism, Islam, and Christianity), using historical, sociological, phenomenological, and comparative theological methodologies. While all religions are studies, specific emphases may be given to certain regions, religious subsets, themes, and/or teachings. D

6312 Studies in Theology. Analysis of specific theological trends and current religious thought. D

6333 Ethics. Study of ethical decision making with an emphasis on the historical development of ethical and Christian thought. D

6334 Christian History and Theology I. Study of major events, people, and historical and theological developments in Christian history ranging from the emergence of the Christian church reflected in the New Testament to the late Medieval period. D

6335 Christian History and Theology II. Study of major events, people, and historical and theological developments in Christian history ranging from the 16th century period of Reformations to the contemporary setting. D

(SOC) Sociology
1300 General Sociology. General introduction to sociology, including the relationships of the individual to the society and culture of which the person is a part. B

3301 Criminology. Overview of the major criminological perspectives and an examination of the social, political, and intellectual milieu within which each developed. The course focuses on the multi-disciplinary nature of criminological thought. F

3302 Juvenile Delinquency. Adjustment of youths as they take on the roles and statuses culturally defined for their age group; emphasis on causation, treatment, and prevention of juvenile delinquency; sociological principles for working with youth. Delinquency is reviewed as a form of deviant behavior. S

3322 Social Deviance. Psychological and sociological aspects of socially deviant behavior; theoretical overviews and implications for social control and social policy. S

3323 Family Violence. Theoretical issues, both past and present, regarding family violence in order to provide the student with an understanding of the salient issues. In addition, attention will be given to the impact family violence has on the victim and society, legal aspects of family violence, key factors
associated with recognition of family violence, and pertinent research focusing on the subject. F

**SWK) Social Work**

2300 Introduction to Social Work. Introduction to social work, including a definition of the term itself, a look at the history of social welfare, and a review of the knowledge, values, and skills required of the social work professional. A description of various social work services is provided by speakers from several agencies in the community. B

2320 Social Justice. Analysis of social injustices in contemporary society and an examination of possible policy changes to alleviate the injustices. Designed for both social work and other majors. Y

2340 Diversity. Overview of diverse populations. Insight and understanding of social relationships in a culturally diverse society are examined. Cultural competency in social work is emphasized. Y

3301 Generalist Practice with Individuals and Families. Study of the values, skills, knowledge, and ethics needed for generalist social work practice with individuals and families. B

3302 Generalist Practice with Communities and Organizations. Study of the skills, knowledge, and ethics needed for generalist social work practice with organizations, communities, and society. B

3303 Generalist Practice with Groups. Study of the skills, knowledge, and ethics needed for generalist social work practice with small groups. B

3304 Social Welfare Policy. Foundation for ethical decision making in social work practice. Theoretical perspectives and models on ethical decision-making, professional ethics, ethical dilemmas, and values are explored. Expectations for professional behavior in the field of social work are emphasized. B

3306 Social Work Ethics and Professional Behavior. Provides a foundation for ethical decision making in social work practice. Theoretical perspectives and models on ethical decision making, professional ethics, ethical dilemmas and values are explored. Expectations for professional behavior in the field of social work are emphasized. B

3310 Statistics. Introduction to descriptive and inferential statistics from the T test to Chi square. Also includes introduction to analysis of variance, multiple regression, and non-parametric techniques. Fee $50. S,SU

3311 Human Behavior in the Social Environment. Examination of the biological, psychological, sociological, and theoretical perspectives of the lifespan. Attention given to individuals, groups, organizations, and communities. Includes emphasis on diversity, culture, systems, ecological theory, strengths perspective, and empowerment. B

3313 Interventions with Older Adults. Examines older persons and their social service needs. Special attention given to social work practice with elderly and their social service, family and community needs. SU

3314 Family and Community Violence. Examines community, school, family, and workplace violence, including identification, classification, prevention, and case management. Encompasses the enormity of violence through a comprehensive, biophysical perspective. SU

https://lcu.edu/majors-programs/catalog/full-catalog.typopdf
3315  Social Work in Criminal Justice Settings. Provides an overview of the criminal justice system and forensic social work. Explores broader perspectives that have guided and shaped policy in criminal justice, historical trends in criminal justice, and current issues being dealt with at all levels of the criminal justice system. Addresses effective social work practice with juveniles and adults in the community and institutional settings. Emphasis placed on the role of the social work practitioner in the supervision, treatment, and rehabilitation of the population they serve. D

3316  International Social Work. Study of international social work profession and global social issues. D

3320  Social Research Methods. Introduction to the major steps of scientific inquiry into social realities. Emphasis will be placed on survey design and analysis as well as evaluating one’s own practice. F,SU

3330  Maladaptive Functioning. Study of the etiology and the nature of mental health disorders. Special attention is given to generalist social work processes in relation to social functioning. B

4610  Field I. Field work in an agency under supervision for 200 clock hours. Focus is on integration of knowledge with actual social work experience. PRE: 2.5 GPA in SWK 3301, 3302, 3303. B

4620  Field II. Field work in an agency under supervision for 200 clock hours. Focus is on integration of knowledge and actual social work experience. PRE: 2.5 GPA in SWK 3301, 3302, 3303, completion of or concurrent enrollment in SWK 4610. B

(THA) Theatre Arts

1161  Theatre Activities I: Scenery and Properties. Extensive participation in theatre activities in construction of scenery and of properties. F

1162  Theatre Activities II: Lighting and Sound. Extensive participation in theatre activities in setting and running lighting and sound cues for a production. S

1361  Introduction to Acting. Study of basic theories and techniques of the art of acting, with emphasis on character analysis and improvisation. F

2161  Stage Makeup. Learning to design and apply makeup for a theatrical production. F

2302  Principles of Acting. Study and application of the theories and techniques of the art of acting. PRE: THA 1361. S

3301  Principles of Theatrical Scenery. Study of technical problems of play production: design, construction, and painting of scenery and properties and special effects. FO

3304  Principles of Theatrical Lighting. Study of the theory and practice of theatrical stage lighting: elementary electricity, lighting control and instruments, and lighting design. SE

3305  Principles of Theatrical Costumes. Study and application of the theories and techniques of theatrical costuming: survey of historical dress, design for the stage, and construction of theatrical clothing. FE

4301  Stage Directing Methods. Study and practice of fundamental principles and techniques of
directing, including student direction of representative plays. PRE: Junior standing, THA 2302, 3301, 3304 and 3305. FE

4304 History of Theatre I. Survey of the history of theatre—the origins of theatre to 1800. SO

4305 History of Theatre II. Survey of the history of theatre, 1800 to the present—Contemporary Theatre. SE

4324 Studies in Shakespeare. Analysis of the development of Shakespeare’s art and thought as viewed through his better known plays. SO

4326 Literature and the Film. Review of film theory, film history, and the development of film making, with an emphasis on criticism of filmed adaptations of significant works of literature. S

4365 Creative Dramatics. Studies in the principles and methods of using creative dramatics teaching elementary school subjects. F

4368 Play Direction. Study and practice of basic principles and techniques that deal with choosing, casting, and staging a play. PRE: Junior standing and consent of the instructor. SO

(UGR) Undergraduate Research

2188, 3188, 4188, 2288, 3288, 4288, 2388, 3388, 4388, 2488, 3488, 4488, 2688, 3688, 4688 Undergraduate Research. Undergraduate research supervised by academic department. Undergraduate research for credit must not be directly associated with other course requirements. Undergraduate research may, at the discretion of the academic chair, be added to the degree plan increasing the total hours required to complete the degree. A maximum of 6 undergraduate research credit hours may be earned. PRE: approval of academic chair. D

(UNI) University Studies

1170 University Seminar. Introduction to an academic field. Provide assistance in transition into a major program. B

2000 University Skills. Measures college-level core competencies necessary for success in upper level course work. PRE: Completion of general core. B

(WSH) Washington Internship

4660, 4960 Washington Internship. Internship in Washington, D.C. Significant fee applies, some of which may be offset by funded scholarship. PRE: Permission of Washington Program Director. D

(YFM) Youth and Family Ministry

2311 Foundations of Youth and Family Ministry. Introduces students to the world of youth and family ministry and contemporary influences on, and ways to approach, ever-changing youth culture. F

2324 Strategic Issues of Youth and Family Ministry. Explores the pragmatic side of youth and family ministry by considering strategic issues like programming, event planning, youth culture, personal ministry, and other issues necessary for developing effective ministers to youth and their families. S
2326 Children's Ministry. Explores pragmatic side of ministry to children and their families by considering strategic issues of program management, faith development in children, ministry to self, and other issues leading to the development of effective ministers to children and their families. S

3303 Adolescent Spiritual Formation. Study and consideration of the spiritual formation of adolescents in light of theological, psychological, sociological, and cultural realities. Considers age appropriate spiritual disciplines and prepares to direct adolescents in their relationships with God. FE

4090 Practicum. Supervised internship in student area of ministry, culminating in a final, written report. Recommended for summer completion with fall enrollment. F

4311 Studies in Youth and Family Ministry. Essential classic and contemporary readings and activities in the field. D

4322 Advanced Youth and Family Ministry. Academic culmination of the YFM specialization. Students will develop an integrative and implementable model of youth ministry in the context of family programming. S
